Karnes Sentenced To 15 Years for The Dalles Assault

The Dalles —(U.P.)— Albert William Karnes, 24-year-old Astoria, Ore., laborer, pleaded guilty Wednesday to a charge of burglary and assault and was sentenced to a maximum term of 15 years in the Oregon State Penitentiary.

Karnes has admitted the ax murder of 81-year-old Mrs. Susan Litchfield at Salem June 7. He will be held at the state prison until his murder trial opens in Marion county Circuit Court. Circuit Judge Malcolm W. Wilkinson handed down the 15-year term for Karnes' admitted burglary and assault with a hammer on Mrs. Ben Callaway of The Dalles June 10.

Mrs. Callaway was released from The Dalles hospital after recovering from a skull fracture resulting from Karnes' attack.

Dependent Children Aid Decreases Here Welfare Group Told

Aid to dependent children decreased between May, 1951, and last month, with a \$4,500 saving to taxpayers, Mrs. Blanche D. Lyman, administrator of the Jackson County Public Welfare commission, reported at the commission's monthly meeting Tuesday. In May, 1951, 435 youngsters were aided; 343 were helped last month.

This was also a decrease from the number of dependent children receiving aid in April, a total of 360. Mrs. Lyman expects the number of cases to drop even more in July, due to a new law and a state ruling, both effective July 1.

Support Act Effective
The Reciprocal Support act, passed by 44 states including Oregon, requires Public Welfare commissions to refer every case of abandonment or desertion of a child to the district attorney. The deserting parent may then be arrested in any of the 44 states and tried in that state without extradition costs.

The state ruling makes all children from 14 to 17 years of age ineligible to receive grants during the summer unless they are physically or mentally incapable. Consideration of grant renewal will be given the 79 children affected next September. Mrs. Lyman said the ruling was passed under the assumption that these children would be able to get summer work. However, some 14 to 16 year old girls are having difficulties in finding employment, she said.

Can Trace Deserters
With the Reciprocal Support act in effect, the deserting parent may be traced more easily than before, for the district attorney will have information about him on hand. Other states will be notified, and it will cost this state nothing to have him arrested. Formerly the extradition costs were so high that little was done to apprehend many deserters, and consequently there were more cases of abandonment.

about one-fifth of last month's cases from receiving aid.

The largest number of persons ever to receive medical assistance from the general assistance program in Jackson County were helped by the Public Welfare commission in May, Mrs. Lyman said, at a cost of \$8,170.98 for 150 persons. Mrs. Lyman said that the high cost was partly because hospital care went up May 1 from \$10.50 to \$12.00 and \$12.50 per day, in addition to other factors.

GA Costs Rise
Although the number of general assistance cases dropped only one from April to May, the cost rose about \$8,000, due mostly to increased medical care costs.

Foster home cases stayed the same for the two months. Mrs. Lyman feels that there will be an increase in these cases this summer, since Frank Swacki is quitting his position as a probation officer for the juvenile court department, which works with families to try to keep the foster home cases to a minimum.

Old age assistance followed the state trend, with a three per cent decrease in the number of cases and a three per cent increase in cost from May, 1951, to May, 1952. This is due to higher rents and medical costs in Jackson county.

Ellsworth's Measure Will Bring Study in Indian Land Sales

Washington — (U.P.) — A congressional investigation of the Bureau of Indian Affairs and its Portland office was pending Thursday as the result of a measure introduced in Congress by Rep. Harris Ellsworth.

Earlier Proposals Combined

The Oregon Republican's resolution combined the features of two earlier proposals. Ellsworth originally sponsored a bill asking the House Interior and Insular Affairs committee to study Indian bureau land sales to determine if changes in the law should not be made.

An Ohio Republican, Rep. Frank T. Bow, had introduced a bill to determine if certain Indian tribes should not be completely freed of federal control. Ellsworth's combined bill calls for the committee to investigate the manner in which the Bureau of Indian Affairs had carried out its obligation of trust toward the thousands of Indians

Land Sales Check Asked

The resolution specifically asks for a check on land sales through the Portland area office of the bureau. It also recommends criminal action be taken if statutory violations are found. Alleged irregularities in the Portland bureau came to light recently in a federal suit to void a land sale at Gold Beach on the

grounds of fraud. The trust lands sale was approved by the bureau.
