Your Car Safely Road-tested

without leaving our floor

How your car performs on steep grades... over fast highways... in heavy traffic, depends on the horsepower output. Only on the dynamometer can the horsepower of your car be measured while in operation under road driving conditions. Without leaving our service floor, we road-test your car before and after service to make sure you receive the improved performance you are paying for. You save time and money because scientific "trouble-shooting" on the dynamometer eliminates guesswork in determining the labor and parts needed.

On The Side

(Distributed by King Features Syndicate, Inc.)

My only star,
Why are your dear eyes,
Where all my life's peace lies,
With me at war?
Why to my ruin lending,
Do they still lighten woe
On him that loves you, so
That all his thoughts in you
Have birth and ending?
—DAVIDSON

For years and years references to a woman as being "a natural blonde" or "a natural red-head" have been common. Nothing was ever said about a brunet in this connection. Recently I have noted several references to "a natural brunet." Seems the number of blondes and red-heads who are switching to dark hair is increasing so greatly that the real McCoy brunets feel they should defend themselves. Why do so many blondes and red-heads want to be brunets? On that our "Horses and Women" experts have been trying to check with no success.

Truck and Trash

Have you a garret? Anything stored there? Have you any relatives who have a garret? Anyway, there is a book titled "Treasures in Truck and Trash" by Morgan Towne. This book reveals how cash may be acquired for old magazines, newspapers, dishes, toys, furniture, etc., that might lie forgotten in a garret. Tells where you can sell the stuff, what you might get for it, etc. I believe a fellow after studying this book could travel around the country visiting old houses and pick up things at bargain prices which he might sell at quite a profit.

Horses and Women

An extremely important factor in facial appearance is the nose. Many a woman would be a raving beauty were it not for the shape of her nose. Quite a few beautiful women, some of them celebrities, were not good looking until their noses were altered by plastic surgery. The general belief is that nose and face lifting operations by plastic surgery are only within reach of the wealthy. That is not so. While expensive, they are not prohibitive for persons in moderate circumstances. The important thing is to get the right sur-

geon. No chances should be taken with one who is not highly recommended by your physician or the American Medical association.

Asking

Queries from Clients: Q. What card is called the "Curse of Scotland." A. The nine of diamonds. However, there is a wide variety of opinion as to why it is so styled. Q. Was Adeline Genee, who starred in the musical show "The Soul Kiss," an opera singer or a ballet dancer? A. Her specialty was the ballet. She had been a prima ballerina in Denmark.

Dogs Again

The number of Manhattan hotels that welcomes dogs is rapidly decreasing. But they are still welcome at the Plaza which is one of the finest hotels in the world. That has been the policy of the Plaza since it opened in 1907. Incidentally, the Plaza cost \$17,000,000 to build when the buying power of the dollar was three times what it is today. The first man to register at the Plaza was Alfred G. Vanderbilt, second was George Jay Gould, third was none other than John W. "Bet a Million" Gates, and they all had their dogs with them. Our amiable spryger, Timmy, has frequently stayed at the Plaza. He is very popular there. Every time we pass that hotel he stops, looks up at me as much as to say: "How about going in and seeing the folks?" A remarkable animal.

Almost Confidential

In Great Britain it is against the law for a divorced man to marry his sister-in-law while his ex-wife is living. Same is true of a divorced woman and a brother-in-law. . . . Oakland, Calif., subscriber says film stars are not the only ones who look 20 years younger than their age. She says she is over fifty, looks thirty, has four ardent admirers, and has had 13 proposals of marriage in a year. She adds: "I've been a widow ten years and enjoy it so much I don't want to get married yet."

Passing By

John Golden. Dean of theatrical producers. His first production was "The Candy Shop," a musical that was a smash hit in 1909. Billy Rock and Maude Fulton were the stars. John was also a song writer. He wrote "Poor Butterfly." A great ditty, but like "Dardanella." "The Merry Widow Waltz" and "The Music Goes Round and Round." It was sung so much that finally a long suffering public thought there should be a law against playing it.

More Than 45,000 Vets Bonus Checks Mailed in Oregon

Salem—(U.P.)—The bonus division of the State Department of Veterans' Affairs has mailed out some 45,000 payments to veterans of World War II or their next of kin. Hub Saalfeld, head of the division, said Tuesday. Saalfeld said payments will continue now at the rate of about 1500 a day or 7500 a week because the division has caught up with the backlog of checks written by the secretary of state's office. And that office can write the checks at the rate of only about 1500 a day because each check must be run through the protograph.

Saalfeld said an unknown number of veterans received the wrong bonus checks. He said: "It's one of those things that just happen when you're running thousands of bonus checks through a machine. We urge every veteran who received the payment of someone else to return the check to the bonus division in Salem at once. We will then see that the veteran gets his correct check."

BREAD AVAILABLE
Portland — (U.P.) — Bread supplies were reported near normal Tuesday after the AFL bakers returned to work at wholesale plants but prices generally were up one cent, both for small and large loaves.

Phoenix Group Protests Increase Of \$300 in Police Chief Salary

Phoenix—About 75 people appeared last night at a public hearing in the Phoenix Community club hall concerning the city budget election which is being held today in the city hall until 8 o'clock this evening.

The principal objection raised by those attending to the proposed budget, which is \$10,370.91 over the six per cent increase limitation, was the fact that the budget calls for the police chief's salary to be upped by \$300 a year to \$3,900.

After discussion lasting several hours on this point, the council and citizen's budget committee agreed with the group opposing the salary increase to have a representative meet with the council at the next meeting and help in the selection of a new police chief. "If the council

can find a man to take the job for \$3,600, the present salary," providing the group will support the passage of the rest of the budget.

The position of police chief will be vacant on July 1 when Curt Fisher, present chief, will resign from the post.

The council had previously stated that it will lose its fire truck which is bought on a lease basis and other functions if the excess money over the limitation is not granted by the people. The allowable amount within the limitation is \$285.29 an increase over 1951-52 of only \$18.15.

Stops Laxatives

regains youthful regularity

"For thirty years, I took so many kinds of pills and laxatives to relieve constipation. Since I started eating ALL-BRAN every day, those troubles are over," says busy Bethany, Mo., woman. If you, too, suffer from irregularity due to lack of dietary bulk, try toasty ALL-BRAN. It's helped thousands to regain youthful regularity. Rich in iron, high in cereal protein, provides essential B and D vitamins. Not habit-forming. It's the only type ready-to-eat cereal that supplies all the bulk you may need. Eat ½ cup every day; drink plenty of liquids. If you're not completely satisfied after 10 days, send empty carton to Kellogg's, Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK!
