American Legion Nine Will Travel To Myrtle Creek

The Medford American Legion junior baseball nine will see action again this week-end with a double bill on Sunday afternoon at Myrtle Creek.

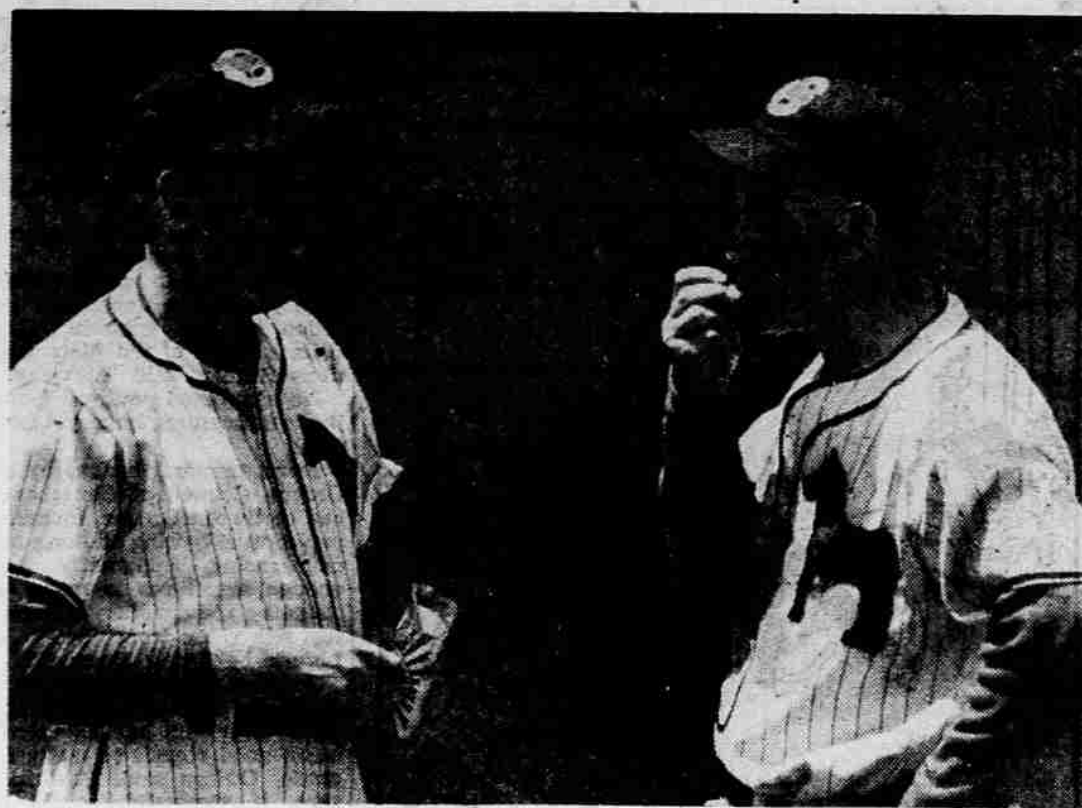

Medford will be favored because of its 12 to 3 win last week over the Douglas county nine. Gordon Carrigan who chucked that victory will be one of Medford's starting pitchers this week. Jim Kelly probably will get the other call. Kay Kelley and Ken Piland are reserve tossers.

Players To Return
The local crew will be strengthened after this week-end by the return of Ned and Ted Landers from a Texas vacation and of Terry Sherwood who has been out of action because of sickness and also because of Beaver Boy's State attendance.

Remaining district scrambles for Medford are double-headers July 13 at Lakeview and July 20 at Klamath Falls.

Salem —(U.P.)— A total of 130 students enrolled in the Willamette university summer session at the close of the first week of registration.

READY FOR GAME—Manager Paul Hoffard will coach at first base and Gehrman will pitch one game when the Studs play Coos Bay-North Bend Saturday night and Sunday afternoon at the fairgrounds here. Assisting the skipper is Pitcher Paul Gehrman.

Cheney Studs Oppose Bay Crew In Saturday, Sunday Tiffs Here

Contending in their first Southwestern Oregon league baseball skirmishes in two weeks, the Medford Cheney Studs take on the heavy slugging Coos Bay-North Bend Lumberjacks Saturday and Sunday at the fairgrounds park here.

Saturday game time is 8 p.m. The Sunday affair is set for 2 p.m.

In league activity elsewhere Roseburg is host to loop-pacing Drain and Coquille travels to Brookings. Bandon draws a bye. Tangles this week wind up the first half of the 28-game schedule for the seven opponents.

Studs Eye Second
Third spot Roseburg could catch Drain by winning both games. However, should Roseburg lose both and Medford beat Coos Bay twice, the Studs could pass Roseburg and be in a second place deadlock with the 'Jacks.

The bay city's nine, because of its batting strength, is favored over the Studs. But the Lumberjacks are not under-estimating Medford in their drive to hang on to their high position and possibly move into absolute leadership.

Heading the Coos Bay lineup is mighty Buzz Arlitt, six-foot seven inch, 250-pound first baseman, whom the latest averages show hitting at a .414 clip. At second base will be Darrell Nelson from the University of Oregon. Shortstop is Lou Scrivens (.403) from Willamette university. Ken Jensen, formerly of the San Francisco Seals and Klam-

ath Gems, is third baseman.

Segura Catcher

Joe Segura from University of Oregon is catcher. In the outfield probably will be Dick Wener (.452), once a Portland Beaver; Glenn Stetter, a long ball socker with Western International loop experience and Manager Curly Leininger (.322).

Pitchers for the two games for the Lumberjacks will be picked from Don White of Oregon State college, Stan Blank of Linfield, Ward Rocky, formerly of Washington State college, and Al Treichel, who has had duty with the San Diego Padres and also in the Western International circuit. Treichel has won all his games on low hitters. He is six feet four inches and weighs

225 pounds.

Possible Medford starting pitchers for the week-end series are Paul Gehrman and Herb Karpel.

If rain prevents the Saturday night game a double-header may be played Sunday starting at 1:30 p.m.

Pear Scab Found In Local Orchards

Pear scab is beginning to show up in most orchards throughout the Rogue valley, according to County Agent C. B. Cordy. The number of infections is still small, he said, but in a few cases a good percentage of the fruit is infected.

Scab spots on the pears have become evident lately because they have been growing larger. They have been present in the orchards since mid-May, however.

A severe spread of scab at this time of the year is most unusual. Sprays have proven effective in controlling its spread.

The only spray materials which can be used at this time of year are those which protect

against infections but will not affect infections which already have occurred. This type of spray is effective only when applied ahead of the rainy periods.

Be "fussy" about your whiskey:

MAKE THIS 60-SECOND TASTE TEST TODAY...

1. Have 1/4 oz. of Calvert put in one glass, and the same amount of any other whiskey in another — without knowing which is which.

2. Sniff one brand for aroma. Taste it critically for smoothness. Swallow carefully to judge its freedom from bite, burn or sting.

3. Taste the other whiskey in the same analytical way — then pick the one that really tastes better to you.

It's smart to switch to Calvert

BE YOUR OWN WHISKEY EXPERT!
It pays to be "fussy" about choosing your whiskey. Millions of "fussy" men have switched to Calvert, because they like its smoother, mellower taste... with no bite, no burn, no sting.

That's why we urge you to compare the taste of Calvert Reserve with any other whiskey you choose. Naturally, we believe you will prefer Calvert — because its taste is determined by a "Consumer Jury" of thousands of folks like you.

But make your own "showdown" taste test before you decide. Fair enough?

Calvert Challenges Comparison with any whiskey on the market!
