

On The Side

To look all right in a bathing suit a woman's waistline measurement should be ten inches less than her bust or hip measurements. . . . A. Dailey, the distinguished sport-scribe, says the only great baseball player, who also was a great manager, was John McGraw. How about Frank Chance, the peerless leader of the Chicago Cubs?

That Hair Cut

"I question the claim that a British hairdresser originated the poodle hair cut," writes F. Fox. "Harpo Marx has been featuring that type of hair cut, in wig form, for thirty years." I am inclined to agree with Mr. Fox on this point. Incidentally, many women, featuring that poodle hair cut, do look a lot like Harpo Marx.

Candidates

Note it said that Belva Lockwood was the first woman to run for President. That's wrong. Victoria Claflin Woodhull was nominated for President by the Equal Rights Party in 1872. Mrs. Lockwood did not run for the

presidency until 1884. Both ladies polled only a few thousand votes. Nowadays a feminine presidential candidate would undoubtedly do much better. In the U. S. A. at this time there are more women voters than men voters.

Horses & Women

Glasses smeared with lipstick can still be seen. Also sloppy looking, lipstick smeared cigarette butts. Many women are still extending their cheeks to be kissed on the grounds that the right kind of a kiss will disturb their makeup. Yet I am reliably informed that there is available an absolutely smear-proof and kiss-proof lipstick. One application lasts twenty-four hours. No smears left on anything, and the woman wearing it can kiss her loving husband or sweetheart with confidence. No chance of her make-up being affected.

Tall Proposal

There currently appears to be an unusual demand for tall women as matrimonial mates. Mrs. Phyllis Crone, a widow and president of the British Association of Tall Women, received seventy proposals of marriage in a brief period. Mrs. Crone is five feet nine in her nylons. The proposals of marriage came from all over the world. Many from the U. S. A. Most of the proposing males wrote that if Mrs. Crone wouldn't accept the proposals, would she be good enough to bring same to the attention of some other widow, divorcee or bachelorette of her height.

Please Note

A 69 year old woman in Saarbrücken gave birth to a healthy child. So writes a Seattle subscriber, who says his wife was present at this unusual blessed event. This same subscriber says a man in Saarbrücken had a canary that lived to be 38. He also says that he knows a woman in Texas who is the mother of twelve boys and twelve girls, all living.

Papoose Carrier

What the name is of the object that American Indian squaws use to carry their infants in, is a query baffling many subscribers. Reason for the confusion is that the different Indian tribes have different names for this object. As for examples, the Navajos call it a "watsol," Iroquois a "gaonsh," the Choctaws a "ullo-sajohka." The English name for it is "papoose frame."

Medford Youth Elected To Boys State Office

Charles Frost, Medford, has been elected a county officer during the Beaver Boys State convention being held at Willamette University, Salem. Frost was elected sheriff of "Baxter county."

Gov. Douglas McKay told the boys about the government of the State of Oregon. Other Boys State activities were called off because of rain, according to Mail Tribune Correspondent Jim Gunton.

Does talking to the dice do any good? Does the continuous crying of "Come on you, eight, baby needs new shoes," or similar exhortations have any effect on the galloping cubes? This is still the subject of study by men of science who characterize their experiments as dealing with extra-sensory perception. The most recent experiments held at Yale University indicate that pleading verbally with the dice is of no assistance. Those who toss in silence do as well as those who converse with the cubes.

Briefly

Note a reference to a "tropic brunette." What kind of a brunette is that? Type is not discussed in our Horses & Women files. . . . Two-pants suits are on the market again. How about some two-collar shirts? That would increase the life of the shirt and also save on laundry bills.

Cooks

Queen Elizabeth of England does not go along with the idea that men are the best cooks. Her chef is a woman, Mrs. Alma McKee, who is of Swedish birth and married to a Scot. One of Mrs. McKee's specialties is smorgasbord. She is the first woman in British history to hold the position she does.

Amazing Discovery by Helena Rubinstein

New "Deep Cleanser" penetrates deeper into pore openings!

Helena Rubinstein's revolutionary DEEP CLEANSER makes old-fashioned cleansing creams obsolete. It penetrates deeper into pore openings, removes the dirt and make-up which other creams left behind.

And this mild, quick-acting fluid contains super-emollients which counteract dryness.

Helps prevent surface blemishes. Ordinary creams don't destroy bacteria which commonly cause blemishes—they merely work some off the surface of your face. The bacteria left behind can easily enter pore openings and make your skin "break out."

Helena Rubinstein has incorporated a sensational new anti-septic in DEEP CLEANSER. Mild, pure R-51 penetrates deeper and destroys the bacteria.

Helena Rubinstein has included two remarkable cleansing agents in DEEP CLEANSER—"hydrophylic" to remove grime containing water, "lipophilic" for grime containing oil.

Result: DEEP CLEANSER penetrates deeper and floats away both kinds of grime. Your face is left immaculately clean—and germ-free.

Costs less than any other cleanser. One drop of DEEP CLEANSER goes so far, only 1/4

teaspoon will cleanse your whole face. The huge economy-size bottle contains 160 cleansings, yet costs only 1.50 (less per cleansing than ordinary creams!). Used every night this amazing cleanser costs less than a penny a day!

Deep Cleanser comes in a handy plastic squeeze bottle. Keeps contents at highest purity. . . . 1.50
