Delegate Tabulation Gives Taft 530 to General's 425

Chicago (U.P.)—Here is how the Republican presidential candidates stand in convention votes now that the national committee has ruled on all contests. The contests are still subject to further review next week by the convention's credentials committee and the convention itself.

This United Press tabulation is based on formal pledges and known first-ballot preferences:

Sen. Robert A. Taft	530
Gen. Dwight Eisenhower	425
Gov. Earl Warren	76
Harold E. Stassen	25
Gov. Theodore McKeldin	24
Gen. Douglas MacArthur	5
Gen. Albert Wedemeyer	1
Uncommitted or Unknown	120

Total 1,206

Needed to Nominate 604

The Taft total includes net gain of 45 resulting from preliminary decisions of the national committee on contested delegations. These contests are subject to further appeal. The national committee awarded 17 votes from Texas, beyond those he already was assured of from Texas; and 16 from Georgia, five from Mississippi, four from Louisiana, and three from

Loan Firm's Assets Increase \$1,000,000

Assets of the Jackson County Federal Savings and Loan association increased more than \$1,000,000 during the past year, it was announced Saturday by W. J. Warner, president, and John H. Pletsch, secretary.

They said the board of directors is pleased with the trend in savings and mortgage loans. Warner said "From all indications, the savings trend will be up, due to the increase in population and the steady employment throughout the Rogue River valley. The total savings in the association during the past year have increased more than \$862,000, and it now has savings accounts totaling \$6,002,899.58. The public would be interested to know that the 3 per cent dividend for the six months ending June 30, 1952, resulted in savings to county investors of \$82,611.97."

Commenting on governmental building restrictions, Pletsch said he has no doubt that new construction has been curtailed by them. However, he said, the association has closed more than \$1,700,000 in mortgage loans in the past year.

Topnotch Owners Buy Franklin's

Travis A. Mitchell and Harry F. Stratman, former owners of the Topnotch cafe, bought Franklin's cafe, 27 South Central, last week. They will operate the cafe under the name Franklin's for at least the rest of the year, Mitchell said.

Mitchell and Stratman operated the Topnotch, across the street from their new establishment, from 1948 when they came from Arizona to last January. They were partners in an Arizona restaurant for nine years.

Mr. and Mrs. Dale Franklin have owned and operated Franklin's cafe for 27 years. It is in the Craterian theater building and was opened the same time as the theater.

Leonard Goosey School Director At Rogue River

Rogue River — Leonard Goosey was sworn in as director of school district 35 at the regular meeting Thursday evening. Two applications for bus drivers were received and Charles Smiley was offered a twelve-month contract, as secretary to Superintendent Warren Center. Smiley requested he be allowed to work twelve months at the same salary paid for him a shorter term.

The Grants Pass Fuel and Oil company was awarded the contract to furnish fuel oil for the coming year. The only bid received on installing an oil furnace to heat the old grade school building was almost a thousand dollars over the amount allowed by the rural board. Specifications called for the furnace to be installed in the new building and the heat piped to the old building.
