Oregon Women To Olympics

Portland — (U.P.) — Oregonians will have special interest in the women's swimming events at the Olympic game in Helsinki.

Two Portland mermaids, Mrs. Della Sehorn and Miss Judy Cornell, phoned a jubilant report of their victory in finals at Indianapolis to fans in Portland late Saturday afternoon.

The Portlanders came in second and third behind Gail Peters of the Walter Reed hospital team of Washington, D. C. They pushed Miss Peters to a new breaststroke record time of 3:02.6.

In second spot was Miss Cornell, just a stroke behind the leader with a time of 3:03.3. Finishing third and coming up strong in the final lap was Mrs. Sehorn with a 3:08.

Al Sehorn, Della's husband and coach, summed up the victory:

"Judy was great. They didn't figure on her going a time like that, but how she came through. And Della was far back going into the last lap—15 yards at least. But she came up very fast, in fact, swam probably the fastest last lap."

The pair will train four days in New York before flying to Helsinki.

Medford Entries Gain Honors in Rogue Regatta

Western Speedboat association racers took a big share of the honors Friday in a regatta at the mouth of Rogue river. Most of the members of the WSA are from the Medford area.

In D utility runabouts Mel McGrew was first and he placed third in D service runabout rivalry.

Bill Barnes was first in B service runabout and second in D class for this type of boat. In the women's B combined Lorraine Barnes was first and Gladys Grover second.

Pete Buifington, Gold Beach, a member of the association, was second in B utility runabout action and second in B service runabout racing.

Floyd Jones won first in Frank Grover's B hydroplane and a first in Jack Moad's D service runabout.

Calumet Farm's A Gleam Takes 8-Length Victory

Inglewood, Calif. — (U.P.) — Calumet Farm's great filly, A Gleam, made it a clean sweep Saturday for Mrs. Warren Wright's runners by racing to a brilliant eight length victory in the \$39,750 Westerner, top race of the meeting at Hollywood park for three-year-olds.

In scoring her fifth straight stakes, victory, A Gleam won the richest race for sophomores at this track by her widest margin, coming from off the pace with such ease that it was no contest at the head of the stretch. Arroz was second and Stranglehold third in the field of 50 colts and fillies.

Calumet's older campaigner the game mare Two Lea, raced to an easy one length victory in

the secondary feature on the program, the \$22,600 Ramona handicap at six furlongs, while at Arlington park, the stable's eastern filly champ, Real Delight, captured the Matron stakes to give the famed Kentucky stable one of its great days on the turf.

In scoring her great victory, A Gleam raced the mile and a quarter in the exceptional time for a three-year-old filly of 2:01 1/5. It was a tribute to A Gleam's brilliance as a runner that she was going the distance for the first time, carried top weight of 118 pounds and came through the pack and went out on top to win as Jockey Henry Moreno pleased.

The Westerner was A Gleam's big goal at the meeting and in scoring her fifth stakes win in today's race she equalled the performance of Honeymoon who in 1946 captured five stakes here including the Westerner.

Source of Indians Scientists' Project

Vancouver, B. C. — (U.P.) — A party of University of British Columbia scientists will wage a race with water this summer to try to uncover proof that North American Indians originally came from Asia.

Dr. Charles E. Borden, university archeologist, will lead the party into Tweedsmuir Park, in north-central British Columbia. The park will be flooded by water backed up by the Aluminum Company of Canada's Nechako River dam.

The provincial government has granted Borden \$8,650 for research. Researchers uncovered several abandoned village sites in the park area last summer.

Borden believes digging in the park will reveal new proof of the lines of travel of ancient tribes. He says it is certain that North America was populated by men traveling across the Bering Strait from Asia, down through Alaska and from there south along several disputed routes. The scientists think that some of the lines of travel crossed Tweedsmuir Park.

Seals Edge By Angels, 4 to 3

Los Angeles — (U.P.) — Los Angeles Angels muffed three fine scoring opportunities Saturday in losing, 4 to 3, to unpredictable San Francisco in a Pacific coast league baseball game with a total of seven runs and seven pitchers.

While the Angels stranded nine, same number as the Seals, they did it three times with two men on base and once with the bases loaded before 5,736 fans.

The series now stand at 4 to 2, favor of the Angels.

San Francisco took the lead, as it has done in previous games this series, but this time it kept it.

In the first Jim Moran singled and continued to second on an error. After two walks, he scored on an infield out by Joe Grace.

The second Seal run came in the fourth on Ray Orteig's homer, his first of the year. Orteig made another contribution in the sixth, when he led off with a single and scored after singles by Reno Cheso and Len Ratto.

Generosity Brings Extra Prison Term

St. Louis — (U.P.) — Ernie Miller, a 36-year-old convict, is paying with five extra years in the penitentiary for an act of generosity.

Miller was found guilty of armed robbery with his accomplice and brother-in-law, Richard Smock, 22.

Edward Dowd, the prosecutor, proposed to Circuit Judge Robert Aronson that Miller be sentenced to 15 years and Smock to 10.

Miller interrupted to ask Dowd to "take five years from him and add it to my time." He said he had led Smock into crime and that Smock had been in no trouble before.

Dowd and Aronson consented and Miller was sentenced to 20 years while Smock must serve only five.
