Flaming Object Seen Over Utah and Idaho

Salt Lake City — (U.P.) — A flying, flaming object was observed in the sky over parts of northern Utah, northern Nevada, Idaho and eastern Oregon Monday and some pilots insisted it was a meteorite that fell and started a forest fire near the Utah-Nevada border.

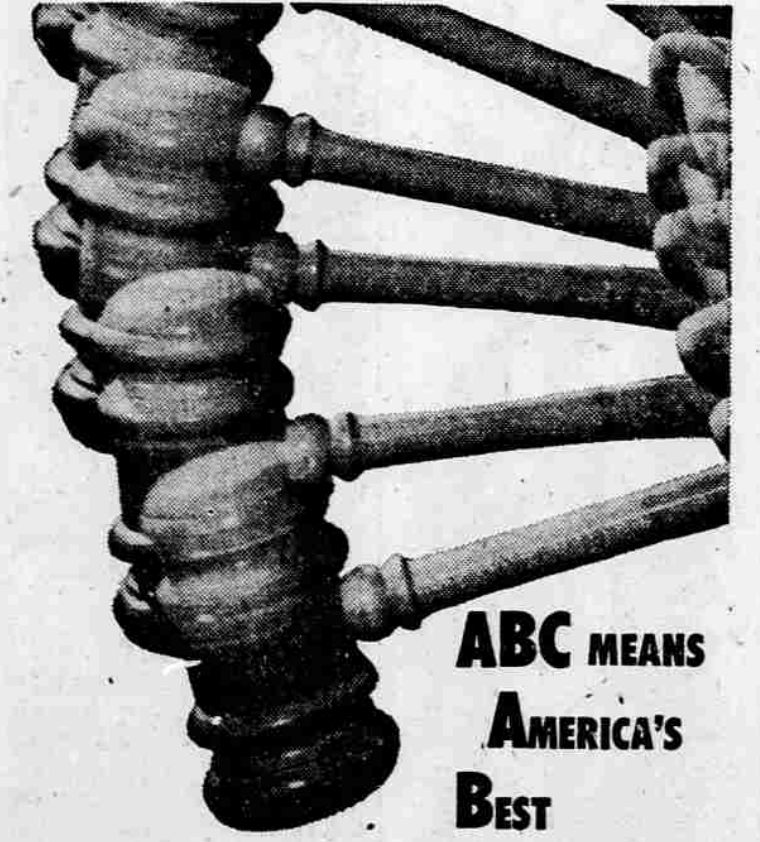

An Empire Air Lines pilot first observed the object near Pendleton, Ore. He thought it was another aircraft with a burning engine.

Observers at Boise said they noticed it about 10 a.m. and

that it landed somewhere south of the Idaho city.

Numerous witnesses in Salt Lake City, Ogden and Brigham City saw the object coming from the northwest skies at a high rate of speed.

San Francisco's Stockton street tunnel bores 911 feet through Nob Hill to connect the downtown area with Chinatown. The deepest producing oil well in the United States is one in the Wasco, Calif. field, 15,866 feet, completed in 1950.

Your Health and Its Care

By DR. WILLIAM BRADY, M.D.
Readers should address inquiries to: William Brady,
263 El Camino, Beverly Hills, Cal.

CALCIUM DEPOSITS FOLLOW DISEASE OR INJURY

Driving through days of rainy weather the windshield wiper failed, so I had to work it with my right arm. In consequence I suffered bursitis in the right shoulder and cried with the pain of it until the doctor came and gave me a shot or two of morphine, I suppose it was.

Dr. Brady

In the course of several weeks, I made a complete recovery, with no limitation of function.

A year later, I sustained a fracture of the left shoulder in an automobile collision. The X-ray man made films of both shoulders for comparison, and found the bursa in right shoulder calcified. The shoulder has given no trouble whatsoever since the bursitis. Whether that bursa is still calcified I don't know or care. But my experience goes to show that a bursa may be calcified although there is no trouble whatever.

The deposit of calcium (calcification) in the bursa was the consequence of the bursitis.

It is my opinion—and don't forget, I'm not an authority on anything except maybe, well, never mind—that a deposit of calcium or calcareous material in any part of the body is the consequence, and not a cause, of the arthritis, bursitis, rheumatism, hardening of the arteries or other pathological condition which may be ascribed to it.

So far as the rheumatism or arteriosclerosis (hardening of the arteries) is concerned, I believe I am finding out both conditions when I take my daily ration of calcium and vitamin D as a supplement to my regular diet, which, like the diet of most Americans, is probably deficient in these essentials of good nutrition and vite.

I am indeed sorry for people who are training for the rheumatism but not enjoying the prophylactic effect of supplementary calcium and vitamin D because, poor souls they have Ben Told it will cause calcium deposits in their joints. I am especially sorry for them if Ben Told is a doctor by trade. It seems to me that a medical student or a physician with even an elementary knowledge of pathology would demand some sort of scientific foundation for the morbid notion. Moreover, the dairy interests should inquire into the question, for who is going to eat milk, cheese and eggs, the best food sources of calcium, if calcium is "deposited in the joints and arteries, as the old timers would have us think?"

If any medical student, physician, pathologist or physiologist has any information or even a plausible theory to support the notion that a "deposit" of calci-

um can occur in tissues that have not already degenerated, I hope he or she will enlighten me. It is his or her duty to do so, if my teachings about this are not correct.

QUESTIONS AND ANSWERS

Upside Down Riding

The upside down bicycle riding exercise recommended in your pamphlet on Varicose Veins and illustrated by my caricatures but, I believe, cured me of the physis habit too. (P. O.)

Answer—For booklet THE 7 KEYS TO VITE send 25c and stamped, self-addressed envelope. Ditto for booklet THE CONSTIPATION HABIT AND COLON HYGIENE. For pamphlet on VARICOSE VEINS AND VARICOSE ULCER send stamped, self-addressed envelope.

Evaporated Milk

My baby, six months old, had plenty of trouble for two or three months when we fed her fresh milk. But since we changed to evaporated milk, about three months ago she has thrived. (Mrs. T. M. W.)

Answer—Evaporated milk is virtually equivalent to whole fresh milk concentrated to half its original volume by evaporation of half of its water. Be sure your baby gets her daily ration of vitamins C, D and B.

Cooking Utensils

Please give your opinion of stainless steel granite wear and aluminum cooking utensils. (Mrs. N. F.)

Answer—They are equally good, so far as health is concerned.

Washington—(U.P.)—Rep. Walter Norblad (R-Ore.) Monday asked the Civil Aeronautics Board to "give every consideration possible" to the application of United Air Lines for non-stop air service from Portland to Chicago.

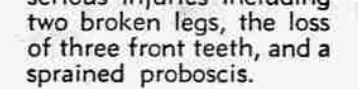

MOO-O-OS and MUSINGS

We were terribly amused to hear about the local man who fell from a ladder Saturday resulting in serious injuries including two broken legs, the loss of three front teeth, and a sprained proboscis.

This wouldn't be a bit funny if it had happened to anybody but Shadey Wakefield.

If you are deficient in Vitamins B₁, B₂, B₆, or Nicotinamide

NEW WONDER CAPSULE MAY GET AT THE REAL CAUSE OF YOUR TIRED, NERVOUS FEELING

There is no need for you to suffer these and other dietary deficiency symptoms like constipation, indigestion and loss of appetite which occur only when your intake of B-vitamins and Nicotinamide is less than minimum daily requirements over a prolonged period. These non-specific symptoms do not in themselves prove a dietary deficiency and may have other causes or be due to functional conditions.

However, if that is the reason for your tired and sufferings, a new wonder-working capsule... BEXEL SPECIAL FORMULA... may end your complaints in an amazingly short time!

CONTAINS ESSENTIAL VITAMINS and MINERALS

Sensational BEXEL SPECIAL FORMULA comes to you in easy-to-take, safety-sealed capsules that contain the essential B-vitamins, Iron and other minerals known to be essential in human nutrition and other factors as well, including important Vitamin B₁₂.

NEW ENERGY, NEW JOY IN LIFE

You take just one BEXEL SPECIAL FORMULA capsule a day... and from the very first one... you're on your way to new energy, new sparkle and new zest for living.

MONEY BACK GUARANTEED

We are so certain that BEXEL SPECIAL FORMULA is the right thing if you need extra B-vitamins and minerals essential to human nutrition that we will refund your money in full if you don't feel decidedly better after your very first bottle!

Farmer and Son Die, Wife Signs Confession

Spokane—(U.P.)—A Valleyford farmer and his son were shot to death in bed early Monday and their wife and mother admitted in a signed statement to the sheriff that she killed them.

Dead were Ancil Bernard Crisler, 66, and his son, Dale Bernard Crisler, 22. They died in their sleep, victims of a 30-30 deer rifle bullet in their heads. Held for questioning was Mrs. Margaret G. Crisler, 46.

Sheriff Ralph Smith said she gave a written confession of the crime, explaining she got up at about 1 a.m. "and decided she should end the whole works." The motive in the shooting was not revealed.

Portland—(U.P.)—William Henry Holmes, Newberg, was killed shortly before noon Monday when the trailer of a logging truck became unhitched and swerved into his automobile just east of Tigard on Highway 217, state police reported.
