B.F. Goodrich Tubeless Tire

SEALS PUNCTURES, PROTECTS AGAINST BLOWOUTS

... AND NOW IT
DEFIES SKIDS TOO
to earn the name "LIFE-SAVER"

• New tread wipes a WET road so DRY you can light a match on it!

The tread of the new B. F. Goodrich "LIFE-SAVER" Tubeless Tire has thousands of flexible "grip blocks," so closely spaced you can hardly see them. They wipe a wet road so dry you can light a match on it—grip like a caterpillar tread. As a result, the "LIFE-SAVER" Tubeless Tire stops on wet pavement up to 20% quicker than other tires, has up to 40% more pulling power.

Under blowout conditions, "LIFE-SAVER" Tubeless Tire loses air s-s-slowly, allows plenty of time for a safe stop. In case of puncture, gummy rubber

under the tread seals against puncturing object, plugs hole when object is withdrawn.

Patents covering basic features of Tubeless Tires have been issued to The B. F. Goodrich Company by the U. S. Patent Office.

DYNAMIC WHEEL
BALANCING SERVICE

Per Wheel \$2⁰⁰ Incl. Weights

If your wheels have got the wobbles, it's probably due to unbalance. With our modern equipment we can quickly detect the out-of-balance spots and "weight" them accurately for driving safety. BRING YOUR CAR IN TODAY
