ALBERS SIMILENE
Is a "foolproof" ration, manufac-
tured in both mash and pak form.
Similene is no cure-all. It is a ration
especially developed for the sub-
normal fowl, one rich in extra vita-
mins and other nutrients and one
which is appetizing and appealing to
the ailing fowl. In nearly 100% of the
cases where Similene is fed according
to directions, results have exceeded
the poultryman's expectations.
Similene aids in correcting Soft
Shelled Eggs, Slow Developers, False
Molts, Low Production, Low Fertility
and Poor Hatchability. Come in and
get a pamphlet of Similene and ask
about this "First Aid" feed.

\$42,000 4-H STEER
Jack Hoffman, 15 year old 4-H'er,
who sold his American Royal grand
champion steer for \$42,000, is a third
generation grand champion win-
ner. He believes that in farming it's
the little things that count, and it
pays him well.

THAT A LOT OF MONEY
For a 4-H steer and I doubt if any
of the 4-H youngsters in our County
get that much for theirs. But I'll bet
that a lot of them have as nice an
animal as that boy did. I have been
out to look at quite a few of the 4-H
animals in the County and there are
a lot of mighty fine ones and you
youngsters are working hard to get
them in top condition. If any of you
boys or girls have any problems with
your projects, let us know, we might
be able to help you.
