

HONORED BY AMERICAN LEGION, Matt Cvetlic, celebrated FBI undercover agent who unmasked Communist conspirators, receives award at Pennsylvania state convention, Philadelphia, from Be Be Shopp, former "Miss America." Gov. Fine is in center. (International)

Story of Slingshot Takes Dick Applegate Up To Front

By RICHARD APPELATE
With the 1st Marine Div., Korea —(U.P.)— The story of the slingshot brought me up to this part of the front. That's right—a slingshot.

19-Year-Olds May Hear Draft Call

Washington —(U.P.)— The stepped-up pace of draft calls "eventually" may force the government to start tapping 19-year-olds for service, a Selective Service spokesman said Tuesday.

The Army set the pace for higher draft calls Monday when it ordered Selective Service to induct 4,700 men in October, the largest draft call since last February.

Draft calls are expected to continue at about the same rate for the next several months because of the Army's need to replace men who were inducted after the outbreak of the Korean war and who are now becoming eligible for release from service.

New Atomic Energy Plant To Be Built

Washington —(U.P.)— The Atomic Energy Commission will build a new \$1,219,000,000 explosives plant between Wakefield and Pike in Pike County, Ohio, it was learned Tuesday.

The site will be about 18-20 miles north of Portsmouth in Southern Ohio. It will be on the Scioto river which flows into the Ohio river at Portsmouth.

The new plant will be a giant gaseous diffusion works nearly twice as large as the atomic explosives plant built in wartime at Oak Ridge, Tenn.

It will be the major new atomic facility to be built under a \$3,500,000,000 expansion program on which the AEC is now embarked.

Locally Owned Horse Appaloosa Winner

Calvin W. Briley's horse Bud took a second-place ribbon last week during the Appaloosa horse show at Quincy, Calif., Briley, Box 234, Phoenix, is a director of the nationwide Appaloosa Horse club.

Briley's horse was entered in the two-year-old halter class. Horses were entered from all over the western part of the United States. The Appaloosa show was part of the Plumas county fair.

The Appaloosa dates back farther than any other living horse, according to experts. The horse is used today for nearly all purposes, according to Mrs. Briley. They are gentle enough to make good riding horses, yet are very powerful and are good workhorses.

Chicago —(U.P.)— Burglars pulled a switch here Monday night. They locked Dr. and Mrs. Harold C. Brill out of their home while they looted it of \$5,600 in cash, furs and jewels.

Allies Apologize For Jet Flights Over Panmunjom

Panmunjom, Korea. —(U.P.)— The United Nations admitted Tuesday that "in all probability" Allied jet planes entered the Panmunjom neutral zone Sunday and apologized for the incident.

In a written reply to a Communist protest, senior U.N. liaison officer Col. Charles W. McCarthy said, "our side will make continued efforts to prevent occurrences of this type."

Note Only Activity
The note was handed to the Communists at a meeting between liaison officers, the only activity at the truce camp. The armistice talks are in another one-week recess, called Monday by the Allies for the third time in as many weeks on grounds the Reds have offered nothing new in the deadlocked discussions on prisoner exchange.

The U.N. said in its note of apology that "it appears at least two and possibly three jet-type aircraft flew over the conference site area at approximately 1900 hours on 10 August, 1952."

Postmaster Exams Set For Prospect Office

Examination for a postmaster for Prospect has been announced by the civil service commission. An annual salary of \$3,781 goes with the position.

Applicants may get information at the Medford post office, where the examination will be given.

To be eligible for the position applicants must be American citizens in good physical condition and actually living in the area covered by the post office, and they must be between 21 and 63 years of age.

Sargassum weed or "gulf weed" is not native to the Sargasso Sea, although for many years it was thought to be.

Dr. Robert L. Stevens, Optometrist formerly located at 213 East Main Street in Medford, has opened his new office at 430 S. W. 6th Street in Grants Pass.
