Costumes Still Scarce For Footlighters Play

Where have all those Gibson Girl blouses gone? Three years ago the valley was full of them. They billowed from dainty shoulders and frilled around fair throats at every dance, picnic and party.

Today, in spite of desperate pleas by the Footlighters costumers working on "Only An Orphan Girl," which will open next Wednesday night at Jackson School, not one bona fide Gibson Girl "waist" has turned up. Attics have been ransacked, the Salvation Army store searched, and rummage stores combed to no account.

"But somehow the show will go on," laughed Mrs. Earl Knight, as she busily stitched on lush satin and lace ball gown for the siren of the show, while Mrs. Frank Buchter mended lace on a Gay Ninety parasol and Mrs. Jerry Smith sewed a missing button on the villains frock coat. The group have spent the past weeks gathering costumes, not only for actors in the play proper, but for performers in olio acts, for ushers and for peanut and pink lemonade dispensers.

The show will open Wednesday night, August 20 at 8:15 p.m. at Jackson School auditorium. It will play for three nights, closing August 22. Tickets will be sold by members of the Footlighters and may be obtained at the box office.

FEED STORE GOSSIP

VEGETABLES WITHOUT SOIL
The Army Quartermaster Corps' soilless gardens in Japan produce more than 3,000,000 pounds of fresh vegetables yearly at less than half the cost of grown commercially. All are same to eat raw, which is not true of food grown under ordinary unsanitary, oriental fertilizing.

4-H-ers
The Antelope Club had a very successful Fair last Friday and the youngsters have a lot of nice animals. Mearl Kaufman, our Assistant Manager, was up at the Applegate Fair August 6, and he said that it was quite a success also. These 4-H youngsters are really working hard and getting their animals in shape. I wish that we could have taken in the other local fairs too, but business wouldn't let us. Folks, don't forget the date, August 20, as that is when our County Fair opens and it is really going to be a good one.

AN INADEQUATE FEED
Composed of many different varieties of question marks, usually costs about as much as Milk-Flo. A high-priced feed isn't necessarily the best about any more than a cheap feed is either safe or efficient. The whole question should be: What feed will give me the most dollars worth of returns for every dollar I put into it? It is not uncommon for cows, properly fed, to produce a third more than cows carelessly fed.

Congratulations are in order for Ned Cahill and for Vincent Vaughn, as their herds were among the top ones for the month of July in the County. Both of these gentlemen are good managers and careful feeders and both feed Milk-Flo to get top production.

SPECIAL
We have a used Simplicity 2-horse tractor with wheel weights, cultivator and plow for only \$215.00. This is really a buy folks, as this tractor was used very little and is in excellent condition.
