On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

The red rose whispers of passion. And the white rose breathes of love. O, the red rose is a falcon. And the white rose is a dove. But I send you a cream-white rosebud. With a flush on its petals lips. For the love that is purest and sweetest. Has a kiss of desire on the lips. —John Boyle O'Reilly.

Are the small fellows the forgotten men of the ready-to-wear clothing industry? A subscriber who gives his height as five feet and his weight as 140 pounds, says they are. He claims it is practically an impossibility for a five-footer to acquire a ready-to-wear suit to fit him. Currently in search of a new suit, he has tried twenty-five different retail clothing outlets with no luck.

Asides
Among major cities of this country, Baltimore has the cheapest taxicab rates. Which are: 35 cents for the first 1 2/3 miles, 5 cents for each additional 1/3 mile. . . . It was Sarah Bernhardt who said: "If a woman is loved, hated and envied, her life is worth the living."

Queries from Clients
Q. I say the film "Ecstasy," in which Hedy Lamarr starred, was produced twenty-five years ago. Right? A. Not quite right, sir. Was about twenty-one years ago. Incidentally, it was produced in Czechoslovakia. Q. My charming, though somewhat stubborn, blonde green-gray-eyed matrimonial mate, claims a life long bachelor, who started with nothing and became a millionaire, is one of the rarest things on earth. She defied me to name one. She had me there. Help, please. A. "Diamond Jim" Brady was a bachelor. George Ade, one of the wealthiest of authors, never married. George Jean Nathan, while possibly not quite a millionaire, is one of the country's most successful men and a bachelor. I believe Col. Jake Ruppert, millionaire brewer and one of the owners of the Yankee baseball club was a bachelor.

Over There
In the 25 to 40 age group in Germany there are 300 unmarried women to one unmarried man. The situation has become so desperate some women have launched a share-the-husbands campaign. In Berlin there are 600,000 more women than men. Many of the women are beautiful. Telephone numbers of eligible bachelors are sold for high prices. The preferred bachelors are United States service men. They average fifteen proposals of marriage a week.

Says He
"No female weighing over 120 pounds should wear slacks in public," writes a New Yorker. "How right was that poet who wrote:

Dames With Fat Backs
Shouldn't Wear Slacks.

"Other articles of attire not adapted to plump women are shorts or playsuits. These also have been the subject of some poetic lines, namely:

Only Shapely Beauts
Should Wear Playsuits.

Backwrap Wonder!

In and Around Table Rock

Sunday, August 17, 1952

MEDFORD (OREGON) MAIL TRIBUNE—SEVEN

Table Rock—H. D. Reed of the Meadows district was a business visitor here one day last week. He informed us that he has traded his farm for land in the Rogue River section.

Local orchardists are having pear trees where branches are heavily laden with fruit, supported with props as the pears grow larger. A good crop seems in prospect and picking of Bartlett's will commence Monday at the Hull orchard where already extra cabins are filled and some half dozen trailer houses are on hand with prospective pickers.

A statement of bonded indebtedness of county school districts from County Treasurer Ralph Sweeney shows Central Point, which we are now a part of, with \$669,136.44, second highest in the county and only exceeded by Medford. Nearly all of this money was levied for building purposes. In contrast we find that in 1892 the Table Rock district voted a levy of 10 mills which raised \$313.41 which was used to build a new school house, the contractor doing the job for an even \$300.

During logging operations last week in the Lost Creek section, "Red" Wilson reports that a rattlesnake was killed that measured exactly six feet long after

the rattles were taken off. Another large rattlesnake lying under a log was caught in the loop when the choker setter put the line under and was parted in the middle when the pull came on the cable.

Mr. and Mrs. Rodney Olson of Hood River, former residents of this community, visited with friends here and in the valley the first of the week. They said the pear crop at Hood River was severely damaged by frost.

In a roundup with Goodlin's bees one day last week Elgin Robinson, who was mowing hay on the J. S. Richardson farm, jumped from the tractor seat and dived into a canal with three feet of water, then crawled through a large tube throwing the bees off his trail momentarily while he ran for a safer place. According to Goodlin he had been using a brand of hair oil which attracted the bees.

The Edgar Pleasant family who resided for some time at the Modoc orchard are now living on their farm in the Beagle district and enjoying the conveniences of electricity recently put in by the California Oregon Power company, which is now starting work on a line from this district to Sams Valley to increase voltage there.

The Robert Sage family returned Friday from Eugene where Sage attended a session of summer school at University of Oregon.

The Ray Doran family spent last Sunday boat riding and swimming at Diamond lake.

Pear picking will commence August 18 at the Modoc orchard where an average or better crop of good quality fruit is to be harvested.

Porcupines are more numerous in these parts than usual this year. One getting in the way of a car on the road a few nights ago was run over causing a punctured tire.

Miss Frankie Adams, formerly of Table Rock, accompanied by her two cousins from Pennsylvania, stopped on a brief visit at the J. S. Richardson home Friday. Miss Adams, who attended the Table Rock school as a child, is now a teacher in the California schools.

Virgin olive oil is the oil that comes from the first pressing of olives. Refined olive oil is produced from the second, third and fourth pressings which are subjected to chemical treatment to improve color, flavor and aroma.

American rice farmers grow rice with the expenditure of about two man-days of labor per acre yearly, as compared with 300 to 400 man-days of labor per acre in the rest of the world.

Children in school in South China pay their tuition in rice. The tuition ranges from 5 pounds of rice a semester for the first graders to 12 pounds for the 6th graders.
