

Memphis, Tenn. — (U.P.) — Judge Phil Canale thinks lack of sleep is more dangerous than too much to drink when a person is driving. He made the statement in fining Charles Prescott \$21. Prescott was involved in a crash after going to sleep at the wheel of his auto.

Flora, Miss. — (U.P.) — Nobody laughs or questions Pete Hammack when he says, "I think I'll go out and mow the roof." The Hammacks live in a converted bunker at the former Army ordnance plant there. Their roof is a three-foot layer of dirt on which Hammack grows his lawn.

Richmond, Ky. — (U.P.) — Mrs. Ed Rhodus was feeding her chickens when she noticed something glittering on the ground. She picked up a \$5 gold piece, minted in 1886. A bank clerk gave her \$5 in paper money for it.

Manchester, Conn. — (U.P.) — When firemen rushed into the attic of Mr. and Mrs. Potter's home the couple explained that the dense, acrid smoke pouring out of the dwelling was from sulphur candles they are burning "to rid the attic of bats." A neighbor had turned in the alarm.

Lexington, Ky. — (U.P.) — A thief evidently used a truck but was awfully quiet when he visited the home of Mrs. Anna Offield. Four tons of coal, valued at \$50; 100 cans of food, valued at \$35 and two pillow cases, valued at \$2, were taken.

Six Women Missed in Polygamy Colony Raid Extradited by Utah

Kingman, Ariz. — (U.P.) — Six women, who stayed behind when their neighbors fled in a raid on a Utah polygamy colony, were under custody here today after being extradited by Utah authorities.

The women, brought here with some 150 children last night, will be arraigned on charges of conspiracy to commit adultery.

Russia Planning To Conquer Europe Through Subversion

Washington — (U.P.) — Moscow's strategy calls for conquering Western Europe by infiltration and subversion instead of outright war, a former member of the Italian and French Communist parties said today.

A. Rossi of the University of Paris, a pioneer Red who broke with the Communists in 1929, said the Soviet Union "has no interest in paying a heavy price by running a serious risk of war to control Western Europe for its benefit."

He said the Kremlin plans "to use non-military methods" to obtain the same result almost without cost.

"If France, Western Germany, and Italy are neutralized, if the German Ruhr industrial complex ceases to furnish an economic foundation for the defense of the West, if the bonds between France and England and America are greatly loosened, if not broken, the U.S.S.R. will no longer have anything to fear from that direction," Rossi said.

Views Outlined
Rossi outlined his views before nearly 350 business, educational, scientific and government officials who are attending a seminar on the Soviet Union sponsored by Johns Hopkins University.

The speaker, one of the founders of the Italian Communist party, is regarded as one of free Europe's top students of the Communist party.

Spray Gun Used By Aborigines Long Ago

Melbourne, Australia — (U.P.) — Australian aborigines used a primitive form of spray-gun 2,000 years ago.

Anthropologist B. J. Tugby recently described the system after examining aborigine rock paintings and digging for native implements in the Grampians mountain range in southeastern Australia.

Tugby said this is how an aborigine painted a hand about 53 A.D.:

1. Put his hand against the surface to be painted.
2. Chewed red, yellow or white ochre.
3. Sprayed from the mouth around the hand.

bigamy, unlawful cohabitation and contributing to the delinquency of minors.

The women were seized when Utah officers, on extradition action demanded by Arizona authorities, raided the Short Creek, Utah, hamlet of polygamists.

Flee Into Desert

Twenty-two women, their husbands and 100 children belonging to the Apostate Mormon cult fled into bleak desert mountains surrounding their colony shortly before the raid.

There were an estimated 40 men, 90 polygamist wives and 263 children in the village before the raid, officers said. The defendants were living on the Utah-Arizona border. Some of the inhabitants were those who escaped from the Arizona side during a raid by that state's officers three weeks ago.

Church Opposes Polygamy

The six captives willingly submitted to arrest, but refused to divulge the whereabouts of their spouses and their sister-wives, along with an army of children.

The Church of the Latter-Day Saints disavowed polygamy as a tenet 63 years ago and has since vigorously opposed plural marriages.

Senate Committee Tour of Northwest Slated Next Week

Portland — (U.P.) — The U. S. Senate Public Works committee tour of the Northwest dam, river and harbor projects will bring the group into the Willamette valley Wednesday and Thursday of next week.

Members were scheduled to leave Washington Saturday and arrive in Boise the same day. During the first part of the week, the group is expected to look over the Hells Canyon site on the Snake river. The senators Wednesday will stop at The Dalles and Bonneville dams on their way to Portland. Willamette Valley Tour

The Thursday itinerary includes inspection of Willamette valley projects, including Detroit dam, Lookout Point dam and coastal harbor projects as far north as Longview, Wash. They plan to lunch at Eugene. They will spend Thursday night in Portland and leave for Alaska the following morning.

Heading the group of some 10 senators planning to make the trip will be Chairman Edwin Martin of Pennsylvania.

Insurance statistics prove that hunting actually is one of the safest of sports, and it could be made more so if the juvenile factor in accidents could be whittled down.
