Artist Shows Work at Studio

Eugene Bennett, Medford artist who is exhibiting his paintings today at his studio, 333 South Grape street, states that his series of nine painting of Jacksonville will be displayed by him for the last time. The paintings have been sold as a group, but have not yet been delivered to the new owner.

Several historic Jacksonville homes are included in the series and other buildings of interest. The public is invited to the exhibit, which will be open from 2 to 7 p.m.

At five o'clock this afternoon the artist has planned a program. Lloyd Halvorsen, violinist, and Mrs. Richard Schuchard, soprano, will play and sing compositions written by the artist. Ray Lewis will accompany.

Words for one of the songs was written by Miss Barbara Hampson.

The paintings on exhibit today will include semi-abstract oils done by the artist in Chicago where he studies at the Art Institute of Chicago. Water colors and serigraph prints also are being exhibited.

A recently completed studio next to the artist's other studio and which he is using as his summer workshop, also is open for inspection.

Studies show that pastels, rather than intense shades are most popular for tile walls, floors, work surfaces and splashbacks in the modern kitchen. Blue, yellow, pale green, peach and ivory are color leaders that emphasize the beauty of gleaming white gas range, refrigerator and clothes dryer.
