Repatriated Medford Man Tells Report of Gen. Dean

Freedom Village — (UP) — An American artillery sergeant said today other prisoners told him they saw Major Gen. William F. Dean in notorious Communist Camp No. 5.

Sgt. E. Williams, 25, Vicksburg, Miss., said he did not know when the men saw Dean, highest ranking American prisoner held by the Communists.

"They said they saw him before he was put in with the officers," Williams said.

The information brought back by Williams, who was captured only 11 days before the truce was signed, was the first relating to Dean to be given by a returning prisoner.

It could mean that Dean, captured in July, 1950, in the battle of Taejon might have been transferred to Officers Camp No. 2. Earlier Marine Pfc. Leonard Steege, 20, of Medford, Ore., said he heard a rumor in Kaesong that Dean would be the last man repatriated. (See Story on Page 1)
