

NISEI WINS HIGHEST DECORATION—Brig. Gen. Ralph N. Osborne (right) congratulates Sgt. Hiroshi Miyamura (left) at Incheon, Korea, as he tells him that he has been awarded the Congressional Medal of Honor. The Japanese-American of Gallup, N. M., a prisoner of the Reds, was returned to freedom in the POW exchange Aug. 20. He won the nation's highest decoration for valor while serving with the U. S. 3rd Division. On the night of April 24, 1951, Miyamura killed some 40 Chinese singlehanded after ordering his machine gun squad to pull back.

Jacksonville Boys Working On Civic Betterment Tasks

Jacksonville—A Junior Police Patrol, for boys between the ages of 10 and 14, has been organized here by Police Chief John Ysunza, it was reported Saturday.

Enjoy Project

"Betterment of the community" is the objective of the organization, but it was pointed out that the boys get a great deal of enjoyment out of their work at the same time. Among their projects has been building and painting two benches for bus riders of the city, which were completed and put out Saturday.

The boys are civic-minded in their work, Chief Ysunza reported, and receive instruction in

traffic rules, then teach them to younger boys. It is planned for them to purchase bicycle reflectors, and to conduct bicycle safety inspections. They also plan to build a bicycle rack so that parking of bikes on sidewalks will be eliminated.

Use Chief's Office

The group is using the chief's old office as a meeting place. He now has quarters in the new fire hall.

FIRST FISH

Portland—(U.P.)—Mrs. Roy Elkins of Portland Friday caught her first fish—a six-pound steelhead—while angling in the Columbia river with her two sons. Mrs. Elkins is 60 years old.

22 Suits Started For Recovery of Welfare Payments

Portland—(U.P.)—The Oregon Public Welfare Commission reported Saturday it has filed 22 suits in 13 counties seeking to recover \$15,809 from persons the Commission claimed had refused to support indigent parents.

John W. Brugman, special assistant attorney general, said the suits average about \$714 in claims sought. One case, he said, represented a person whose monthly net income after deductions was \$1,130 but who had a parent on state relief rolls.

Based on New Law

The suits are based on a stiffer relative responsibility law passed by the 1953 Legislature. Commission Administrator, Mrs. Lola Howard Mason, said legal action is brought only in cases where cooperation was refused. The Commission at its monthly meeting here Friday approved a plan increasing state payment to nursing homes by about \$20 a month for state patients. The increase would amount to about \$500,000 per biennium on the basis of 1750 patients.

Fair, Warm Weather Forecast for Oregon

By UNITED PRESS

The weather bureau Saturday suddenly reversed its prediction of a wet week end in Oregon with a forecast of fair and warmer weather through Sunday.

Forecasters said movement of a low pressure trough to the east and absence of any new disturbances behind it was credited for the improved outlook.

Return of sunny skies cheered farmers in many parts of the state whose mid-harvest operations were hampered by unseasonal rains.

All weather reporting stations in Oregon except Ontario had precipitation in the 24-hour period ending Saturday morning with amounts ranging from a trace at Pendleton to .22 of an inch at Portland.

PROVING A POINT—Lord Noel Buxton walks ashore at Whitton Ness, Hull, England, as he completes his fording of the River Humber from Yorkshire to Lincolnshire. He waded across the river to reinforce his historical theory that the Roman Legionnaires forded the river as they went north to man the Great Wall on the Scottish border.

State Fair Schedules Western Style Dances

Salem—(U.P.)—Western style and square dancing will be a nightly feature in the Fairgrounds ballroom at the State Fair opening here a week from Saturday for an eight-day stand.

Western old-time or swing is set for five evenings and square dancing for two. There will be no dancing on Sunday. Square dancing will be the nights of Sept. 9 and 12.

Square dance callers from several sections of Oregon will participate on Saturday, Sept. 12, in the Willamette valley's first fall jamboree.

Wiley Says GOP's Record Impressive

Washington—(U.P.)—Chairman Alexander Wiley of the Senate Foreign Relations committee has credited the Republican-controlled Congress with an "impressive record" of foreign policy accomplishments, it was disclosed Saturday.

In a statement inserted in the Congressional Record, Aug. 3, last day of the session, the Wisconsin Republican said the "basic accomplishment" of the recent session in foreign affairs was "to preserve and strengthen the free world defense against Communist aggression."

"We have not been taken in by the changed tune the Kremlin sings," Wiley said. "We have continued to build our strength but at the same time we have reaffirmed our support of the principle of disarmament as a basic tenet of American policy."

Stop Work Meeting Set at Bend Mill

Bend—(U.P.)—Officials of the CIO International Woodworkers of America said Saturday they have scheduled a stop work meeting at 3 p.m. Monday at the Brooks-Scanlon Lumber mill here to vote on contract renewal.

Brooks-Scanlon has offered to renew the present contract with the IWA while the union has offered to settle for a 5-cent hourly wage hike, retroactive to April 1.

A. J. Glassow, general manager of the firm, said he does not believe the pay increase is warranted because of "the economic and market factors facing the lumber industry."

The union cited five-cent increases by Weyerhaeuser Lumber Co. as a precedent for their request.

Four Jail Escapees Said Still at Large

Vancouver, Wash.—(U.P.)—Four prisoners who escaped from Clark county jail here Friday were still at large Saturday and sheriff's officers said there was no clue to their whereabouts.

The escapees were Peter T. Molera, 33, scheduled for arraignment on a burglary charge; Richard Charley Forgey, 17, and Ralph A. Chyles, 22, sentenced to 15 years in state institutions for burglary, and James R. Hull, 26, parole violator.

The four broke out of the fifth-floor jail by picking a control box lock and then slipping through a hole in the floor to the county clerk's office below.

Pair Found Guilty of Near Perfect Burglary

Aschaffenburg, Germany—(U.P.)—Two United States Army sergeants who spent \$18,000 in a 20-month spending spree were found guilty Friday of committing an "almost perfect" safe-cracking job.

Sgt. Lloyd D. Eldor, 29, of Racine, Wis., and Sgt. Arthur F. Schneider, 21, of Milwaukee, Wis., were convicted of stealing \$73,415 and 4,000 German marks from the American Express company branch here.

They cracked the American Express safe on the night of Nov. 21, 1951, and American Army investigators said the job was so slick the technique could not be revealed lest other safe-crackers use the same methods.

No Easing Expected On GG Requirements

Washington—(U.P.)—The Public Health Service decided Saturday against easing requirements now for communities to get gamma globulin for mass inoculations of children.

The service considered the possibility of lowering the number of cases required for a community to be eligible for an emergency shipment of gamma globulin. But after rechecking current gamma globulin supplies and the polio case level Friday night, it decided not to change the qualifications for the present.
