Father Held for Mercy Killing of Invalid Daughter

Phoenix, Ariz. — (U.P.) — Police today held a 54-year-old plant guard in the "mercy killing" of his invalid, helpless daughter.

Detectives said that Henry Herman Nagle, Airtsearch Co. plant guard, admitted the fatal shooting Saturday of his 28-year-old daughter, Betty Virginia.

Completely Helpless

Nagle said he is a retired New York City police officer. He told police his daughter was "completely helpless." He said he "dressed her, fed her, and looked after her needs."

Nagle told reporters he shot his daughter twice in the head with a .45 caliber automatic while she slept at home in her wheel chair "because I loved her." He said he believed he was suffering from a serious illness and "didn't want to leave her all alone in the world."

Shots Heard

Miss Nagle was found by officers after neighbors reported hearing shots. Nagle met officers at the door and gave himself up, police said. They said the suspect told them he had not called them because he wanted to send a telegram to another daughter, Lillian H. Nagle, in the Army Nurse Corps at Tacoma, Wash.

The suspect, who said he had complete care of Betty Virginia since the children's mother died, 14 years ago, said the thought of killing her had haunted him for years.

Italians Rap Possible Loss of U.S. Support

Rome — (U.P.) — Italians indignantly denounced indications that the U.S. may revoke its promise to support Italy's claim on Trieste.

U.S. Secretary of State Dulles' press conference remarks that the U.S. is looking for some other answer to the problem reinforced the concern created here earlier when the Western Big Three powers invited Yugoslavia to military talks in Washington.

"Are you willing to lose Italy in order to gain Yugoslavia?" one anguished Italian official asked American newsmen. Rome newspapers said angrily that Italians are willing to "be friends of the Americans... but slaves, never!"

U.S. Puts Up Big Loan For Iranian Emergency

Denver — (U.P.) — President Eisenhower put up \$45,000,000 in American dollars for Iran in response to an "urgent request for assistance."

A White House statement said the President made the money available on an emergency basis "to be used for the immediate assistance of Iran."

The recently restored Shah of Iran said he would accept aid from any "friendly" country.
