Most of College Students Drink, Yale Report Shows

New Haven, Conn.—(U.P.)—Nearly three-fourths of the nation's college students drink, and most of them associate liquor with "morally questionable sexual behavior," Yale university disclosed today in its long-awaited "booze" report.

The 214-page report, entitled "Drinking in College," disclosed that 74 per cent of the 17,000 students questioned imbibe. Forty-five per cent of the men and 86 per cent of the women drinkers said they had their first taste of the stuff before they were 11 years old.

The Yale University Center of Alcohol Studies conducted a five year survey to determine the drinking habits and attitudes of American college students. Men and women in 217 colleges of all types were surveyed. The surveyors found "clear evidence" that most of the men and women who indulge associate drinking with sexual activity.

Hundreds of the women questioned said they drink to "get along better" on dates. But the men said that while girls who drink have the most dates in college, they are not being considered as future wives.

France, Germany Plan Negotiations
Paris—(U.P.)—France has accepted a proposal by West Germany for direct negotiations on outstanding European problems in a major attempt to end disagreements between the two neighbor countries, it was announced today.

Success in any such negotiations might clear the way finally for ratification of about 500,000 German troops in the Allied armies arrayed against Communist aggression.

Wall Street
New York—(U.P.)—Trading shrank on the Stock Exchange today.

Prices moved as narrowly as the sales total was small. An irregularly higher opening produced some buying which carried the market up for a time. Then it sagged from the highs.

Many issues finished the day at higher levels. Pressure centered on Chrysler which set a new low for the year.

Down-Jones final stock averages: 30 industrials 258.01, off 0.77; 20 railroads 92.11, up 0.10; 15 utilities 48.56, up 0.14; and 65 stocks 99.34, off 0.07.

Approximately 1,070,000 shares changed hands today against 1,190,000 shares on Friday.

Idaho Power's Hearing Delayed

Washington—(U.P.)—A Federal Power Commission examiner formally granted a two-week postponement today in a hearing on applications of the Idaho Power company for permits to build three low dams in Hells Canyon on the Idaho-Oregon border.

Examiner William J. Costello noted that opponents of the application contended they have not been given "adequate opportunity to prepare for a hearing of this magnitude" in allowing the postponement until Oct. 5.

He said postponement would cause "considerable inconvenience" to the power company but said developments in the hearing so far show "some reasonable interruption" is in order.

The applications are being opposed by the National Hells Canyon Association, Inc., and a group of Pacific Northwest public utility districts.

Military Propaganda Attacked by Council
Washington—(U.P.)—The National Council Against Censorship today charged that "military press agents" are largely responsible for "the growth of military influence and control over public life."

It said in a 60-page report that "the chief purpose of military propaganda is to sell Congress and the people on the armed forces and any policy they want to promote."

The council's chairman is Dr. Alonzo F. Myers, head of the department of higher education at New York University. Included on its list of members are Albert Einstein, Rev. Harry Emerson Fosdick and Rev. Francis X. McGuire, president of Villanova College.

West Linn Man Named State Bar President
Gearhart—(U.P.)—Glenn R. Jack, West Linn, was elected president of the Oregon State Bar for the 1953-54 year at the closing session of the 19th annual meeting of the group here this week end.

Jack succeeds Robert A. Leedy of Portland. Named to work with Jack were Carl A. Dahl, vice president; Allen G. Fletcher, treasurer, and Lee W. Karr, secretary. All are from Portland.

Coquille Man's Body Located in Pacific
San Francisco—(U.P.)—A body recovered from the Pacific has been identified as that of Billie K. Nygren, 34, Coquille, Ore., missing since Aug. 31 when the fishing boat Shirley Ann disappeared off the northern California coast.

Nygren's brother, Gerald, of Wetchep, Calif., identified the body at the San Francisco coroner's office.

The Coast Guard recovered the body Friday night 40 miles west of Bodega bay.

Nygren was one of six persons aboard the Shirley Ann which was last seen near Humboldt bay near Eureka, Calif. The other five are still missing and the Coast Guard said it was continuing a search for the missing boat and its occupants.

Applications for Exams Available

Ashland—Applications for the coming College Qualification tests under the selective service are now available Harold Clear, director of guidance and acting dean of men at Southern Oregon college, said today.

Cloer said eligible students who intend to take this test either on Nov. 19 or on April 22, 1954, should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Deadline for the Nov. 19 test, Mr. Cloer said, is Nov. 2.

According to Educational Testing Service, which prepares and administers the test, it will be to the student's advantage to file his application at once, regardless of the testing date he selects.

The results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student.
