

Mexican Farm Hands Die in Trailer Mishap

Del Rio, Tex. — (U.P.) — A huge tractor-trailer jammed with 85 Mexican migrant farm workers hit a culvert and overturned yesterday, killing seven men and injuring more than 60 others. The dead and injured were mostly pinned under the wreckage of the huge trailer. At least eight of the injured were said to be in critical condition. The workers were being returned to their homes in Northern Mexico. They had been picking cotton in the vicinity of Plainview, Tex.

Answers Own Question

Syracuse, N. Y. — (U.P.) — Robert Cushman, 25, learned something he hadn't known before when he met three boys carrying a cardboard box. "What's in the box?" Cushman asked. "A raccoon," came the answer. "Will it bite?" asked Cushman. "Put your hand in and see." Cushman was taken to a hospital with two lacerations on his left hand.

Brownell Calls for Friendly Congress To Support Ike

Stockton, Calif. — (U.P.) — Atty. Gen. Herbert Brownell Jr., told a Republican rally Friday night that President Eisenhower campaigned for the presidency on the platform of "Korea, Communism and corruption" — and that all three problems have either been solved or are in the process of being solved.

Brownell said Eisenhower needs a "friendly Congress" if he is to continue to fulfill his 1952 campaign promises. "The President and his staff painstakingly worked out a plan to end the Korean war," he said. "If the President had accomplished nothing else, he would heartily deserve the support of the American people."

The attorney general said the administration's success in working out a West German rearmament agreement and "getting Great Britain to give historic commitments of help" were "wonderful accomplishments for the peace of the world."

"Germany is in better shape to meet the Communist threat of aggression than ever before in the postwar era," Brownell said. "This is the first time in 20 years there have been no battlefronts in the entire world."

Washington — (U.P.) — Clyde L. Powell, ousted federal housing official, has been released on \$5000 bail pending an appeal of his conviction for criminal contempt.

A three judge appeals court granted Powell liberty on bail put up by a professional bondsman Saturday after Federal Judge F. Dickinson Letts sentenced him to a year in jail for refusing to answer questions before a grand jury investigating him.

Legal Question — Powell's attorney, Daniel B. Maher, said there is an important legal question involved because Powell "had a genuine fear of incrimination" when he refused to answer the grand jury's questions.

Judge Letts, who heard the case last Monday, found Powell "guilty of criminal contempt beyond a reasonable doubt" in "willfully, deliberately and contumaciously" refusing to give the jury information relating to the nationwide housing scandals. The appeals court reversed Letts' refusal to grant Powell liberty on bail.

\$55,000,000 in Civil Works Under Engineers

Portland — (U.P.) — Civil works construction and procurements items estimated to cost \$55,000,000 will be placed under contract by the Army Corps of Engineers in Oregon, Washington and Alaska the remainder of the present fiscal year, it was announced Saturday.

Col. L. H. Foote, North Pacific division engineer, said contracts would be awarded by various district offices at Portland, Seattle, Walla Walla and Anchorage. Twenty-eight major jobs which are expected to cost at least \$100,000 are listed.
