

Irrigation District Election Slated

The election of a new director of the Medford Irrigation district will be held from 8 a.m. to 5 p.m. Tuesday, Nov. 9, at the Oak Grove school, it was announced today by Jack Hoffbuhr, manager.

The position is for a term of three years, beginning in January, and represents all of the district lands lying west of Kings highway and the city of Medford, known as Precinct 3. Roy G. Smith, the incumbent, and Albert E. Hueners are the two candidates for the post.

Those eligible to vote include all persons who own two or more acres of land in the district, or who have contracted to buy two or more acres. The record of deed or contract to purchase must be at least six months old.

Hoffbuhr said that those voting should bring to the poll evidence of such ownership, because of the fact that at present it is impossible to compile a list of eligible voters for use at the polls.

Nutrition Planning Program is Scheduled

A program demonstrating good nutrition in planning family meals will appear on television at 5 p.m. Sunday, sponsored by the Jackson County Public Health association.

Miss Charlotte Klock, assistant chief dietitian at the veterans administration domiciliary, is in charge of the show. Mrs. John Cotton, Ashland, and Mrs. William Knips also will take part. Miss Klock will explain the basic food needs, using products most easily available locally.

Shakespearean Plays Proving Popular at Antioch College, Ohio

Yellow Spring, O. — (U.P.) — The plays of William Shakespeare, who never heard of Ohio, are proving as popular here as they did in Elizabethan England.

The Antioch Area Theatre, on the campus of Antioch College, is engaged in presenting all the known works of Shakespeare over a five-year span with a partly professional repertory company of 40.

Antioch Area Theatre, whose third annual Shakespeare Festival opened June 30, began its festival in 1952 as a one-season venture, after a town ordinance banned public performances in the old opera house where the AAT had offered summer stage fare for 16 years.

Faced with the problem of no theater building and little money, Antioch College faculty members and AAT leaders decided to abandon, temporarily, contemporary plays and to offer classical plays outdoors and with a minimum of props.

Three More Seasons

They decided on Shakespeare's chronicle plays since Arthur Lithgow, now festival director, had long wanted to do them in a series. Response to those first eight plays amazed the AAT staff, as more than 15,000 came from throughout Ohio to see Shakespeare-under-the-stars in this college town of 1,640 persons.

Encouraged by the initial success with Shakespeare, Lithgow staged Shakespeare's seven Greek and Roman plays in 10 weeks last year for more than

More Medford Maps Available at Chamber

Another 1,500 copies of the Chamber of Commerce's map of Medford have been printed and are now available at a nominal price, according to Don McNeil, chamber manager.

There has been a consistent and heavy demand for the maps, he said, and for several weeks the chamber office was out of them, until the new supply was printed.

On the new edition, the chamber membership directory has been expanded to include 127 new members, for a total of 616 firms which belong to the chamber.

New McCarthy Recall Petition Planned

Sauk City, Wis. — (U.P.) — Editor Leroy Gore said today a second recall petition for Sen. Joseph R. McCarthy (R-Wis.) will be started after Jan. 1.

A petition circulated earlier this year failed to get sufficient signatures, but a light vote Tuesday reduces the number of signatures needed.

The new petition will need between 250,000 and 300,000 signatures, Gore said, compared with the 404,000 required for the first petition.

The San Francisco fire alarm system was created October 5, 1863, by the Board of Supervisors.
