

NEW PLYMOUTH GO ON DISPLAY—Three Medford motor firms will show the 1955 models of Plymouths Wednesday. They are Leever Motor company, 315 East Fifth st. Hamlin Motor company, 121 North Bartlett

PLYMOUTH LOWER, WIDER—The 1955 Plymouth automobiles, which go on display next Wednesday at three Medford firms, are lower, wider and more than 10 inches longer than previous models. For the first time, Plymouths are offered with a V-8 engine as well as a six, and the most powerful cars ever built by Plymouth. Models are available in a full range of automatic and power-assisted devices, including electric window lifts and power seat adjustments. Shown above is the Belvedere sport coupe.

st., and the Dick Knight company, 33 South Riverside ave. The new models have been completely redesigned, and feature lower, wider and longer styling as well as more powerful engines including a V-8.

1955 Plymouths To Be Displayed Here Starting Wednesday

Three Medford motor dealers will put the new 1955 Plymouth automobiles on display this Wednesday.

The cars, which have been completely restyled, will be shown at Leever Motor company, 315 East Fifth st., Hamlin Motor company, 121 North Bartlett st., and the Dick Knight company, 33 South Riverside ave.

Most Powerful
The 1955 Plymouths are the most powerful ever built. The engines available are a 117-horsepower six, a 157-horsepower V-8 and a 167-horsepower V-8. The 167 HP engine is also available with a four-barrel carburetor and a manifold increasing the HP rating to 177.

Optional equipment available includes a full range of automatic and power assist devices, including automatic transmission, power steering, brakes, seat adjustments, window regulators and adjustable speed electric windshield wipers. Air conditioning also is available.

12 Models
There are 12 models in the 1955 line, including for the first time a four-door version of the famous Plymouth Suburban station wagon.

Everything about the new models is new. Plymouth officials report, and basic designing started three years ago. Changes apply in the styling and interior decor, as well as to structural details, frame, suspension system, interior ventilation and heating systems.

Styling Features
Among the distinctive styling features are a low silhouette, slimmest and sleekness of body lines, deeply recessed head and tail lights, and an overall appearance of forward motion.

The premise in making the designs was the conception of unit, to begin with, with ornamentation used only to accentuate design, rather than being used in place of style. All of the cars are longer, lower and wider, with front seats having 3.2 inches more width and rear seats 5.9 inches.

New Claims Officer Due at Federal Office

Miss Dorothy Kennedy, former claims representative in the Medford Social Security office, has been transferred to the Juneau, Alaska, office in the same position.

The woman she replaced in Juneau, Miss Leola Miller, has exchanged jobs with her and is now in the Medford office.

Miss Miller has spent the last 2½ years in Alaska. She went there from her home, La Grande, where she was also employed in the same work. She has worked for the Social Security administration for the past 10 years.

Miss Kennedy will be on a two-year assignment in Alaska.

Men and Missions Sunday Is Today

The Laymen's Missionary movement is sponsoring for the 24th year a Men and Missions Sunday in American churches. It will be observed at the Medford Free Methodist church today.

The program is open to all interested, church officers announced. Morning worship will be at 11 a.m., and at 7:30 p.m., an evangelistic and missionary rally is slated. The Rev. Ronald Collett will speak at the evening meeting and show pictures of his missionary work. Mrs. Collett also will be at the meeting.

Men and Missions Sunday was first recognized in the Free Methodist church in 1931 when 300 churches contributed \$3,600. Last year 900 churches of the denomination contributed \$80,000. It is hoped that not less than 1,300 churches will cooperate this year. The purpose is to send 52 new missionaries into 20 mission fields. Five cents per day per member will provide the needed budget, officers point out.

Book Week Slated; Plan Open House

Book Week starts tomorrow, according to the children's department of the Medford Public Library.

Mrs. Nora Jane McKay, children's librarian, announced that the junior department will celebrate with a showing of a large assortment of new books for every age, from picture books for small youngsters to sports and sciencefiction for teenagers to career books for older students.

The department will hold open house during the week, and will remain open until 9 p.m. Tuesday, Wednesday, and Thursday. Regular hours are 9 a.m. to 5:30 p.m. each week day, with closing hour 8:30 p.m. on Tuesdays, which is family night.

The new books, after being on display all week, will go into

circulation on Saturday. As an added attraction, a display of some old children's books will be shown.

The motto for Book Week is "Let's Read," Mrs. McKay said.

Milk Producers Set Meeting in Portland

Eugene — (U.P.) — A. L. Vern Hahn, one of the 16 directors of the Oregon Milk Producers Committee, said Saturday the OMPC would meet in Portland next Tuesday to consider whether to seek a federal milk marketing order for Oregon, now that the milk control law is out.

Hahn said the group was not necessarily joining the grade A

Milk Producers Association in seeking such an order. He said Arthur Ireland, chairman of the group, could act only for himself in joining with the association in an attempt to get a federal floor under milk prices in Oregon.

Ireland and the association jointly signed a telegram this week asking for federal investigation here.

Stenography and typewriting can be mastered in six weeks. That's what I claimed. As I previously said, this claim was derided by many girl Fridays. I have checked. I have found a young woman who graduated from a six-week stenographic and typewriting course in a New York business school and immediately upon graduation obtained a position as an executive's secretary. That was several years ago. Now, she is enjoying a salary of \$6,000 a year!

That Club
Hugh Blue was elected to serve his twenty-ninth term as president of the My Name Is a Poem Club. Truly Dooley of Providence, R. I., a supporter of Phyllis Lillis Willis McGillis of Venice, Calif., has demanded a recount. President Blue announced the first move of his new administration would be a campaign to improve the breed of race horses with rhyming names. Insiders say Mr. Blue's irritation in this respect was inspired by the fact that a horse named Hit Bit ruined a three-horse parlay for him. He is also said to have had \$2 for show on a horse named Dilly Whilly that ran out of the money at Pimlico.

Those Hair-Dos
Actresses featuring those boyish, closely clipped style hairdos have no great appeal for me. I am not an enthusiastic admirer of Audrey Hepburn, Judy Garland, Carol Haney or Mary Martin. Seems to me their short hair detracts from their male appeal. I like the actresses whose crowning glory still crowns their beautiful faces. As for examples, Barbara Stanwyck, Greer Garson, Janis Paige, Kim Stanley, Rhonda Fleming and Kitty Carlisle.

Love Defined
A young woman of Manhattan has discovered a dictionary that has a satisfactory definition of love. It is Funk and Wagnall's new College Standard Dictionary which includes the following definition: "Love—a strong complex emotion or feeling causing one to appreciate, delight in and crave the presence or possession of another and to please and promote the welfare of the other."

Get It Right
"Buster Keaton, the film actor will make his first appearance on the New York stage next January," So writes a New York

drama scribe. Some of these journalistic Johnny-come-late-lays experting on the drama should buy some stage histories and study them carefully. Buster Keaton appeared on the New York stage over forty years ago as a member of the vaudeville act billed as the Three Keatons.

Asking
Queries from clients Q—Where did the idea of numbering football and baseball players for identification purposes originate? A—Believe it was first used in a football game played by the University of Pittsburgh in 1921. Don't know the originator. However, the idea had its inspiration from the numbering of race horses to correspond with program numbers. That originated in England about seventy-five years ago.

Passing By
Backstop for the New York Yankees, just signed a contract said Yogi Berra, highly efficient to call for \$48,000 a year. That's not a cent too much. The position of catcher is the most important on a baseball team. If you haven't an outstanding backstop you will never win a pennant. The Dodgers would have won this year if Campanella hadn't had an injured hand.

Pipes
The idea of pipes for women is not succeeding. So I am informed by a man who should know. He checks counter sales for a chain store outfit. Some counters haven't even sold one pipe to a woman. A woman might enjoy smoking a pipe but it greatly detracts from her appearance.

FHA Loan Discussion Meeting Is Scheduled

Grants Pass — An open meeting to discuss Farmers Home Administration soil and water conservation loans will be held on the second floor of the courthouse annex in Grants Pass November 17 at 10 a.m., William N. Young, Jr., county FHA supervisor, has announced.

The loans, Young explained, are set up to help farmers finance soil conservation, water development and drainage.

Practices covered include construction and repair of terraces, dikes, ponds and tanks, ditches and canals for irrigation and

There is an easy way to send your child to college!

This simple plan will do the trick—if you start right now!

Are you determined to give your child the benefits of a college education—yet worried about money? Then why not do what more and more farsighted parents are doing? Start getting that money together now—the safe, sure, automatic way—through the Payroll Savings Plan!

It's simple! Just tell your company's pay office how much you want to save—anywhere from a few dollars a payday up to as much as you want. This sum is then saved for you every payday. It is invested in U. S. Series E Savings Bonds which are turned over to you, and which earn good interest for you.

It's systematic! Just think—if you sign up to save \$3.75 a week, in 5 years you'll

have \$1,025.95—in 9 years 8 months, \$2,137.30—and in 19 years 8 months you'll have \$5,153.72.

It's sure! Once you join, your saving is automatically done for you before you draw your pay. You don't have to do a thing. And your child's education will be provided for by money you don't even miss now.

Eight million working people are now on the Plan—saving for a home of their own, a college education for their children, or any of those things made possible only through systematic saving. So join the Payroll Savings Plan right now—or, if you are self-employed, join the Bond-A-Month Plan where you bank. Do it today!

Choose your own savings goal

	If you want approximately		
	\$5,000	\$10,000	\$25,000
Each week for 9 years and 8 months, save	\$8.80	\$18.75	\$45.00
Each week for 19 years and 8 months, save	\$3.75	\$7.50	\$18.75

This chart shows only a few typical examples of savings goals and how to reach them through Payroll Savings. Remember, you can save any sum you wish, from a couple of dollars a payday up to as much as you want. The important thing is, start your Plan today!

How Your Child Can Learn Thrift

There's no better way for your child to learn thrift than by buying U. S. Savings Stamps at school. Because Savings Stamps provide a goal to save toward. As each album of 10c or 25c Stamps is filled, it can be converted into a valuable U. S. Savings Bond. Millions of children are learning to save in the U. S. School Savings Program. Why not start your child now?
