Chairman Talks On Colonialism For AAUW Here

Mrs. Justin Smith, chairman of one of the international relations study groups sponsored by Medford branch, American Association of University Women, led a panel discussion on "Problems of Colonialism" to highlight the program at the last monthly meeting of AAUW, held Wednesday evening at the home of Mrs. Robert Temple.

Six empires still exist in Africa, Europe and Asia, Mrs. Smith pointed out, with Britain, France and Belgium having considerable holdings, and Portugal, Spain and the Netherlands with small colonies. Great Britain is in the process of helping many of her colonies to become independent, and then urging them to join the British Commonwealth of Nations as equals. Premature independence for these colonies does not serve the interests of the United States, the Allies or the people themselves, but rather the people themselves must decide the relative merits and demerits of independence, she said.

Africa is especially coming to the front with its discovery of uranium supplies, and its strategic location in regard to international defense problems, Mrs. Smith said.

Other members taking part in the panel discussion were Mrs. B. M. Devers, who discussed Netherlands East Indies, Mrs. Berwick Wood, who talked on Cyprus, and Mrs. W. A. Scoville, who spoke on the Virgin Islands.

Mrs. Herbert Seitz, president of the local A.A.U.W. unit, presided at the business meeting. Because of the tremendous success of the children's play "The Giant of Knockmany" recently sponsored by the Medford branch, it is hoped that two performances may be scheduled of future plays in order that everyone wishing to attend may do so.

Another project for children sponsored by AAUW is a daily radio program over Station KJYC at 4 p. m., which consists of stories, poems and records aimed primarily for children of pre-school age and up to the third grade level. It is believed to be the first radio program of its kind to be presented locally in the Rogue valley.

The local AAUW branch also recently presented its annual art show at the Medford hotel during National Art Week.

Hostesses for the meeting in addition to Mrs. Temple were Mrs. J. F. Clark, Mrs. Stuart McQueen, Mrs. John Carnegie and Mrs. Lester Stinson.

Next meeting will be the annual membership tea, which will be Saturday, December 4, from 3 to 5 p. m. at the home of Mrs. Ralph Thompson, 18 North Modoc avenue for which Mrs. F. T. Burich is chairman. All AAUW members and prospective members are invited, as well as all women registered in study groups sponsored by AAUW.

Small Town Sincerity Rates High With Men

New York — (U.P.)—A small town girl with an air of sincerity outruns many a sophisticated beauty in the race for a husband because she remembers something the glamor queens forget.

"A woman still needs to be a good listener, and most beautiful women in this town can talk about only one thing—their careers," David Haft, an eligible young man-about-town said sadly.

The 31-year-old president of a coat and suit house would be a good catch in any glamor girl's book, but so far he's escaped. A man quickly tires of the rarefied atmosphere that surrounds a movie queen or a beautiful model, he claims, and yearns for some good old-fashioned womanly traits.

"Act interested in the man and not the place he's taking you," he advised girls. "That's just good manners, and girls from out of town are more polite about it than New York career girls."

"Dress simply, especially on a first date. It makes a man uncomfortable when he calls for a girl if she's over-dressed."

"Encourage a man to talk about himself. It may be trite advice, but there's nothing a man likes to do better."

"Let him do the ordering at a restaurant. Tell him what you want, if you like, but let him talk to the waiter."

"Devote your attention to him, and just don't go out with him again if the two of you don't have a good time together."

You can tell when a custard pie is done by inserting a silver knife at the edge of the pie. If the knife comes out clean, take the pie from the oven, even though the center may be a little soft. Over-cooking often causes the filling to curdle.
