

Memberships in Knife-Fork Club Now Available

Ashland—A number of memberships in Siskiyou Knife and Fork club, beginning its new season of well-known speakers on Monday, December 6, are available, according to John Cotton, club president.

Couples interested in joining the club, which meets in the Ashland Elks club but includes members from all over Southern Oregon and Northern California, should write William Dawkins, secretary, Box 84, Ashland, Oregon.

First speaker for the coming season will be Maurice Hindus, an authority on Central Europe and Russian communism, who will speak on "What Do the Russians Want?" The address will follow dinner at the Ashland Elks on Monday, December 6.

The present membership of the Knife and Fork club will be given first opportunity to rejoin for the coming year, according to Mr. Cotton, then new applicants will be accepted in order of their applications.

Mr. Hindus, the first speaker of the new season, was born in Russia in 1891, but came to this country in 1905 and has been a citizen for many years. He has traveled considerably in Central Europe, however, and is the author of numerous books on Russia and communism.

A SWITCH OF THE PITCH

-AND AWAY YOU GO!

The biggest sensation in years is what

"variable pitch propellers" have done for Dynaflo Drive*

It happens like this. You need pickup—and pronto. So you get it. You get it by pushing the accelerator pedal of a 1955 Buick all the way to the floor board.

Then—without jerk or lag or lurch or pause—you get action! You get action whether you're just starting off—or asking for a safety-surge of power out on the highway.

There's nothing like it in past experience—because there has never been anything like it in an automobile before.

This is action that comes from the principle of variable pitch propellers used on modern planes. Their propeller blades change "pitch" for take-off—and cut hundreds of feet off the time required to lift a plane from a runway.

And the amazing fact is—in a 1955

Buick Dynaflo Drive there are 20 little propeller-like blades that also change their pitch, just like the propeller blades of a plane.

This is a transmission engineer's dream of heaven. A build-up of momentum as smooth as flowing oil—and almost as quick as lightning—plus better gas mileage in cruising range. It's what the whole automobile industry has been shooting for—and Buick has it.

So, that means

there's only one thing for you to do. Try out a 1955 Buick, and soon.

Try it out for quick action, as we've mentioned. Try it out for room and comfort and ride. And by all means, cast an admiring eye on its style—for it beats the high-fashion Buicks which set the pattern in the successful year just ended.

Buick Power Hits New Peaks!

TRAVEL SMILES

BY Merry Miles

At an Indian village on Highway 66, we all got out to look at the hand-made jewelry and pottery.

"Yah-tah-hay, Mary, sic kees," our driver greeted an aged, dignified squaw. She answered, in perfect English, "Fine, Bill, thank you. Where have you been for the past year?"

"How's Victoria?" Bill asked, slyly. Indian Mary grinned. Don't get fresh, Bill. You know we don't speak." Later the driver explained the "avoidance relation," an odd Apache religious custom. A married man must never speak to his mother-in-law, or even look at her.

This happened on Greyhound's Great Southwest escorted tour which I enjoyed recently. We stopped at a famous Wickenburg dude ranch, and went sightseeing around Phoenix. An evening in exotic Juarez, Mexico, was an exciting feature of our stay in El Paso. Carlsbad Caverns and a stop-over in picturesque Old Santa Fe offered other wonderful events. We toured the Indian Country via Albuquerque, Gallup and Flagstaff, and

our trip to Grand Canyon included lots of sightseeing and a night at rustic El Tovar Hotel.

We visited Hoover Dam, and Greyhound gave us a farewell dinner in the Opera House Theatre Restaurant of El Rancho Vegas Hotel, Las Vegas. The floor show was fabulous!

The group on the new Greyhound air-ride, picture-window coach was really congenial, and our Tour Conductor took care of every travel detail. We stopped every night at a good hotel. Altogether, it was the most delightful and fascinating vacation I ever had!

Greyhound is offering several of these Great Southwest 13 day escorted tours this winter. The cost per person (twin bed room rate) is only \$192.25 from Medford plus federal transportation tax.

I'll send you all details about these unique tours if you'll drop a card to Merry Miles, Greyhound Bldg., Market & Fremont, San Francisco 5, Calif. Or see your Greyhound agent or travel bureau.
