Pope Urges Battle On Forces of Evil

Vatican City — (U.P.) — Pope Pius XII Saturday urged Christians to use "every means available" to combat the assault of what he termed evil forces against the church.

The plea was made in a letter by the ailing pontiff to the Vicar of Rome, Clemente Cardinal Micara, on the occasion of the Marian Year closing. The text of the letter was issued by the Vatican.

"The Christian religion is being openly attacked in many places and in the most bitter way with the violation of divine rights, by preventing holy pastors from carrying out their task and by imprisoning them in order to eradicate religion from the minds of man people with slander and false doctrines," the Pope said.

"Almost everywhere among those who have drawn away from the church they are carrying out a war by means of the press and the press is being used as a weapon as efficient as it is harmful," the letter said.

West Coast People To Be Subpenaed

Washington — (U.P.) — A spokesman said Saturday the Senate Internal Security subcommittee has issued subpoenas for five or six West Coast residents who allegedly "conducted themselves against the interests of the United States while in Communist China."

The subcommittee spokesman said witnesses from the Los Angeles and San Francisco areas are being subpoenaed to appear at an open hearing tentatively scheduled for Dec. 13 at San Francisco.

The subpoenas were issued Friday, but the witnesses will not be identified until the subcommittee receives word from U. S. marshals that the subpoenas have been served, the spokesman said.

New Demo Chief Long Active in Politics

South Bend, Ind. — (U.P.) — Paul M. Butler, elected Saturday as national chairman of the Democratic party, has been an active political worker since he was old enough to vote.

He never sought nor held elective or appointive public office ... but rose in behind-the-scenes politics from poll-taker for the Democrats in the 1926 election to National Committeeman for Indiana.

Father of Five
A lawyer, he is the father of five children.

He is a friend of Adlai E. Stevenson, the 1952 Democratic presidential nominee.

Butler has been active in every primary and general election since 1926. He managed Congressional and Mayoralty campaigns in 1938, 1942, and 1946.

He was elected 3rd district party chairman in 1948, 1950, and 1952. Butler was elected National committeeman in 1952, defeating Frank McHale, 16-year member of the Democratic Na-

tional committee and chairman of the Party's Credentials committee.

Butler was chairman of the Indiana delegation to the National convention in 1952, and was keynoter at the Democratic State convention in 1954. Cadillac

The Hour Every Motorist Owes to Himself!

The happy man you see in this picture is bringing himself up to date.

Cadillac has written a whole new chapter for the book defining motor car performance, and he's taking an hour to find out what it says.

And it says plenty—of great importance.

First of all, it tells you what it's like to have command of a 250-horsepower engine that's as smooth as velvet, and so quick and eager and responsive that you have to educate your driving toe all over again.

It tells you what it's like to have virtually every unevenness in the highway eliminated before it is noticeable to driver or passengers.

And it tells you what it's like to relax amidst

upholstery fabrics and leathers that are found nowhere else, save in the 1955 Cadillac—not even in the finest clubs or hotels. Interior luxury is literally beyond description!

All this is to say, of course, that Cadillac has made another tremendous advance in design and engineering—so great, in fact, that only a drive and a personal inspection can let you realize its significance.

And, naturally, in addition to all that is new—there is yet greater emphasis on all the long-existing Cadillac virtues:

—the endurance that enables its owner to keep the car as long as he elects to do so ... and with complete confidence in its dependability—

—the amazing economy of operation and upkeep which causes many owners to maintain that it is the most economical car on the American highway—

—the great personal satisfaction that comes from owning a car which is recognized, everywhere, as the Standard of the World.

We cordially invite you to come in—today—to see and drive this wonderful, wonderful car.

There are eight models—in four different series—including the sensational Eldorado.

There is one to please you—exactly. And we think you'll be surprised and delighted at how little it costs, in comparison with lesser cars.

We're waiting for you—now!
