

PAWN in dramatic court battle, David, 5, goes to mother, Mrs. Mary B. Doornbos in Chicago judge's ruling "test tube" babies are illegitimate unless husband is donor. (International)

Court To Study Wife-Mate Suit

Roseburg — (U.P.) — The Oregon Supreme Court will be asked to decide whether a wife can sue her husband for injuries sustained in an auto accident.

Attorney for Mrs. Naomi Joan Smith of Sutherlin, Ore., has filed notice of appeal from a Circuit Court decision favoring her husband, Leo L. Smith.

Attorneys said the case would be used to test the law and that it may set a precedent in civil suits of that kind.

Mrs. Smith seeks \$48,000 from her husband, claiming that he was negligent in the operation of his car when it was involved in an accident near Corvallis, Ore., in April, 1952. Mrs. Smith, who was riding with her husband, said she received permanent injuries.

The defense argued that special legislation would be required to make such a damage action possible. The plaintiff's counsel said every person has a natural right to protect his life and limb, regardless of his relationship to the damaging party.

Portland To Discuss Morrison St. Bridge

Portland — (U.P.) — A public hearing to discuss plans for the proposed new Morrison street bridge has been called for 10 a.m. January 12, by the Portland district corps of engineers.

Multnomah county has applied to the engineers for a permit to construct the bridge across the Willamette river from a point midway between S.W. Washington street and S.W. Alder street on the west side to the foot of S.E. Morrison street on the east side.

The structure would have three spans, a double-leaf bascule span similar to the Burnside bridge, and two fixed side spans.

Dock Commission Gets Bond Check

Portland — (U.P.) — A check for \$4,400,000 was received by the Portland Dock commission for the sale of bonds yesterday.

Chairman Joe E. Dunne, commission members, and Mayor Fred L. Peterson of Portland took a good look at the whopping check, which represents a major portion of the \$6,500,000 bond issue authorized by voters last May for improvements in the municipal dock system.

E. C. Sammons, president of the U. S. National bank, said his bank issued the check as trustee for a syndicate of eight New York and Portland financial concerns who bought the bond issue.

Navy Will Make Change in Forrestal

Washington — (U.P.) — The Navy said today it has decided to make a slight change in its brand new supercarrier, the Forrestal. It's going to rip out the five-story bridge and move it 20 feet.

It will take 80,000 man-hours and roughly one million dollars to do the job. But the Navy insisted it is "not a major alteration" and certainly "not a blunder."

Merely an improvement, said the service, stemming from new studies of aircraft and ship control needs. It shouldn't held up completion of the ship, now scheduled for late next year.

Visiting Fireman Wins High Praise

Schenectady, N. Y. — (U.P.) — Frank Del Monaco was truly a "visiting fireman."

A voluntary fireman here, he was on vacation in Greenwood, Miss., recently. He was standing on a street corner when he heard an alarm. He raced to the fire, presented his Schenectady credentials and went to work. The Greenwood newspaper the following day was high in its praise of Del Monaco.
