Note it said President Eisenhower is a good dancer. Is that news? All West Pointers are good dancers. Dancing instruction is part of the curriculum of the United States Military Academy. Should be included in the curriculum of all high schools. If more husbands were good dancers, it would increase the number of contented wives and also be a factor in a decrease in the divorce rate. Husbands and wives who dance well together are rarely divorced.

### Shaving

Only one man in seven shaves every day. So the statisticians continue to claim. I shave every day. At times, twice a day. How about you, sir? Do you know who was the first man to shave every day? The Roman author, Pliny the elder, wrote, "The first barbers that entered Italy came out of Sicily 454 years after the foundation of Rome. They shaved but did not cut hair. The first man to be shaved every day was Scipio Africanus." (Note—Scipio Africanus—237-183 B.C.—was regarded as Rome's greatest general up to the time of Julius Caesar.)

### Asking

Queries from clients. Q. Was Nora Bayes ever in the Ziegfeld Follies? A. She was in the "Follies of 1909" but left the show claiming the reason was that Ziegfeld wanted her to wear tight, Nora said she didn't mind wearing tight but her husband, Jack Norworth, wouldn't let her. Q. My father wants me to study law. I want to be a musician. What will I do? A. Honor, respect and love your father. Give him an elegant tie on Father's Day but choose your own career. Werner Janssen's father wanted him to go into the restaurant business. Walter Damrosch's father wanted him to be a doctor.

### Get It Right

Note sportscribe refers to Knute Rockne as having "made the All America football team." That's wrong. Knute (pronounced Kanute) was never an All American. The first Notre Dame football player to make the All American football team was George Gipp. That was in 1920.

### Executives

A woman executive has a difficult time. She is seldom popular with those who work for her. Women don't like to have a woman boss because they can't fool her as easily as they can a man. Nor are their feminine charms any advantage as they are when the boss is a male. You seldom see an "oomph girl" type working for a woman executive. She wants to work where her "oomph" will get her some-

where. A man doesn't like to work for a woman executive because it gives him an inferiority complex.

### Passing By

Gilda Gray. Erstwhile danseuse. Did much to popularize that curious dance known as "the shimmy." However, she was not the first to perform that dance on Broadway as is frequently alleged. Bee Palmer introduced the shimmy to the Great White Way.

### Inspiration

A writer of popular songs never knows when, where and how he may get an idea for a song. The inspiration usually comes unexpectedly. For example, Harry Von Tilzer was at a night spot when one of the feminine entertainers who was in a very gay mood sat on his lap and said, "Harry, I'd leave my happy home for you." Harry jumped up excitedly, causing the girl on his lap to drop to the floor, and rushed over to his office. There he sat down and in a brief period wrote that great song hit titled "I'd Leave My Happy Home for You."

## Funds Required for Delinquency Fight

Miami — (U.P.) — A Senate subcommittee investigating juvenile delinquency was told that the federal government should spend \$1,000,000,000 to deal with a nationwide problem of homosexuals.

Mayor Abe Aronovitz told the subcommittee headed by Sen. Robert C. Hendrickson (R-NJ) at a one-day hearing yesterday that the federal government should help local governments "battle the problem."

Noting that the government spends billions for defense or for other domestic projects, Aronovitz said, "something is wrong somewhere if we can't find one little billion dollars to take care of our own children."

Chairman Daniel P. Sullivan of the Greater Miami Crime commission told the committee that no other "one phase" of the nation's criminal problem poses as great a threat as homosexuality does.

Although authorities have cracked down in this tourist city, Sullivan said, the number of perverts, recently estimated at 8000, is still rising in Miami.

## Reindeer Block Eugene Traffic

Eugene — (U.P.) — It being the Christmas season and all, police were slightly skeptical yesterday when they began to receive reports from motorists that reindeer were blocking traffic here.

But it turned out to be a fact.

Comet and Cupid, two of Santa's best, were visiting a market on the outskirts of Eugene when they broke away. They were chased by city and state police, plus scores of volunteers. The deer finally were cornered at a sawmill.

The reindeer are from John Zumstein's ranch at Redmond.

The Church of the Nazarene congregation will present an annual candle lighting service Sunday at 7:30 p. m. The Sanctuary choir will present the Christmas story and traditional music and literature will be presented.

Hal von Stein, writer and artist of the Rogue valley, will present a chalk-drawing entitled, "Bethlehem—As the Shepherds Knew It." Background music for the drawing will be furnished by Madelyn Hurn on the vibraphone.

The Sunday school students will present a children's program at 10:30 a. m. Treats will be given to all who attend the program.

## DeCicco To Protest Rejection of Bid

Portland — (U.P.) — Mike DeCicco, head of the DeCicco and Son Tire company here, yesterday announced his intention of contesting the rejection of his bid to furnish tires to the state of Oregon.

DeCicco said his bid would have saved the state some \$25,000, but that it was rejected on an "unreasonable technicality" requiring the persons signing a bid to initial above erasure or alterations, and requiring forms certifying the erasures to accompany the bid.

Peck Brothers of Portland was awarded the bid.
