On The Side

By E. V. DURLING
(Distributed by King Features Syndicate, Inc.)

When there is only one girl in a family and a lot of boys, the girl is usually successful. Either she marries well or achieves fame and fortune in a career. It may be that a girl with a lot of brothers has a better opportunity to get a useful understanding of men than other women. Lily Langtry, the Jersey Lily, was an only daughter. She had six brothers. At 16, Lily married a wealthy Irishman named Edward Langtry. Also, as you know, she achieved much fame and fortune as an actress.

Asides

Am asked if there is such a thing as "a widow's ring." Understand a widow's ring is a gold ring inlaid with black enamel. Too many mothers talk baby talk to their offspring too long. If a mother talks regular English to an infant it will learn to talk intelligently much sooner.

Civic Pride

The citizens of what city have the most civic pride? My nomination would be those of Pittsburgh, Pa. St. Louis is not far behind in this respect. For example, take Abe Slusky of St. Louis. He drank twenty pints of locally made beer a day for thirty consecutive days just to prove to the world how good St. Louis beer was. Incidentally, Mr. Slusky had a daughter who married a man named Broadsky. The first child of this union was named Slusky Broadsky.

Steady Job

"Soda Ash Johnny" Horan worked for the Chicago, Milwaukee, St. Paul and Pacific Railway for eighty-three years. That is the world's record for continuous employment with one organization. Horan was the originator of the use of soda ash in the treatment of water in locomotive boilers. He died in 1932 at the age of 100.

Horses and Women

Seems plump females are being continually harassed by provocative questions. In the spring it is that classic query: "How are you going to look in a bathing suit?" Now the women who are a bit overweight are having the following question tossed at them: "Can you face a full-length mirror?"

Briefly

Mary Owens, who turned down Abraham Lincoln's proposal of marriage, explained the refusal by saying, "Mr. Lincoln was deficient in those little links which made up the path of a woman's happiness." ... If your next blessed event turned out to be girl triplets, what would you name them? Some years ago, female triplets born in Corona, Calif., were named Faith, Hope and Charity.

Longevity

Asked why he thought he had lived to such a ripe old age, the distinguished New York physician, 97 year old Dr. Maurice J. Lewis, said: "I do believe that it is by virtue of the fact that I have been abstemious as far as food intake is concerned and haven't played hob with my digestive tract."

Ideal Secretary

"What is your conception of an ideal secretary?" asks a young woman of Manhattan. I believe the ideal secretary should be a sympathetic, considerate, cheerful, intelligent girl with a low voice and a well-developed sense of humor, who has been happily married for at least five years. Happily married women make the best secretaries.

Please Note

Take a pair of fried eggs sunny side up. Do you know how to tell if the eggs are fresh? An expert on the subject says if the yolk stands up very high it is a fresh egg. If it is only slightly high, it is about two weeks old. If the yolk is flat, it is an old egg.

Argentina Girl, 12,

Mauled by Circus Lion
Miramar, Argentine—(AP)—Twelve-year-old Angelica Ruiz was mauled critically by a circus lion last night when she wandered too close to its cage in the dark. The girl was clawed and bitten on the legs and abdomen before a trainer heard her cries and rescued her. She was hospitalized in critical condition.
