## Roosevelt School Division Discussed by PTA Members

Facts concerning the operation of Roosevelt school after completion of the new junior high school, which is to have an annex for the fifth and sixth grades of Roosevelt, were presented by Mrs. Richard Knight at the last meeting of Roosevelt Parent-Teacher association.

The report was based on a meeting of the PTA's executive board the preceding day with Elliott Becken, assistant school superintendent. Mr. Becken in-

formed the board that lunch hour at the annex would be 12 noon and there will be segregation of the two groups as to dining area. The elementary division will continue to participate in intramural sports with other elementary schools of the city, under its own colors, and the athletic program will be carried on at Roosevelt school, using those facilities.

The band will use the junior high school music facilities, but any programs in which they participate will be held at Roosevelt school. John Childers, principal of Roosevelt, will have jurisdiction over the fifth and sixth graders, assisted by a head teacher from those grades. Insofar as building facility administration is concerned, the principal of the new junior high school will be in authority, but close coordination will be maintained, it was said.

Mr. Knight reported that the executive board was in complete agreement on the arrangements as presented by Mr. Becken for handling of the fifth and sixth graders in the new junior high school building. The board also agreed on maintaining a single PTA unit since the two grades will eventually be returned to Roosevelt school and during the interim will still be under the same principal's supervision.

It was recommended by the board that Roosevelt school and annex function as a single unit, and the association voted favorably.

A program was offered by the students of the fourth, fifth and sixth grades. The fourth graders presented several vocal selections and a group of fifth and sixth graders demonstrated how student body meetings are conducted by the actual participation in such a meeting. Mr. Childers introduced the Roosevelt safety patrol and gave a brief explanation of its aims and duties to promote greater safety for the school.

With a total of 177 people attending, Mrs. Ednae Adams' room was winner of the room count in the lower grades, with Mrs. Gertrude Lorton's room winning in the upper grades. Hostesses for the afternoon were the mothers of pupils in the fourth grade.

Mrs. Lou Cranston, president of the unit, presided at the meeting which opened with the invocation by Dr. J. Thomas Dixon of First Methodist church.

**As We Live**  
By ELIZABETH HURLOCK, PH.D.

Don't Give Gifts You Can't Afford  
No one should feel obligated to give more expensive gifts than he can afford. Regardless of the recipient's reactions, he should cling to this policy. A woman writes:

(Q) "Our parents and our married children expect an expensive present (usually more than one) at Christmas and on their birthdays. My husband and I both work but make moderate salaries, and we are saving for a home. In return, we usually receive very inexpensive gifts from all of them, though some of them could afford nicer ones. Don't misunderstand me: we do appreciate the gifts we do receive. We want no hurt feelings but we feel this business is a little too one-sided and we would like to change the situation without controversy. How can we accomplish this?"

(A) Why not simply say, when you give a gift to a member of your family, that you wish you could have given more but you and your husband feel you must save for your old age, and provide security for yourselves. Your married children should be especially glad to hear that you and your husband are doing all you can now to maintain your independence.

It is very bad form, even within a family, to criticize any gift

**Girl, 18, Ruled Old Enough To Drink**  
Portland—(U.P.)—If a woman is old enough to marry she is old enough to drink, Municipal Judge John J. Murchison indicated yesterday.

Judge Murchison found 18-year-old Mrs. Joyce Whitmore technically guilty of falsifying her age in a liquor outlet, but he suspended sentence because of an Oregon law which holds that a person is deemed to have reached his or her majority upon being married.
