Hopelessly

CONSTIPATED

"I've tried so many medicines that I honestly didn't think Kellogg's All-Bran would help my constipation. Now I take a bowl a day and am regular naturally—with no drugs." Mrs. C. S. Yurick, 1707—8th Ave., Beaver Falls, Pa.

Mrs. Yurick's experience is typical of thousands. Good-tasting Kellogg's All-Bran, made from whole wheat bran, is scientifically milled to bring you bulk forming food in its most effective cereal form. It also contains important body builders such as: iron, phosphorus, vitamin D and essential B vitamins.

Remember this, there is only one All-Bran—Kellogg's, the original. All-Bran brings gentle, natural regularity in just 10 days, or you get double your money back.

Great Captain Nabs Handicap

Arcadia, Calif. — (UP) — Ogden Phipp's Great Captain, whose major victory last year was in the Saratoga cup, came through on the rail Saturday to capture the \$29,250 San Marcos handicap over Santa Anita's turf course after the sensational Poonia II had led most of the way in the mile and a quarter race.

Ridden by the steady Bill Boland, Great Captain laid well off the pace in the field of 10 horses but when the field turned into the stretch he found racing room to come through for a victory by better than two lengths over Poonia which was second. High Sead finished third.

The time was 2:03 4-5, good for the Hillside and Infield turf course but not exceptional.

Falls City, Neb. — (UP) — Mrs. Francis Morton discovered a bull snake hanging onto her car when she arrived on a shopping trip. After efforts by a policeman and onlookers failed to dislodge the snake, the car was put on a hydraulic lift and it was "unwrapped" from the frame of the car and killed.

Cadillac

Only 35—But He Has Earned It!

Used to be you didn't see a young man at the wheel of a Cadillac very often.

Most of the proud and happy people driving Cadillacs showed at least a little gray at the temples. But things are changing. In fact, it isn't at all unusual any more for a man in his thirties to move up to the "car of cars."

There are two basic reasons for this.

In the first place, success is coming earlier now to a great group of young men than in years gone by. Men are going into business and the professions with fine technical training which starts them off at levels they used to be years in attaining.

And, secondly, the news of Cadillac's remarkable economy is spreading far and wide.

Actually, once a man feels justified in making

the initial investment, he is economically on sound ground when he selects a Cadillac.

First of all, he can keep it and drive it with pride for almost any period of years he may elect—for its endurance is beyond all practical measurement.

Upkeep is remarkably low—and few cars of any size or price will run farther on a gallon of gasoline.

And even when it comes to the purchase price, there is much to be said for the "car of cars." There are twelve models of other makes which actually cost more than the lowest-priced Cadillac.

Thus, it is small wonder that more and more people in a younger age bracket are making the move to Cadillac. It has become a logical and practical thing for them to do.

So, if you are ready for a Cadillac—remember that achievement—and not age—is the criterion.
