DONALD W. RUBLE
Made To Order
Hearing Aid Technician

MEET THE MAN WHO CAN
Help You HEAR
SEE HIM AT THE
JACKSON HOTEL
MEDFORD, OREGON
10 A.M. - 6 P.M.
Tuesday, Jan. 25

★ WHO IS DONALD W. RUBLE?

He owns the Maico Hearing Service, one of Portland's most modern and best equipped hearing aid offices located at 415 S.W. Broadway (next door to the Liberty Theatre). He has been fitting and servicing the hard of hearing with Maico instruments exclusively for the past nine years.

★ CAN HE FIT HEARING AIDS PROPERLY?

Ruble is a factory-trained Maico technician, having passed the examination required by the Medical Acoustic Instrument Company on hearing and hearing problems in order to successfully understand and fit Maico Hearing Aids. The other members of his staff also are Maico-trained technicians, successfully completing a refresher course every year to keep up with the new developments and advancements made in the hearing aid field. At present these technicians include Mr. J. R. Culver, Mr. Ellsworth Breen and Helen Cabe.

★ WHAT HEARING AID DOES RUBLE DISPENSE?

Maico, the most trusted and respected name in the hearing aid field. Over 90% of all hearing tests made in the world are made on Maico built instruments, including every ear specialist in Oregon and Southern Washington, public schools and schools for special education in teaching the deaf. The University of Oregon Medical School and many others. HUNDREDS of hard of hearing persons in this area wear Maico hearing aids.

★ DO MAICO HEARING AIDS REQUIRE BATTERIES?

No. Maico hearing aids are transistor instruments, using tiny energy cells the size of a dime and operate for less than a cent a day or about \$3.00 per year. Maico aids are the world's smallest, weighing only an ounce, and are worn in a lady's hair, with no cord on the neck and positively no clothing noise, or as a man's tie clasp.

★ ARE MAICO HEARING AIDS SOLD ON TERMS?

Yes. Your old hearing aid will serve as a down payment, or an extremely small down payment will suffice. Monthly payments run about the cost of batteries in a vacuum tube aid. Low bank rates are available.

★ CAN RUBLE MAKE EVERYBODY HEAR?

No. Many hard of hearing people can't be benefited by hearing aids. He will test your hearing and will tell you to what extent you can be helped by a hearing aid. But hearing aids must be fitted for one to understand. Trying to hear on an aid that doesn't fit is like trying to see with someone else's glasses.

★ DOES RUBLE CHARGE FOR HEARING TESTS?

No. He will test your hearing without cost or obligation. If a hearing aid won't benefit you, or if you decide you don't want an aid, he won't try to high-pressure you into buying an aid.

If you can't meet Ruble at the time and place indicated above, fill out the coupon below and mail to him and he will call at your home for an examination of your hearing. Stop your frustration and embarrassment with good hearing. A hard of hearing person is a lonesome person and is often a problem for his family.

Rash of Bills Bog Oregon House; More Lawyers Slated To Be Hired

Salem (UP)—The Oregon legislature entered the third week of its 1955 session today with the House so bogged down that more attorneys were slated to be hired to write laws.

To date the House has passed only two of the nearly 200 bills dropped into its hopper. One was the routine bill authorizing payment of legislative expenses. The other provided compensation benefits to disabled workers and widows who were bypassed by the 1947 act.

Most of the House bills introduced are in committee for study and recommendation. However, the greatest bottleneck stems from the lack of legal talent to write the pet measures of the representatives into clear law.

House Speaker Ed Geary and Senate President Elmo Smith have given a green light to a proposal to hire more lawyers to speed things up.

The lower chamber this week will get the Senate bill which will enable Portland State College to become a degree granting institution. It also will get a Senate approved measure providing penalties for rioting at state prisons.

Funeral Wednesday for Former Local Resident

Funeral services will be held in Eagle Rock, Calif., Wednesday for Mrs. F. J. Spalding, who died at Solheim Home there Saturday. She and her husband, who was in the logging business here for many years, left Medford about four years ago. He died in September, 1954.

Survivors include three sons, R. G., Menlo Park, Calif.; Allen, Crockett, Calif.; and Howard, Los Angeles.

ber, with its more experienced members, has organized its activities faster. Consequently full committee sessions were held last Friday to work over the proposed measures.

Fishing Laws Discussed
Sens. Paul Geddes (R-Roseburg) and Walter Leth (R-Monmouth) were due back today after a junket to Olympia, Wash. The pair talked with Washington Fish and Game officials and legislators on the setting up of uniform rules for Columbia river fishing.

The Senate will send to the House this week a memorial asking Congress to support construction of Green Peter and Cougar dams under the so-called partnership plan. Although op-
