

Beauticians Make First Plans for National Week

Medford unit of Oregon Beautician's association has started plans for the observance of National Beauty Salon week, to be held this year February 2-26.

The week will open here with the visit of a styling committee from the state association on February 20. The committee will give lessons in the latest hair styling and conduct a contest for local beauticians. The meeting will be held at Medford Beauty school.

Making local arrangements for the event are Mrs. Maxine Hammond, fifth vice-president of the Oregon association, and Mrs. Millie Wilson.

According to a release from the National Hairdressers and Cosmetologists association, the "shaggy" look for women's hair is in its way out and the new style is simple and sleek with emphasis on a feminine look. Coiffures will have a "gleaming plateau" with a high line at the eye line and slightly bouffant look. Bangs will be used for those who want to look bewitching, a clean sweep off the forehead is recommended for those who want to look dramatic and "the coif and the collar line are not to meet."

Fr those who use color in the hair, the association predicts that topaz, gold narcissus, chambraine tints and peach blossom pink will be in vogue for blondes, mink brown and "bunny" brown for brunettes and that black will have a hint of hyacinth purple in it.

Hollywood — (U.P.) — Ice queen Sonia Henie will have movie stars climbing into circus

Aline Mosby

That smaller shindig featured no dinner, while Sonia's \$15,000 party will have champagne, filet mignon, turtle soup and flaming Baked Alaska. There will be trapeze swinging also at the circus ball but this time by regular circus performers, not a studio executive.

The floor show, with a circus motif, will star jugglers, animal acts and a sword swallower.

Circus Ring
A callopie will grind out circus music in front of the nightclub on the famed Sunset strip. Inside, the supper club will be transformed into a circus by a huge tent, sideshow banners, cotton candy and two dance orchestras decked out in circus band uniforms.

Clowns carved out of ice and tiny merry-go-rounds will decorate the tables. "This party is just for fun," dimpled Miss Henie said at her home where she and a secretary were busy checking the list of 350 guests.

"I am so seldom in Hollywood and I found myself with a couple of months vacation here, so I decided to have a party."

Hollywood needs a touch of glamour. People get tired of hearing about stars cooking in their kitchens.

Sonia said she would wear one of her old skating costumes. One harried worker sighed he hopes everybody doesn't show up as ring-masters and trapeze artists.

Hollywood hasn't glittered with a big costume party for years, except for Terry Moore's "welcome home" affair a year ago at Ciro's where producer Darryl Zanuck swung on a trap-

The hiring of a part-time clerk is in line with the mayor and council's change in city administration. Under the new plan, Pinkham, elected city recorder, will be general coordinator of city affairs and will work out of the recorder's office supervising street and maintenance work part of his time. Vincent will manage the office in Pinkham's absence.

Famous Trichologist Tells Truth About Saving and Improving Hair

This new method of home treatment for saving and growing thicker hair will be demonstrated in Medford, Oregon, Sunday ONLY, February 6, 1955. These private demonstrations will be held at the Medford Hotel on Sunday ONLY, February 6, 2 p.m. till 9 p.m.

CHICAGO (Special)—In an interview here today Mr. E. V. Safranski, internationally famous trichologist and director of the Millard Hair and Scalp Specialists said "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

GUARANTEED
"The Millard firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offer a guarantee," Safranski said.

Once a person avails himself to the Millard treatment his skepticism immediately disappears. To insure this we offer this guarantee: "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

HOPELESS CASES DISCOURAGED
First the Millard specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny, bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Millard people can perform wonders.

Every one is given a complete, private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATIONS
This examination is very thorough and highly technical, it requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Millard firm in Chicago, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Millard firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL
"We have no cure-all for slick, shiny baldness," Safranski emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Safranski wants to be certain every man and woman knows. If a recession appears at the temples or a spot begin to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME
"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Safranski said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR?
If it worries you call Trichologist E. J. Gallagher at the Medford Hotel in Medford, Oregon, on Sunday ONLY, February 6, 2 p.m. to 9 p.m. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.
