49th Year No. 276

## Pinay Eyes Cabinet by Thursday

### French Assembly Almost Certain To Reject First Bid

Former Premier Again Tries Hand

Paris (U.P.)—Antoine Pinay, a smalltown businessman who served as premier for eight months and 15 days and didn't like it, said today he hoped to form France's 21st postwar government by Thursday.

Pinay, 63, agreed Sunday night to accept President Rene Coty's mandate. But when the National Assembly voted him out of office two days before Christmas, 1952, he said, "I won't go back before that lion's den again."

Pinay began his drive for a new cabinet with a touch of the same brusqueness that won Pierre Mendes-France the nickname of "Mr. France" before he was toppled from the premiership Saturday. But it was considered almost certain the National Assembly would reject Pinay's first bid for office so it could see who else would be offered the job.

Pinay, a businessman who married the boss' daughter and became owner of a tannery, held the job of premier in another period of crisis. He tried for political stability then but his plan to "save the franc" tumbled before the divided assembly. Pinay, after being asked by Coty to form a government, accepted despite a previous denial earlier in the crisis. He talked to the leader of his own party, the National Center of Independents, then shortly after midnight told newsmen:

"I think it will be possible to present a cabinet to the National Assembly on Thursday at the latest."

**Optimism Not Shared**  
Few political observers shared his optimism. The general outlook was bleak since France has no government at time of the Formosa crisis. It has no budget to pay its bill and it has no ministers to deal with new troubles at home and abroad—German rearmament, nationalist resurgence in North Africa and a threatened political breakdown in Indochina.

Pinay's first act was to summon to Paris the three top French leaders in North Africa and to put off the departure of new Algerian Governor-General Jacques Soustelle. Mendes-France fell in a vote of confidence on North African policies.

### Portland School Fire Investigated

Portland (U.P.)—Firemen today roped off a section of the new Marcus Whitman school here to probe a mysterious fire near the school auditorium early this morning.

Fire Chief M. N. Knapp said the investigation would be conducted by the state arson squad. He said the fire occurred some 10 minutes after the district's two fire wagons had been dispatched to a truck fire some 10 blocks away.

The chief said it was possible the truck fire was started as a diversion. He said he thought both fires were started by an arsonist.

County police said damage at the school was between \$300 and \$400.

### Rancher Rescued by Firemen After Silo Wall Collapses

Central Point—Services of the Central Point rural fire department are not limited to answering fire alarms. Firemen rescued a trapped rancher this morning. Dixon Saltgaver, West Scenic ave., apparently escaped serious injury, when the wall of his trench silo collapsed. Fire Chief Richard Krupp reported.

Saltgaver, who was hauling ensilage, was caught between the wall and his pickup truck.

H. H. MAYBERRY Shrine Leader Dies

### Henry H. Mayberry Dies at Ashland; Funeral Wednesday

Henry Herman Mayberry, prominent Ashland resident and recorder of Hillah Shrine temple, died Sunday morning at Ashland General hospital following a brief illness. Final services will be conducted by Ashland Masonic Lodge 23 at Litwiller's Mountain View chapel in Ashland Wednesday at 2 p. m.

Mr. Mayberry held many high offices in southern Oregon Masonry, including past master of Ashland Lodge 23, A.F. and A.M.; past high priest, Royal Arch Masons, past commander of Malt a Commandery No. 4, Knights Templar, and past illustrious potentate of Hillah Temple.

Mr. Mayberry was born at Gainsborough, Tenn., August 9, 1894. His family moved to California when he was a child, and on Nov. 1, 1913, he was married to Myrtle V. Young at Montague, Calif. For 44 years he associated with the Southern Pacific railroad, and came to Ashland in 1922 as passenger agent. In recent years he has been on leave from his S.P. post due to ill health.

Survivors include his wife, a son, Howard H. Mayberry, Portland, and a daughter, Mrs. John von Kuhlmann, Ashland.

Active pallbearers will be Henry Enders, Ashland; Elbert Lenox and Ray Frisbie, Medford; Eugene Tardy, Grants Pass; Don Kenyon, Klamath Falls, and Eugene Flavel, Lakeview.

Honorary pallbearers include Arthur Leavitt, Paul B. Rynning, Paul Winters, Cass Murdoch, Chester Hubbard, Ronald Gander, Dr. George Guldager, Sam Jordan, E. C. Jerome, A. K. Cass, L. C. Taylor, Leonard Mayfield, Jorgen Jorgensen, Lyndel Newbury, Kenneth Sprague and Claude Esselstrom.

**DOW-JONES AVERAGES**  
New York (U.P.)—Dow-Jones final stock averages: 30 industrials 409.59 off 0.17; 20 railroads 142.95 off 0.42; 15 utilities 62.98 up 0.16, and 65 stocks 150.61, off 0.09. Sales today were about 3,610,000 shares compared with 3,370,000 shares traded Friday.

Fresno (U.P.)—The ninth quadrennial business session of the Pacific Union Conference of Seventh-Day Adventists opened here today with about 1000 church members in attendance.

Hollywood (U.P.)—A son was born to Mr. and Mrs. Jose Ferrer today at St. John's Hospital in nearby Santa Monica. The mother's professional name is Rosemary Clooney.

### Oregon Automobile Mishaps Kill Four; 22 Persons Injured

Head-On Crash Sunday Kills North Bend Man

**By UNITED PRESS**  
At least four persons were killed in highway accidents in Oregon during the past week end, and 22 persons were injured.

Thomas Cleveland Williams, 34, North Bend, was injured fatally last night in a head-on collision between two automobiles near Halsey.

Williams' auto struck one driven by Audey Wilbur Unger, 53, Albany, Unger, and his wife, Mavis, 33, were both injured critically. Their four-year-old daughter was unhurt.

**Portlander Killed**  
Milton David Knapp, 39, of Portland, was killed instantly Saturday when his car went out of control four miles south of St. Helens and overturned in a ditch. His companion, Marion R. Davis of Portland received shoulder injuries. Orville E. Euvens Faircloth, 20, of Weston, died Saturday when his car overturned and rolled 115 feet on highway 11, five miles south of Milton-Freewater. Three passengers—Dudley Casper, 33, of Athens; Gerald King, 18, and Leo Mitchell, 17, of Weston—were injured and taken to Walla Walla hospital where they are reported in good condition.

**Crash with Tree Fatal**  
Another Portlander, 26-year-old Earl Thompson was fatally injured Saturday night when his car went out of control and crashed into a tree four miles east of Astoria on highway 30. Two of the four passengers in his car were injured.

Eleven persons were injured, none of them seriously, in a four car smash-up at Oregon City Saturday. A trailer truck driven by Frank Abreu, 30, of Brentwood, Calif., jackknifed coming out of a railroad underpass and three cars piled up around it.

Five persons, including the president of Linfield College at McMinnville, were injured in a Saturday night crash in Portland.

President Harry Leslie Dillon, 46, was treated for a leg injury. His wife, Irene, was badly bruised.

College Admissions Director Aubrey M. Baker suffered shock and internal injuries. His wife, Eloise, received internal injuries and a fractured shoulder.

Sheriff's deputies said Dillon's car was struck from behind and jolted 130 feet into another car driven by Milton Patrick Brennan, 56, of Portland. Brennan, who suffered face cuts, told police he didn't see the other cars.

### Preacher Conducting Gospel Filibuster

West Richland, Wash.—(U.P.)—Preacher Clinton Locy claimed the record for the longest sermon ever delivered today and said he might extend his goal of a 48-hour gospel filibuster.

Locy, dean of the visual Bible training center, entered the pulpit at 12:01 a.m. yesterday and vowed he would continue his sermon until the same time tomorrow.

After only 12 hours, he had completed the Old Testament. He figured the New Testament offered enough material to keep him talking at least until tomorrow.

### Supreme Court To Probe Teacher Firings

Washington (U.P.)—The Supreme Court agreed today to decide whether New York City has the power to fire school teachers who refuse to tell congressional investigators whether they have ever been Communists.

It accepted for review later this term an appeal brought by Harrow Stochower, former professor of German and literature at Brooklyn college. He was fired after he balked at answering some questions of a Senate Judiciary subcommittee in 1952.

### Modest Income Said Hit Hardest by New State Tax Proposal

Salem (U.P.)—The tax program advanced by the State Democratic Legislative Policy committee would hit the man of modest income and benefit the man who makes \$100,000 a year, Sen. John P. Housnel (R-Hood River), said today.

And he produced figures from the State Tax commission which he said proved his point.

Housnel has advocated the proposal of Gov. Paul L. Patterson that \$30,000,000 a biennium toward an anticipated deficit of \$45,000,000 be raised by eliminating the federal income tax offset from the state income tax.

**Surtax Proposed**  
The Democratic proposal is to raise the same amount by a 30 per cent surtax on state income taxes.

But Housnel claimed it would take a 42 per cent surtax to achieve the results desired.

Housnel said the budget that had been presented to the legislature by the governor through his budget division was tight and realistic.

He said there was very little fat that could be removed from the budget without cutting deeply into things the people themselves had voted for—like basic school support. So here's the way, dollar-wise, the net effect could be if the Legislature adopts the governor's program or takes on the Democratic proposal.

**Comparison Given**  
Assume that a man and wife have one dependent. Here is the comparison on net change:

With a salary of \$3,000 a year, without federal offset, a net increase of \$3. With surtax, \$4.89. Income of \$6,000 a year, without offset, \$22. With surtax, \$29.20. With \$8,000 income, without offset \$42, with surtax \$46.65. With \$10,000 income, without offset \$66, with surtax, \$72.28. On \$20,000 income, without offset, \$197; with surtax \$203.09. On \$30,000 income, without offset, \$349, with surtax \$300.26. On

### Woman Hit by Truck, Taken to Hospital

Elsie Lillian Hohensee, manager of the Greyhound Post House, was taken to Community hospital at about 11 a.m. today after being struck by a truck while crossing Bartlett st. near Fifth st., according to city police.

She was taken to the hospital by Medford Ambulance service. Attendants indicated that Mrs. Hohensee would be released from the hospital later today.

Wayne Donovan Lemley, route 1, box 3, Ashland, driver of the pickup truck involved in the accident, was cited by city police on a charge of failure to yield right of way to a pedestrian. Officers said Lemley was released after posting \$10 bail.

### Runaway Teen-Agers Arrested in Kansas

Vancouver, Wash.—(U.P.)—Seven teen-agers who ran away from school here last week to go to Los Angeles have been arrested in Wakeeney, Kan., on vagrancy charges.

The three girls and four boys, aged 16 and 17, were last seen in a 15-year-old car Wednesday night. At first they were reported to have headed for Los Angeles, but police later guessed they would be found on an Oregon beach.

Clark County juvenile authorities, who were informed of the arrests by the Trego County District Attorney in Kansas, said the group had collected about \$60 from the Red Cross, Salvation Army and similar groups during the trip East by "giving them a sad story."

Portland (U.P.)—Funeral services will be held at Forest Grove tomorrow for Lotus Lee Langley, former Multnomah County District Attorney who died Saturday at the age of 79.

**Weather**  
FORECAST: Cloudy and mild tonight. Partly cloudy Tuesday. Low tonight 38-40. High Tuesday 48-50.  
Temp. Highest yesterday 47. Lowest this morning 39.

### American Planes, 7th Fleet Cover Mass Evacuation

Red Planes Disappear In Unofficial Truce

London (U.P.)—Communist China today warned the United States that if U.S. aircraft "continue to carry out military provocations" they must "bear all the serious consequences arising therefrom."

Taipei, Formosa (U.P.)—Troops and civilians began a bloodless evacuation of beleaguered Tachen Island today under an around-the-clock protective cover of hundreds of American fighter planes and the massed might of the U. S. Seventh Fleet.

Red planes which only hours before had held complete air mastery over the island disappeared, seemingly in an unofficial cease fire.

**Dead Silence Significant**  
United Press Correspondent William Miller reported late Monday night that, "The most significant thing at Tachen Monday was the almost dead silence."

The only report of Communist activity in the Formosa Strait area came from far to the south when Red guns on the China mainland plopped shells on Nationalist-held Quemoy.

In Taipei, a naval spokesman was asked about a report that Red anti-aircraft guns had fired on U. S. carrier-based jet planes. He said he had "no information" on the report although he had asked Admiral Alfred M. Pride specifically to be sure to inform him of any such incidents.

**Bulletin**  
Washington (U.P.)—A "substantial" amphibious task force of the U. S. Seventh Fleet has now moved into position and will begin removing Chinese Nationalists from the Tachen Islands in the next few hours, a high Navy source said shortly after 3 p.m. EST today.

Naval headquarters in Washington said it also had received no such report.

**Poor Flying Weather**  
Miller reported flying weather for the history-making evacuation of some 14,000 troops and 18,000 civilians was far from ideal.

But the only apparent Communist military activity was a hostile and hostile at Red air bases near Ningpo, about 15 minutes flying time from Tachen. This activity was picked up by fleet radar operators.

Miller went ashore at Tachen today from an amphibious command ship lying off the island. He saw Chinese soldiers feverishly tearing down installations and securing heavy equipment for evacuation.

He quoted the island's commander, Gen. Liu Lien Chi, as saying:

**Nationalists Bitter**  
"If my government wants me to go, I go. If they order me to stay, I'll stay. I would rather stay. I have been here six years and if I stay I will hold out to the last man and the last round of ammunition."

Many of the Chinese were bitter at leaving, Miller said.

Adm. Pride, commander of the fleet whose six carriers filled the skies with heavily armed planes, radioed that "up to now everything is according to schedule." His was the first official word on the evacuation's success.

Salem (U.P.)—Gov. Paul L. Patterson has appointed Rev. O. W. Payne of Coos Bay as a member of the Coos county public welfare commission.

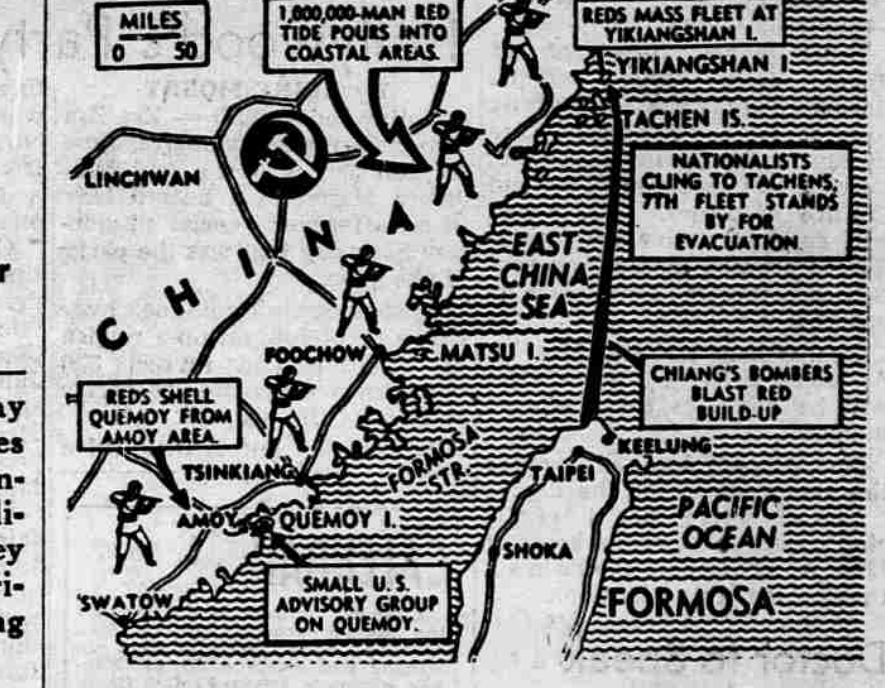

### Springfield Radio Station Temporarily Bans Record on Legion Subversion Claim

Springfield, Ore.—(U.P.)—A long playing record titled "The Investigator" was temporarily banned by Radio Station KRGA here today pending an investigation by the American Legion.

The 45 minute disc is a transcription of a program played by the Canadian Broadcasting System and debunks Congressional investigations.

**Record Claimed Subversive**  
The Legion has charged that the record is "somewhat subversive" because it ridicules the investigative activities of Sen. Joseph McCarthy (R-Wis.).

Glen Stadler, station manager, said he would not play the record if the American Legion could back up its charges that money from the sale of the record went to the Communist party and that the record itself aided the Communists.

**FORMOSA FIGHT SHAPING UP**—Newsmag locates developments in Formosa crisis as Chiang Kai-shek states Formosa has entered a "state of war." Nationalist-held Quemoy Island, where small American advisory group is reported stationed, is shelled heavily by Reds from Amoy area. One-million-man Red reinforcement from North China is reported pouring into broad arc facing Formosa. Nationalist bombers blast Red invasion fleet off the Tachens as U. S. 7th Fleet stands by for call to execute evacuation of reluctant Nationalists.

### Red China May Offer Counter Proposal in Formosa Cease Fire

Washington (U.P.)—Sen. Walter F. George said today Red China may come up with a counter proposal for a cease fire in Formosa.

The Georgia Democrat, chairman of the Senate Foreign Relations committee, told newsmen he thought the Chinese Communists "hurt themselves," particularly with the British Commonwealth nations, by the curtness of their refusal to take part in United Nations cease fire talks.

As a result, he said, he does not rule out the possibility of an eventual Communist counter proposal to relieve tension in the Far East where the United States has laid down a peace-or-war challenge to Red China.

George also told newsmen he believes the Senate will approve without any difficulty the mutual defense treaty with Formosa when it finally comes to a vote. But he said efforts may be made to write reservations into it.

The foreign relations committee scheduled a closed door meeting with Secretary of State John Foster Dulles today to consider the Formosa treaty.

George said there is a slight chance for final Senate action this week if the committee can approve the pact Tuesday. If floor action is not completed by Thursday or Friday, however, a final showdown will be delayed until Feb. 21 or later because of the "no business" agreement during the Republicans' Lincoln Day speechmaking sessions this month.

**Defense Limits Expected**  
Sen. Wayne L. Morse (I-Ore.) and others have indicated informally they may offer reservations which would describe exactly what territory the U.S. will help the Nationalist Chinese defend.

Meanwhile, House Republican leader Joseph W. Martin, Jr., said Sunday night that the U.S. show of strength around Formosa is the "best guarantee I know for peace." But if war should come, he said, "I wouldn't think Red China could hold out 30 days."

Martin's views on chances for peace were echoed by Rep. Walter H. Judd (R-Minn.) a member of the House Foreign Affairs committee and a former medical missionary in China. He said the Communists have "backed off" every time the free world took a firm stand.

### Boy Friend Quizzed In Girl's Slaying

New York (U.P.)—Police questioned today a boy friend of Anne Yarrow, a New York university co-ed whose mutilated body was found in the bedroom of a Greenwich Village apartment.

Miss Yarrow's nearly nude body was sprawled across the mattress on the floor of the sparsely furnished apartment. She had been stabbed 40 times and mutilated from her neck to her ankles. Only her face was not disfigured.

Chief medical examiner Dr. Milton Helsen said the 23-year-old honor graduate of a Quaker college in North Carolina died as the result of "homicidal sexual assault." An autopsy will be performed today to determine whether exact cause of death was "strangulation, multiple stab wounds or mutilation."

Police brought in several friends of the dead girl for questioning, among them Ernest Jackson, 30, a Negro.

### Pope To Preside at Congregation of Rites

Vatican City (U.P.)—Ailing Pope Pius XII plans to preside at an extraordinary meeting of the Sacred Congregation of Rites, a high Vatican source said today.

It will mark the first time the 78-year-old pontiff has attended a church ceremony since his most recent illness began last November.

It tells the story of an unnamed investigator who was killed in a plane crash. In heaven he falls in with a bunch of rabble rousers and before long has set up an investigating committee. Persons probed include Socrates, John Milton and Thomas Jefferson.

**Proof Not Yet Furnished**  
Stadler said the Legion said it would furnish proof of the link between the record and the Communist party last Thursday, but had not done so by today.

Jack Larson, state vice-com-

### Red China May Offer Counter Proposal in Formosa Cease Fire

Washington (U.P.)—Sen. Walter F. George said today Red China may come up with a counter proposal for a cease fire in Formosa.

The Georgia Democrat, chairman of the Senate Foreign Relations committee, told newsmen he thought the Chinese Communists "hurt themselves," particularly with the British Commonwealth nations, by the curtness of their refusal to take part in United Nations cease fire talks.

As a result, he said, he does not rule out the possibility of an eventual Communist counter proposal to relieve tension in the Far East where the United States has laid down a peace-or-war challenge to Red China.

Martin's views on chances for peace were echoed by Rep. Walter H. Judd (R-Minn.) a member of the House Foreign Affairs committee and a former medical missionary in China. He said the Communists have "backed off" every time the free world took a firm stand.

### 126 Donors Registered For Bloodmobile Visit

Local blood bank officials in the Red Cross office reported this morning that only 126 donors had registered by this morning to give blood for tomorrow's Bloodmobile visit at the Elks' temple from 1 to 6 p.m.

More than 300 donors are needed to reach the city quota of 300 pints, they added.

It was pointed out that all donors should register as soon as possible, as the unit will be here on Tuesday, instead of the usual Wednesday visit.

Dropin donors will be welcomed during the afternoon. The unit will be at the Ashland Elks temple, Wednesday, from 1 to 6 p.m. to receive blood from Ashland area residents.

### Springfield Radio Station Temporarily Bans Record on Legion Subversion Claim

Springfield, Ore.—(U.P.)—A long playing record titled "The Investigator" was temporarily banned by Radio Station KRGA here today pending an investigation by the American Legion.

The 45 minute disc is a transcription of a program played by the Canadian Broadcasting System and debunks Congressional investigations.

**Record Claimed Subversive**  
The Legion has charged that the record is "somewhat subversive" because it ridicules the investigative activities of Sen. Joseph McCarthy (R-Wis.).

Glen Stadler, station manager, said he would not play the record if the American Legion could back up its charges that money from the sale of the record went to the Communist party and that the record itself aided the Communists.

The script for the recording was written by Ruben Ship, of Toronto, Can., and produced by Radio Rarities Inc., of New York, N.Y.
