

Training Maneuvers Due on West Coast

San Francisco — (U.P.) — Joint Army-Navy training maneuvers using more than 50 ships and a 6000-man regimental combat team will be held on the Pacific coast March 14-30, it was announced today.

Officers directing the combined operation said it will include amphibious assault landings, anti-submarine warfare, harbor, mine and air defense for the ships.

Lt. Gen. W. G. Wyman, commander of the Sixth army, said troops of the 38th RCT of the 2nd division will board ships at a simulated advance base in Puget Sound, Wash., and make their beachhead at San Simeon, Calif.

They will move inland and "strike" at the rear of an enemy force, he said.

Soviet Parliament Stirs National Budget

Moscow — (U.P.) — Both houses of the Soviet Parliament convened today to resume discussion of the national budget.

No major speech was expected until tomorrow when Foreign Minister Vyacheslav M. Molotov probably will make a major foreign policy address.

RACE HORSES KILLED

Phoenix — (U.P.) — Fire swept through an 80-stall barn at Arizona Downs race track early today killing 13 horses and destroying some 24 stalls.

LOOKS NICE FROM HERE—San Francisco hair stylist Bob Newberry puts finishing touches of his new hairdo on Susan Plant. He calls it The Pagan Coiffure and predicts it will have the ladies across the country "boycotting the boycott."

Sailors Break Up China War Protest

Portland — (U.P.) — Seven sign-carrying young people, protesting U.S. "intervention" in the Far East, had their meeting in front of the downtown U.S. Recruiting service broken up Saturday afternoon by sailors who tore up the signs.

That was the only violence, however. The seven, identifying themselves only as college students, said they weren't objecting to the draft or military service. "We just chose the recruiting office because it is symbolic of our military intervention in the Far East."

The signs read "Formosa Means War," "Bring Back the Seventh Fleet," and "Keep Out of China's Civil War."

Alabama, Georgia Warned of Floods

By UNITED PRESS
Flood warnings were issued for parts of Alabama and Georgia today as cold rains pounded much of the Deep South.

The Southland was soaked by rains that measured nine inches deep at Pensacola, Fla., yesterday and sent floodwaters pouring into the city's streets and low-lying areas.

Many Southern rivers swirled dangerously towards flood stage today as the rains continued.

Elsewhere in the nation, heavy snow warnings were issued for Vermont, New Hampshire and Maine and the mercury plummeted to 14 below zero at Grantsburg, Wis.

Ike Asked To Ponder Airlines Decision

Washington — (U.P.) — The state of Washington's congressional delegation asked President Eisenhower today to reconsider a decision allocating routes for airlines serving the Northwest and the Pacific.

Sen. Warren G. Magnuson (D-Wash.) said a letter had been sent to the President by the Washington delegation.

The letter asked the President "to reconsider his decision to award to the Pan American Airlines the route from Seattle to Hawaii and take it away from Northwest Airlines which has been serving the area."

Rogue River

Rogue River — Larry Sheehan has been elected chairman of the Jackson County Democratic Control committee. He is local committeeman and has been active in Democratic work for years.

Mrs. R. C. Cummings of Keno is spending some time at the home of her mother, Mrs. Mae Shults while her mother is confined to the Josephine general hospital. Other Rogue River people in the hospital are Johnny Branaman, Earl Young and Jack Hogan.

The March of Dimes dinner given in the VFW hall Thursday night was well attended and a huge success raising around \$400.

A very pleasant evening was enjoyed at the Rollin Taylor home recently on Evans Creek road. Present were Mr. and Mrs. Joe Golding, Mr. and Mrs. Bob Knight, Mr. and Mrs. Floyd Tellefsrud and Niles Henderson.

Dinner guests Jan. 30 at the Forrest Burnett home on Broadway were Mrs. Burnett's niece, Mrs. Beatrice Riebert of Gardner, Ill., Mr. and Mrs. Melvin Burnett and Bruce and Donna of Gold Hill and Mr. and Mrs. Max Riebert and daughter of Grants Pass.

BALLERINA WEDS

Paris — (U.P.) — British prime ballerina Margot Fonteyn and Roberto Arias, son of a former president of Panama, were married at the Panamanian consulate here yesterday.

On The Side

(Distributed by King Features Syndicate, Inc.)
The dove on yon withered bow
That lately mourned her mate
Has found another comrade now
Such changes all await!
If nature has decreed it so

With all above, and all below
Let us like them forget our woe.
If I were to pass away tonight
I would advise you—and you might
To love again tomorrow. —Freneau.

In discussing color psychology I have frequently mentioned the attention attracting powers of the shade of pink. Recently I reported I had been informed that a man who used pink reply cards had achieved better results than when using any other color. Now I hear pink shirts for men are among the top sellers in that line. Also that pink colored wine, such as vin rose, is breaking sales records. There is also said to be quite a current demand for pink champagne.

Asking
Queries from clients. Q. Why didn't Schubert finish "The Unfinished Symphony"? Nobody seems to know. Schubert wrote "The Unfinished Symphony" when he was 25. It was never played by an orchestra during his lifetime. Maybe he didn't think it was worth finishing. Q. What was the name of the New York night club owned by "Legs" Diamond during the prohibition era? A. Name of that club was the Hotsy-Totsy. It was on Seventh Avenue. Very wild place.

Shaving
How often do you shave? It is claimed only one man in seven shaves daily. I shave once daily. If I tried to shave twice in the same day the result is never satisfactory. I have heard of a fellow who has an electric razor at home, one in his automobile and one at his office. He shaves six times daily.

Horses & Women
There continues to be an increase in the hip measurement of the average American woman. The cause has not been definitely determined. The most generally accepted theory is that the average female sits down too much. Rather than walk a couple of blocks to a shop she will get out the family automobile and ride. Then, so many labor-saving machines have been invented for housekeeping that housework is no longer the excellent exercise for figure development it once was. Incidentally, if the bulge epidemic among our countrywomen continues it will be necessary to make bus and street car seats wider, provide more room for passing through revolving doors and compel shops specializing in feminine apparel to triple their stock of girdles and other types of form compressing garments.

Asides
Too many people are becoming inebriated these days. That is because they drink too fast. The time between drinks should be at least thirty minutes. . . . Do tears come to your eyes when viewing the sad part of a film or stage play? If so, it shows you have a good imagination. And only intelligent people have good imaginations.

Among the Married
Be kind to your mother-in-law. Don't hate her or you may be sorry. Not long ago there was reported a case of a man whose mother-in-law lived with him. He hated her. He was a sufferer from sinus trouble. He noticed the only time he enjoyed relief from sinus trouble was when his mother-in-law was away on trips. So he arranged to have his mother-in-law elsewhere for a time. His sinus trouble disappeared. However, his physician told him the reason he got sinus trouble in the first place was the emotional disturbance caused by hating his mother-in-law.

'BUCKET' HELPS MOD
Russ Jamison, originator of the "Bucket of Bucks" in the county March of Dimes drive, said today he had turned over \$287.22 to the polio fund. The money was raised by contributions received by Jamison's program on radio station KMED and from a "Bucket of Bucks" dance. Jamison said it was the largest amount his project ever had collected.

OIL HEAT
over all other fuels combined...
because:

OIL HEAT IS SAFEST!

With safe oil heat you relax, enjoy complete comfort and peace of mind. No exposed heating elements or glass to break, burn or explode. No dangerous fumes. Your oil furnace is automatic. Set and forget it.

OIL HEAT IS CLEANEST!

No dirty, messy basements. No dirt, no mess, no dirty furnaces. Oil is clean.

OIL HEAT IS ECONOMICAL!

Penny for penny, automatic oil heat gives you more real comfort at lower cost than any other fuel.

OIL HEAT IS DEPENDABLE!

There's plenty of oil. With oil you have your own fuel supply on your own property, not subject to pressure drops, industrial loads and brown-outs. You always get plenty of heat when you need it with dependable oil heat.

PATRONIZE THE DEALER WHO DISPLAYS THIS SEAL. HE IS A SPECIALIST IN OIL HEAT!
