IT'S OVER FOR THEM—Captured Chinese Nationalist soldiers walk from a bunker on Yikiang Island during last month's attack by Communist troops, according to caption supplied with this official Red Chinese photo from Peiping and released in London. Yikiang is eight miles north of the Tachens. Nationalist bombers claimed they caught a Red convoy near Yikiang Feb. 2 and "hit and exploded" two large Red vessels. Three waves of Nationalist bombers pounded the island with excellent results Feb. 3 according to official Nationalist claims.

Measures in Oregon Legislature

Salem — (U.P.) — An interim committee to study expenditures of candidates and nonpolitical organizations participating in behalf of or against candidates or measures would be created under terms of a Senate joint resolution.

It was introduced by Sens. J. O. Johnson (R-Tigard), Steward Hardie (R-Condon) and Lowell Steen (R-Milton-Freewater), and Reps. W. W. Chadwick (R-Salem), Herman Chingren (R-Molalla), Earl Hill (R-Cushman) and Arthur P. Ireland (R-Forest Grove).

Sen. Johnson said he does not believe there should be a limitation of expenditures on individual candidates or committees unless corporations and other organized groups also are restricted.

Hill said the present corrupt practices act is "archaic" and a committee should make a thorough study of it and report recommendations to the 1957 legislature.

Salem — (U.P.) — The Oregon Senate has approved the legalizing of radar as a means to detecting speeding motorists, without argument, but with five "no" votes.

Sen. Warren McMinime (R-Tillamook) said 42 states are already using radar. He said that there was some discussion as to whether use of the device was in violation of the Oregon speed-trap law, but said there appeared to be a difference between measuring off a certain distance (as in a speed-trap) and timing a motorist by the radar device as he passes a certain point.

Another measure passed by the Senate with only two dissenting votes would give airlines the right to serve liquor by the drink, as it now is sold on railroads.

A house bill to provide an education program for Klamath Indians as they go from reservation status to full citizenship status was approved unanimously

ly after Sen. Charles W. GINGER (R-LaGrande) said the federal government would provide the funds to employ a director at \$7500 a year to carry on the educational work.

Salem — (U.P.) — A Senate "fact-finding" committee with broad investigative powers would be created under terms of a resolution being prepared by Sens. Pat Lonergan (R-Portland) and Harry D. Boivin (D-Klamath Falls).

The resolution will substitute for an earlier one directed primarily against un-American activities. Sen. Lonergan said the proposed committee, which would make an interim study and report to the 1957 Legislature, "definitely will not be a witch-hunting group."

Salem — (U.P.) — The House Taxation Committee has under consideration a bill that would tax property of inland water transportation companies on a mileage basis in the companies where those companies operate.

The bill was dropped in the House hopper by Rep. Katherine

4-H Club News

Sew-a-Stitch Club

The club met Feb. 3, with the president, Georgie Mitchell, presiding. The next meeting will be Feb. 17.

Diana Lee Nordstrom, Reporter.

ROUGHER THAN POLITICS

Sioux Falls, S. D. — (U.P.) — Francis Dunn, the unsuccessful Democratic candidate for the House of Representatives in the 1st congressional district, traveled 12,000 miles in the last six weeks of the campaign, and didn't receive a scratch. But he was rough-housing with his four-year-old daughter, Carol, after the election and cracked a rib when he fell over a davenport.

Musa (D-The Dalles) at the request of The Dalles Chamber of Commerce and Port Commission.

The bill provides that where watercraft is headquartered in Oregon but is used outside the state, assessments of its property shall be upon the proportion of the tax year in which the property is actually in the state.

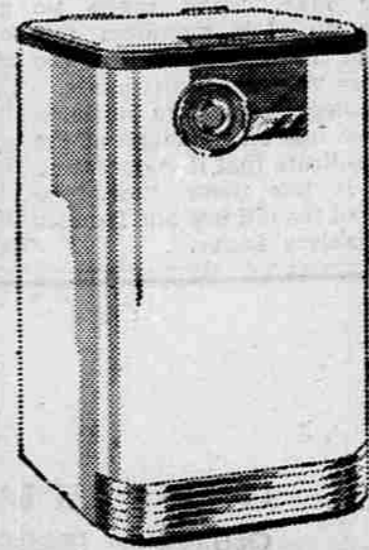

Is worry over aggravating your rupture holding you back on your job? Depriving you of the fun of a normally active life? Then you owe it to yourself to have a demonstration of our modern lightweight truss to you. For here is the truss that ends rupture worry—and banishes the fears that haunt you.
