

REAL TREAT—Having more fun than most kids is five-year-old Mary Koslowski, National March of Dimes poster girl, as she meets a real race horse at Hialeah Park in Florida. Handling the introduction is Sunny Jim Fitzsimmons, 80, dean of American horse trainers, who shows her "Golden Gloves," one of his stakes winners.

Growth of Work With Blind by Grey Ladies Told Red Cross Board

Mrs. George K. Goodrich, head of the Red Cross program of work with the blind conducted through the Grey Ladies organization, spoke at the monthly meeting of the board of directors of the local Red Cross chapter Thursday.

She traced the Grey Ladies' service to the blind, and said that the work load has expanded so quickly that an appeal has been made to the Oregon commission for the blind for a paid worker to be stationed here. She added that the caliber of the work done here has attracted national attention, and that other states have written to local workers for assistance in establishing similar services.

Mrs. Goodrich said credit for this success goes to Mrs. Shelby Tuttle and Mrs. Max Pierce for their pioneering work in the field. They originated the work in this area.

Drive Plans Told

Manville Heisel, chairman of the Red Cross fund drive to be conducted in March in areas of the county not served by the United Medford Crusade, reported on plans for activities in connection with the drive. He said Sidney Ainsworth, Ashland attorney, who will be chairman for the drive in that area.

Mrs. Lester Gilman gave a report on a recent home nursing program meeting in Portland, where plans were laid for a big year in nursing services. She said that Jackson county nursing service is of such high quality that the local chapter is being asked to assist other areas in establishing similar service.

Mrs. Frank Fairweather pre-

sided at the meeting in the absence of Chairman Gene Thorndike.

Court Records

Keith Richard Fields, 19, Crescent City, Calif., and Joyce Janene Evans, 18, of 346 Holly st., Medford.

Treasure Island contains 400 acres of level land dredged from the waters of San Francisco Bay.

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

Shut them in. With their triumphs and their glories. And the rest? Love is best! What's the earth, with all its art, verse and music worth? Compared with love, found, gained and kept? —Robert Browning.

Standing on the head stimulates thought. So it is repeatedly claimed. Being frequently in need of thought stimulation, I tried to check on this but nearly broke my back in the attempt. Among those who utilize the aforementioned method of thought stimulation is the Duchess of Windsor. She can stand on her head for several minutes at a time and often does. She was taught how to do so by Clifton Webb, who is an expert on Yoga.

Horses and Women

A random remark, made in a spirit of constructive criticism, seems to have irritated, even irked, some of our feminine subscribers. It was the observation

that "only a 16 year old, blue eyed blonde looks well in a large hat." It was added that wearing the outsized headgear makes other females look like "animated mushrooms." Am certain any person of perception possessed of a sense of proportion will be in agreement with this. There are too many women who are really beautiful but you can't tell it because of the hats they wear and the way they wear them.

Ex-Husbands

Arline Judge has six living ex-husbands. If this isn't the United States record for living ex-husbands what is? Understand Arline is seriously considering marrying once more. We hope her next spouse can rightly be styled her "lucky seventh." It would be interesting if all Arline's six ex-husbands attended her seventh wedding. That would provide the kind of pic-

ture news photographers dream about.

Asking

Queries from clients. Q—What is the real name of Xavier Cugat, the bandmaster? A—Real name of musical maestro you mention is Francisco de Asis Xavier Cugat Mingall de Bruy Deuloffo. Q—Are you bald-headed? A—Not yet.

Passing by

Nevada Smith. Truly beautiful ex-show girl. Now Mrs. Jack Frye. The Nevada is not a nickname. That is the name her papa and mama gave her. Incidentally, the first name of Tennessee Williams, the playwright, is an acquired one. His real name is Thomas Lanier Williams and he is from Mississippi. He never had any luck with his plays until he changed his first name to Tennessee. Keep that in mind, young fellow. If you can't sell your songs, novels, plays or television scripts and your first name is Tom, Dick or Harry why not change it to Kentucky, Florida or Idaho?

Pronunciation

Discussion as to the correct pronunciation of Fouquet's and

Lajoie brings to mind that names, like words, are not always pronounced according to the way they are spelled. For example, I knew two fellows who spelled their name "Clough." However, one pronounced his name "Clow" and the other pronounced his name "Cluff."

Historical Notes

Garibaldi, the Italian patriot, lived for a period on Staten Island. So did the exiled Mexican General Santa Ana. While living on Staten Island Santa Ana inspired the invention of chewing gum. The general was in the habit of chewing chicle. This gave his secretary, a man named Adams, the idea of adding sweetening to the chicle for the purpose of making a commercial product. So chewing gum was born. So you knew that. All right, smart fellow, did you know that Talleyrand, originator of that often quoted recipe for coffee, once lived in Brooklyn? On Fulton Street, to be exact.

Tractor manufacturers sold about 23 per cent of their production to foreign countries in 1952.

CAP Squadron Sets Training Films

The monthly training films for the Medford squadron of the Civil Air patrol will be shown Monday, Feb. 14, at the CAP building at the Medford airport. The regular classes will start at 7 p. m. as usual with the film being shown at 8 p. m.

One of the films to be shown will be of particular importance to anyone interested in first aid treatment. Cadets, senior members, parents, or others interested are urged to attend.

These films are on loan to the Medford squadron from the Western Film Exchange at McClellan field and will be shown to the squadron by Medford Air Force reserve personnel.

In Babylonian and Assyrian ruins, clay tablets have been found inscribed with business records.

English cockers are larger than American.

WHO CAN HELP YOUR HEARING?

I Can!

I AM A TRAINED SONOTONE HEARING AID CONSULTANT

BY TRAINING and long experience, I have helped hundreds to better hearing. Now I have a wonderful new hearing aid to help you break through that iron curtain of deafness, and bring back conversation, music — the laughter of life.

This is the brilliant, new Sonotone "1200." Here, for the first time, Sonotone has put not three — but FOUR — transistors in a hearing aid to bring you DOUBLE hearing help —

1. MORE POWER than ever before, for easier hearing — NOW.
2. RESERVE POWER, so you can use this Sonotone for years to come.

If your present hearing aid is unsatisfactory — or if you hear but don't understand — you owe it to yourself to investigate just how valuable this splendid new Sonotone can be for YOU.

And remember, if hearing help is possible, I can bring it to you. Come in and let me prove it. There's no obligation.

C. R. ADAMSON, District Manager
839 East Jackson Blvd.
