1,500 VOICES

Rochester, N. Y.—(U.P.)—More than 1,500 male singers from eastern and midwestern United States and Canada will convene here in May, 1956, for the "Big Sing" of the Associated Male Chorus of America. The singers will have worked for a year as individual units in 60 different communities but will sing here as a massed chorus.

ALWAYS TIRED?

You may be dangerously taxing your entire system when you allow fatigue, nervousness—poor appetite and sleepless nights to drag you down because your body is vitamin and iron starved.

Bexel Helps Build Rich Red Blood FAST!

Each high-potency BEXEL Special Formula capsule gives you 5 times the daily minimum requirements of iron; more than the daily minimum requirements of all the vitamins that doctors will tell you are essential for proper nutrition; plus Vitamin B12 and trace minerals. These wonderfully strengthening capsules are recommended for mothers-to-be, when a deficiency of iron and vitamins is vitally important to their health. Bexel Special Formula is especially important if you are over 40. Take 2 capsules daily for double potency! At all drug stores.

Penny for penny—you get MORE value in just one high-potency BEXEL.

Your Health and Its Care

OXYGEN DEFICIT AND C V D

Some readers may remember that I cited the statement of recognized medical authority, that digitalis enables the damaged heart

Dr. Brady

ologists who do not consider the statement absurd to tell me about it. So far, only the inevitable sophomores have sent me essays.

I have thought about it a good deal, and about deep breathing. After all, the purpose of both the circulation and respiration is to deliver oxygen to cells, tissues, organs. I have on occasion observed that you can't hoist yourself with your own boot straps and you can't breathe more deeply than you ordinarily breathe for more than a few minutes. Breathing, like the beating of the heart and the motor and secretory action of the alimentary tract, is automatically (autonomically) regulated. You may attempt to regulate or control these vital functions by will power or by the use of drugs, but you will succeed only in showing your ignorance.

Voluntarily breathe more deeply than ordinarily for a minute or two or for 3 minutes if you can do so that long, and your breathing for the next minute or two or three will be shallow enough to put you right back where you were before.

Still, I myself regularly practice the Belly Breathing exercise, which I consider one of the seven keys (send 25c and stamped, self-addressed envelope for booklet The 7 Keys to Life).

B. B. is a name for this exercise which even a prude can use without blushing.

C. V. D. means cardiovascular degeneration, heart-artery wear, slow heart muscle failure, myocarditis, arteriosclerosis, angina pectoris, coronary occlusion or thrombosis, apoplexy.

Anoxia, oxygen deficit, insufficient supply of oxygen to cells and tissues, subnormal oxygenation is the essential cause of C. V. D. in whichever way may be manifest.

Some of my thinking about this has been disturbing, I must admit. It has reached a pretty how-de-do, indeed. Here I am, advocating the practice of B.B., when along comes a doddering old geezer who tells you it is futile to try to hoist yourself with your own bootstraps, and on closer scrutiny he turns out to be the veritable O! Doc Brady who writes this column.

I still practice B. B. however.

and I regard it as especially good for any one with C. V. D. If you have C. V. D. or if you are training for it, you had better send 25c and stamped, self-addressed envelope for booklet C. V. D., daily practice of B. B. will improve your circulation by getting stagnant blood out of the great splanchnic pool, the vast network of small blood vessels in the abdomen which are capable of holding a quarter of the entire volume of blood out of action, so to speak.

Incidentally, B. B. is not the same as ordinary deep breathing. It is physiological. Ordinary deep breathing is not.

QUESTIONS & ANSWERS
How to Reduce Doctor Bills
Formerly had a great deal of trouble with C. R. I. in our family of six children. Then we sent for your booklet and in the past two years we have had little or no trouble. Answer—C. R. I. (Knee) stands for Common Respiratory Infections. You never know in the early stage whether it will prove to be coryza, flu, measles, infantile paralysis, meningitis, diphtheria, sinusitis or whatnot. The C. R. I. account for three-fourths of the everyday work of physicians. So it pays to know how to prevent the C. R. I. For the booklet, CALL IT C. R. I. send 25c and stamped, self-addressed envelope.

There's just no way of getting away from the fact that this is National Beauty Salon Week.

You can observe it by having your hair washed at a beauty salon for a real poo or you can do it at home and have a sham poo.

'Bat Jenson' Author Dies in Walla Walla

Walla Walla—(U.P.)—George B. Marquis, whose "Bat Jenson" stories were favorites among fans of Western fiction, died here Monday following an extended illness. He was 75.

Marquis wrote some six-million words during his career, and had four novels published in England. His stories have appeared in nearly all Western magazines, and many were serialized in newspapers.

min), B2 (riboflavin) and D to supplement the everyday diet as described in pamphlet YOUNG FOLKS AND OLD FOLKS, for which send stamped, self-addressed envelope. The old times prescribed a wingless cod liver oil daily for chronic rheumatism. A good remedy as far as it went—it provided at least iodine and vitamin D.

Politics Change Too Fast For French Mask Makers

Paris—(U.P.)—French children celebrated Shrove Tuesday by parading through the streets wearing masks of president Rene Coty—and former Premier Pierre Mendes-France.

But no masks of Premier-Designate Edgar Faure were to be seen.

"We can't keep up with politics," said a mask manufacturer. "The old masks will have to do."
