

**BUSINESS IS GOOD** — G. Keith Funston, president of the New York Stock Exchange, is lead-off witness in Washington as the Senate banking committee starts full-scale investigation of the current stock market boom. Funston said the stock market is healthy and the 1929 crash isn't likely to be repeated.

## Music Festival Set Here April 7 to 9; Many Will Attend

A southern Oregon music festival, under the sponsorship of the Southern Oregon Music Educators, will be held in Medford April 7, 8 and 9, it was announced yesterday.

Invitations have been sent to grade, junior high, and senior high schools throughout an area that extends to Yoncalla and Sutherlin in the north, and Lakeview in the east. Groups may enter for a rating, or for criticism only.

### Plan Combined Groups

In addition to performing in their own school organizations, selected musicians will combine forces for the festival groups which will present an evening concert on the final night of the meet.

The festival band of 200 pieces will be directed by Clarence Sawhill, of the University of California at Los Angeles, and John O'Connor, of Oregon State college, will be in charge of the 180-piece festival orchestra.

Director of the 200-voice festival chorus will be Karl Ernst, San Jose, Calif.

### At MHS

All performances will be in the Medford High school building, with the public concerts scheduled for the boys gymnasium.

Those in charge of organizing the various events are Al Lehl, Medford, vocal chairman; W. D. Windt, Ashland, orchestra chairman, and I. A. Mirick, Medford, band chairman.

## Landscape Clinic Slated This Week

A landscape clinic will be held at the Jackson county courthouse auditorium during the afternoons of Thursday and Friday, March 10 and 11, Don Berry, county agent for horticulture, has announced.

Mrs. Fred Lorish, Medford, George Fredeen, Grants Pass, Chet Corey, Ashland, and another landscape architect from Oregon State college will be on hand those days to discuss landscape problems. All reportedly are familiar with local conditions.

All persons with questions or problems on the subject are invited to drop into the auditorium. The landscape architects will assist to the extent of helping lay out a plan for a yard. Those wishing help with plans for their yards are advised to make a drawing and take several snapshots to bring in. Persons unable to make scale drawings should have a complete list of dimensions of their yards.

There is no cost except for a little effort on the part of those interested, Berry stated.
