

## 100 Victory Goal Set for Chicago Sox

By UNITED PRESS  
Marty Marion, who's been accused of being "too soft" to be a successful big league manager, demonstrated today that he'll tolerate no nonsense in his bid to lead the Chicago White Sox to their first pennant since 1919.

The quiet-spoken former "Mr. Shortstop" cracked down with a \$100 fine on Chico Carrasquel for missing Tuesday's workout and made it plain that more fines will be levied if necessary. It was the first disciplinary move of any kind taken by Marion since he became manager of the White Sox.

By LEO H. PETERSEN  
Tampa, Fla. — (U.P.) — Frank Lane, the general manager of the White Sox, today set a 1955 goal of 100 victories for his new manager, Marty Marion.

"That will be enough victories to win the American League pennant and I believe Marty has the horses to do it," he confidently predicted.

While admitting that the White Sox went "all out" to win the pennant in 1954, he did not agree with those baseball men who feel his club is due to slip this season.

"After all, we started to find out around the middle of last season what we lacked so we went about repairing the fences," Lane said. "And the repair job we did makes the club 25 per cent stronger in my mind."

**Sees Stronger Competition**  
He pointed out that the club won 94 games in 1954, the most games a White Sox team has won in 34 years, but still finished third—17 games behind the pennant winning Indians and nine games behind the second-place Yankees. The Indians won 111 games, the Yankees 103.

"No club is going to win 111 this season for the league is better balanced and the second division clubs have been strengthened," Lane said. "But the Indians and Yankees have added strength, too, just as we have."

He claimed that the deals which brought the White Sox first baseman Walt Dropo, outfielder Bob Nieman and pitcher Ted Gray from Detroit; catcher Clint Courtney, pitcher Bob Chakales and infielder Jim Bridwiler from Baltimore; outfielder Lloyd Merriman from Cincinnati and third baseman Bill Serena from the Chicago Cubs "were sure fire to strengthen our bench."

"This year's club possesses by far the best all around playing talent of any team which has represented Chicago in the American League for many years."
