

Many Visitors To Be Here For Tourney

Scores of visitors will be in the valley this weekend for the 1955 Oregon Open golf tournament, to be played at Rogue Valley Country club. The tournament opens Thursday and continues through Sunday, and is co-sponsored by the Oregon branch of the Northwest section of the Professional Golfers Association of America, and Rogue Valley Country club.

Main social event planned in connection with the tournament is the president's ball, set for Saturday night at the clubhouse. It will honor Robert McKendrick, Oswego, president of Oregon Professional Golfers' association, and Dr. L. Paul Walker, Medford, president of Rogue Valley Country club, and their wives.

The ball will be preceded by a cocktail hour from 7:30 to 8:30 p.m., for contestants and their wives, with members of Rogue Valley Country club serving as hosts. An amateur show is planned for 10:30 p.m. and dancing will be from 9 p.m. until 1:30 p.m.

Friday evening the Oregon branch of the Northwest section PGA, has invited contestants and their wives for cocktails between 6:30 and 7:30 p.m. Entertainment that evening will be a special Dixieland band with club members playing with the club's regular trio. Music and dancing are planned from 8 p.m. until 12:30 a.m.

Thursday evening an amateur show is planned at 10 p.m., and music and dancing from 8 p.m. until 12:30 a.m.

The cocktail hour will be from 6:30 until 7:30 p.m. with Rogue Valley club playing host to contestants and their wives. Jack Walker heads the entertainment committee. Serving with him are James Dunley, Kenneth Teeter, I. A. Mirick, Abby Green and J. Scott Heatherington.

Robert B. Temple heads the registration committee, and a number of women golfers are assisting him. The committee includes Mrs. Ray Frisbie, Mrs. Temple, Mrs. Richard Finch, Mrs. Frank Tamney, Mrs. William Schei, Mrs. W. L. Stark, Mrs. W. W. Davies, Mrs. A. Orin Schenck, Mrs. Warren Lesseg, Mrs. Roger Clark, Mrs. Fred Conrad and Mrs. Royal E. Bebb.

St. Mark's Guild To Hold Meeting

St. Mark's auxiliary-guild will meet Friday, March 25, at the church. Luncheon will be served at 12:30 p.m. and the hostesses are Mrs. William Isaacs, Mrs. A. B. Kneass and Mrs. H. B. Murphy.

Mrs. R. K. Bailey will review the book, "The Shape of Sunday" by the daughters of Lloyd Douglas.

Sugar-Sweet!

7380

SIZES 2-10

by Alice Brooks

Directors of B and C School Set Meeting

Jacksonville — Directors of Class B and C school districts of the county will meet at 8 p.m. Tuesday in the new grade school building in Jacksonville, it was announced today by John Neidermeyer, chairman of the group.

The building will be opened at 7:30 p.m. so that any directors wishing to inspect it may do so before the business meeting. Several important committee reports will be given, Neidermeyer said.

The school is located on Heuner lane, Jacksonville.

Dead line Sunday Classified is at noon Saturday; 10 a.m. Monday for Monday; other days 5:30 previous day.

Is our face red

We're embarrassed to tears! Letting you go on like that, scrubbing, rubbing and wearing yourself to a frazzle over dirty wood floors, when three words from us would have saved you—Bruce Cleaning Wax! It never entered our minds that you didn't know how in one oh-so-easy operation Bruce Cleaning Wax thoroughly cleans and waxes floors without any messy soap-and-water washing to ruin your floors or your back. And how floors keep on beaming month after month. Try Bruce Cleaning Wax for wood floors or Bruce Floor Cleaner with lighter wax base for both linoleum and wood. The wonderful results you get—well, that we do on purpose.

Sit-Down Ironing Saves Much Energy Specialist Declares

Sit down while you iron. It takes much less energy. This one change alone can save much energy, according to Miss Mary Beth Minden, Oregon State college extension home management specialist.

Most women don't sit down to iron because their equipment is not built right, she says. Now many boards are adjustable to sitting or standing height.

Wide boards can be energy-saving, too, she says. With a larger ironing surface, garments don't need to be rearranged as often while they are being ironed.

A wide board can be put on top of a regular ironing board, the home management specialist says. A good kind is half-inch plywood cut twenty-two by forty-eight inches.

A smaller wide board of plywood—twenty-two by forty inches—can be put on a card table. This is a comfortable height for many women, Miss Minden says.

County home extension agents can give information on how to make a steam barrier, pad and detachable cover for the board.

PETTICOAT PACKER

New York—(U.P.)—Petticoats add glamor to your wardrobe but create a storage problem. One solution is a new plastic "skirt toter." Made of clear vinyl with quilted plastic edging, the holder carries crinolines like a closed umbrella so that they take up minimum of space. The holder is washable. (Bo-gene, Inc., 312 Fifth Ave., New York).

FOR AUTO SEATS

New York—(U.P.)—Newest in auto seat covers—indomitable terry cloth. A favorite in the fashion field, terry cloth now becomes the most washable thing on wheels in covers which are easily removed or installed. They come in bright coral, green, blue or yellow plaids, and in either one piece or divided seat styles.

Grange

Upper Rogue Grange

Upper Rogue Grange held a potluck supper March 17 honoring members who had birthdays the past month. The tables were decorated in St. Patrick's colors by the serving committee, Mr. and Mrs. Robert Chamberlain and George Tockstine. The regular Grange meeting was presided over by Master Herb Carlton.

HEC chairman Dorothy Tockstine reported a ham dinner will be served to the public on Easter Sunday, April 10, from noon to 6 p.m.

Mrs. Moffet of Roxy Ann Grange was a welcome visitor. Lucile Barber was reported to be home from the hospital in Washington and able to receive visitors.

Mr. and Mrs. Herb Carlton attended the FFA meeting in Central Point March 16. Caroline Harding read a clipping from the Mail Tribune stating "20 years ago" Upper Rogue Grange was organized with the late Katie Grieve the first master. It was suggested we plan a party in the near future honoring the old time members.

Waldo Nye was reported in Community hospital.

Rice, Eggs, Curry

Make Lenten Meal

New York—(U.P.)—Let plentiful and protein-rich eggs add variety to your meatless Lenten meals.

Try adding curry powder to an old favorite, baked eggs.

Here is the curried egg recipe: 6 eggs; 4 tablespoons butter or margarine; 4 tablespoons flour; 1 1/4 teaspoons curry powder; 1 1/2 teaspoons salt; 4 cups milk; 3 cups cooked rice; and 2 tablespoons of fine bread crumbs.

Melt the butter in a saucepan and blend in flour, curry powder and salt. Add milk slowly, stirring constantly. Cook until the mixture is thickened and smooth. Pile the cooked rice in a greased baking dish (12 by 7 1/2 inches). Make six depressions in surface of the rice, and break an egg in each. Pour the curry sauce over eggs and rice. Sprinkle with bread crumbs. Bake in a moderate oven (350 degrees) 25 minutes or until the eggs are set. The curried eggs may be prepared in individual casseroles if you wish. Yield, 6 servings.

Have you ever tried serving fish the gourmet way—on a plank? You can buy planks, or cut your own from hardwood. Oak is best. Before using a new plank, rub it well, top and sides, with salad oil; heat on a rack in a very slow oven (275° F) for one hour; cool; and wipe off any excess oil. This seasons the plank and it is now ready to use. After serving planked fish, wash the plank quickly in hot, soapy water (do not soak); rinse, and dry well. Plastic food wrap, aluminum foil, or a clean paper bag makes a good storage cover. Keep planks in a cool, dry spot.

DRESSING LOW IN CALORIES

New York—(U.P.)—If you're counting calories, watch for those hiding in salad dressings. Often dressings are high enough in calories to make up for loss elsewhere. However, here is one tangy dressing low enough in count to serve generously. Combine 2 1/2 cup cottage cheese, 1 1/2 cup fresh grapefruit juice, 2 tablespoons fresh lemon or lime juice, 1 teaspoon grated lemon or lime rind, 1/2 teaspoon salt, 1/2 teaspoon each of ground black pepper and paprika. Beat with an electric or rotary beater and serve either with mixed salad greens or fruit salad. Yield, 1 1/4 cups.

AFTERTHOUGHT ON JELLY

New York—(U.P.)—If the winter jelly supply needs replenishing try this cinnamon-grape treat. Mix 2 cups of bottled grape juice, 1 cup of water and 1 box of powdered pectin. Bring to boiling point over high heat, stirring constantly. Stir in 3 1/2 cups of sugar, 1 teaspoon ground cinnamon and 1/4 teaspoon of ground cloves. Bring to boiling point again and boil 1 minute, stirring constantly. Remove from heat, skim off foam and pour into sterilized glasses. Cover with melted paraffin. Yield, 6 six-ounce glasses.

Here's a conversation piece for parties that's easy to prepare ahead of time. Make a smooth paste of grated American cheese, creamed butter and grated onion. Add a sprinkle of paprika. Spread mixture generously on salted crackers; and when ready to serve, place under broiler flame for about a minute.

Good citizenship, like good manners, begins at home—with good example. A mother curbed her children's litterbug tendencies by pinning a large paper bag in the car. Now the youngsters toss their candy wrappers and other trash in the bag, which is emptied when they return home.

She's finished 3 times faster

Mrs. Joyce McLaughlin, Portland

"Heck, I've got too much to do to fuss with old-fashioned starch. With new concentrated Vano Liquid Starch I'm finished 3 times faster. No more mixing and boiling for me! I just pour Vano out of the bottle, dilute and starch. New Vano Liquid Starch lasts lots longer." Get concentrated, heavier Vano Liquid Starch today—if you're not using Vano, you're working too hard!

Cars pictured represent best mileage of each make.

The sixth annual Mobilgas Economy Run which finished Wednesday at the foot of Pike's Peak, after covering 1323 tortuous miles from Los Angeles in 2 1/4 days, proved one thing for sure: when American car manufacturers added horsepower, they didn't sacrifice mileage.

The 21 American cars, which were equipped with automatic transmission and certified absolutely stock by American Automobile Association, averaged an impressive 21.5 miles per gallon. This was achieved even though the average horsepower increase of 1955 over 1954 models was 17.6 per cent—an average increase of 26.7 horsepower.

The route chosen by AAA represented every road condition a motorist would normally experience in a year. Each contestant ran at maximum legal speed to meet time requirements. He adhered to normal driving rules and traffic conditions; to see that this was accomplished, he had at his side an official AAA observer. Each car, competing against others in its price class, was in top condition—properly fueled with Mobilgas and lubricated with Mobiloil.

Again, the Mobilgas Economy Run proves the mileage performance possible when good cars, good drivers, and good petroleum products work together. A regular stop at the Flying Red Horse sign for Mobilgas helps you to obtain "per" mileage on any course you run.

Official Results of the Mobilgas Economy Run

The Mobilgas Economy Run is a vigorously competitive, certified mileage test of American stock cars with automatic transmission. It is sponsored by General Petroleum Corporation to demonstrate the mileage and performance built into today's high horsepower automobiles.

The 1323-mile course streaked through the Indian country of the great Southwest. Temperatures soared as the cars spun through the desert near Salton Sea, cooled to near freezing crossing the Continental Divide at the 9322-foot level.
