Nuisance Ban Statute Defeated

Salem —(U.P.)—The Senate defeated, 24-5, Friday a measure which would have extended a nuisance abatement statute in Oregon's smaller counties.

The statute now applies only to counties with more than 50,000 population. It allows 10 persons who say a business operation in their area is a nuisance to sign a petition citing the proprietor before the county court. The proprietor would have to show why his operation was not a nuisance.

Sen. Gene L. Brown was one of nine members who attacked the measure. He said it allowed "unjustified heckling" of a legitimate business by a few disgruntled individuals. He suggested the entire statute be repealed.

Sen. J. O. Johnson, Tigard, supported the bill saying it would give small counties the same chance to abate nuisances that larger counties now have. The bill earlier had passed the House.

Nicosia, Cyprus —(U.P.)—The government reported new violence Saturday in the sudden outbreak of terrorist activities challenging Britain's control of this Mediterranean island.

On The Side

By E. V. DURLING
(Distributed by King Features Syndicate, Inc.)
Referring to Irving Berlin I said he was born in New York City. He was born in Russia. Was brought to New York at the age of 4. Incidentally, L. Wolfe Gilbert, who wrote "Waiting for the Robert E. Lee," was also born in Russia. He was brought to Philadelphia when a babe in arms. I always think of Berlin as a New Yorker and Gilbert as a Philadelphian. I concede, however, it is not exactly right. It works both ways. Take Emil Jannings, the film character actor. I think of him as a German. Still Jannings was born in Brooklyn. His parents took him to Germany when he was 3 and he stayed there the rest of his life.

Briefly
To be eligible for membership in the Bald Head Club of America a man must have a bald spot at least three inches in diameter. . . . A good birthday song is "My Best to You," written by Gene Willadsen and Isham Jones. It is much better than that corny, childish ditty "Happy Birthday to You." . . . The Concatenated Order of Hoo-Hoo is the name of a St. Louis lumberman's association.

Longevity
Women born under Virgo (August 23-September 22) usually live to ripe old age. Or, so say the stargazers. They may be right. Mrs. Anna Peterson, Sunbury, Pa., 98; Mrs. Amanda Thomas, Shamokin, Pa., 95, and Mrs. Elizabeth Yust St. Clair, Pa., 90, were all born under the sign of Virgo and have the same birthday, September 14.

Asides
It was Sarah Bernhardt who said, "I always swore that if I ever married it would be simply to make myself more popular with all men for I was never blind to the fact that men like a woman better for being another man's property." . . . Jerome Kern composed over one thousand songs, the best of which in my opinion is "Smoke Gets in Your Eyes."

Get It Right
The "stop" and "go" sign traffic system was first used in this country in New York City, fifty-two years ago. The man responsible was Alexander R. Piper, who in 1903 was second deputy police commissioner of New York City in charge of traffic. Mr. Piper was not, however, the originator of the system. He had made a special trip to London to study police methods and handling of traffic there. He noted the "stop" and "go" traffic system was being used at the five cross streets at the Mansion House, London. In New York the "stop" and "go" system was first used at Broadway and Canal Streets.

Naming Towns
There is a town named Patricia, Texas. Also there is Lois, Texas; Ethel, Texas and Penelope, Texas. There is even a Peggy, Texas. The Lone Star State has seventy-eight towns bearing girls' names, more than any other State in the Union. What would you say is the largest town or city in this country having a girl's name? How about Elizabeth, N.J.?

Asking
Queries from clients. Q. How long ago was the play, "The Philadelphia Story" first presented and who starred in it? A. Sixteen years ago. Katharine Hepburn was the star. Q. What breed was the official dog of the United States Marine Corps during World War II? A. The Doberman Pinscher.

Eight Prisoners Released as Bad Check Law Nullified; Three Again in Custody

Salem —(U.P.)—Eight men held on bad check charges were released from the state penitentiary Friday as a result of the ruling of the Supreme Court on Wednesday that the 1949 law regarding the drawing of insufficient fund checks was unconstitutional.

Three in Custody
But it was a short breath of fresh air for three of them, who were taken in charge by sheriff's deputies and city police on other charges.

They were John Manning, who had been sentenced from Lane county for five years; Earl Ryland, up for two years from Benton county, and Richard A. Cole, up for two years from Washington county.

The others who gained their freedom, were Richard Poyser, who had been sentenced to five years from Klamath county; Allen Huso, up for two years from Coos county; Benjamin Perry, up for 18 months from Deschutes county; Melvin Harvey, up for two years from Coos county; and

Foster Ora, up for two years from Deschutes county, with drawing NSF checks with intent to defraud.

The Supreme Court ruled that the law was unconstitutional because it did not stipulate whether the crime was a felony or a misdemeanor. The opinion upheld the action of Circuit Judge H. K. Hanna of Jackson county in dismissing a felony indictment charging Walter Pirkey
