## Priest Addresses Parents Meeting

The Rev. Louis Haven, S. J., was guest speaker for the April meeting of St. Mary's Grade School Parents' club, held Monday evening in the activities room of St. Mary's academy. His subject was on authority and covered the state, schools and parents. He emphasized that all just authority is from God and that it is necessary to obey. The state obtains its authority from God and not a necessary evil, he said, and added that it is, in fact, demanded by natural law.

Discussing parental authority, the Rev. Mr. Haven said that it must eventually destroy itself, leaving behind it love, loyalty, consideration for the advice of the parent and gratitude but producing a mature adult in turn. This is the purpose of parental authority, he said.

The speaker declared that school is a delegation of parental authority and for this reason the parents and schools should work together. He pointed out that the schools continue the maturing of the child. He emphasized the fact that authority should be made as pleasing as possible through example, kindness, sympathy and sweetness.

The business meeting was conducted by the president, Mrs. Clyde Huntington. There were reports from the committees and plans were made for a breakfast for the first communicants in May. It was reported that two sets of encyclopedias had been ordered for the school.

The Rev. Charles Scott closed the meeting with a prayer.

## Frozen Meat May Be Thawed During Cooking

Most frozen meat may be thawed during cooking, and meat so prepared is not noticeably affected in flavor, tenderness or juiciness, according to the home economics institute of Deepfreeze Home Appliances.

Longer cooking time must be allowed, of course, for meats not thawed ahead of time. A meat thermometer is particularly helpful to obtain the exact degree of desired doneness inside roasts. An opening for the thermometer may be formed by inserting a heavy wooden skewer into the meat before freezing.

A table of comparative cooking times for pre-thawed and unthawed meats has been prepared by home economists of Deepfreeze. It shows that standard rib roast, for example, to reach medium doneness in a 300-degree oven takes 22 minutes a pound if thawed and 47 minutes a pound if unthawed.

Other typical comparisons in preparing roasts at 300 degrees include the following cooking times per pound: rolled rib roast, 38 minutes thawed, 57 minutes unthawed; chuck roast (braised with water), 40 minutes thawed, 55 minutes unthawed; leg of lamb, 30-55 minutes thawed, 45-55 minutes unthawed.

A 1-inch porterhouse steak must be broiled 8-10 minutes a pound if thawed, 21-23 minutes if unthawed. Braised pork chops take 45 minutes a pound thawed and 60 minutes unthawed.

Fresh ground meats to be made into loaves or patties should be thawed ahead to permit easy mixing and molding. Liver, heart or any meat to be dredged in flour or coated with batter or eggs and crumbs also should be thawed, so that the coating will cling satisfactorily.

Meat to be defrosted should be left wrapped to thaw slowly either in a refrigerator or at room temperature. Meat takes 5 to 10 hours a pound to thaw in the refrigerator, or about 2 hours a pound at room temperature. An electric fan may be used to hasten thawing, but meat never should be put into cold water for that purpose. Thawed meat should not be frozen again unless cooked first.

## Pakistan Wives Make War Against Polygamy Practice

By JOHN HLAVACEK  
United Press Correspondent  
Karachi, Pakistan — (U.P.) — Pakistan wives are on the war-path against polygamy.

The modern Mohammedan wives in Karachi have mapped out a campaign for the prolonged battle to wipe out the right for men to marry more than one wife.

A spokesman for the All Pakistan Women's Associations (APWA) told the United Press that legal advice was being sought to curb "this social evil."

The storm over polygamy, broke out when Begum Anwar G. Ahmad, wife of the secretary to the Ministry of Interior, fired the first shot indicting men for "gloating over their privileges of polygamy" and for depriving women of their legitimate rights allowed them under the laws of Islam and civilized jurisprudence.

She called for drastic reform in the marriage laws "to bring us on a level with civilized countries."

Ministers Marry Again  
The outcry against polygamy came after it was learned that two cabinet ministers and a popular Pakistani cricketer had taken second wives.

Maj. Gen. Iskander Mirza, minister of interior, recently married a second wife. No mention of this has been made in the press but there is no secrecy about the marriage.

M. A. H. Ispahani, minister of commerce and industry, recently made a trip to London to bring back his second wife to whom he married in Britain. The couple was photographed at the airport on return but newspapers omitted mentioning that the wife was his second.

Pakistan cricketer A. H. Kardar made headlines when it was revealed he had married an English girl, Helen Rosemary Hastilow, secretly during the Pakistan team's English tour last summer. Kardar already has a wife and a 3-year-old son in Lahore.

Although none of the APWA leaders would comment on these marriages, many of Karachi's begums (wives) denounced them. "Cruel To 1st Wives" Begum Sarwari Irfanullah, Karachi municipal councillor and
