

US Flag Raised Over Japan Hotel

Osaka, Japan — (U.P.) — The Stars and Stripes flew today between the flag of Communist China and the flag of Japan on the roof of the new Osaka hotel.

The unprecedented sight resulted from a heated protest by a Hollywood movie troupe which has occupied 29 hotel rooms for the past five weeks and threatened to move out.

The troupe, led by Aldo Ray, protested to the management when the yellow and red flag of Peiping was hoisted over the

hotel when a Red Trade delegation moved in.

"The American flag goes up too or we go out," Seymour Friedman, production manager of the group, told the manager.

The hotel manager admitted the oversight was "most embarrassing." Within an hour a third pole was added and the Stars and Stripes went up — in the middle.

Daniels To Replace Lanza at Las Vegas

Las Vegas — (U.P.) — Singer Billy Daniels will take over ailing Mario Lanza's spot as the headline performer at the New Frontier hotel today, the hotel announced.

Lanza, reported sick and nervous, failed to appear for his \$50,000 a week engagement Monday night. A doctor said the husky tenor was suffering from laryngitis and an upper respiratory infection and the hotel cancelled his fat, two-week contract.

MOOSE MONEY

Concord, N. H. — (U.P.) — A resolution was filed in the legislature to reimburse farmer Merle Pitman of Chatham \$250 damages for injuries suffered by his sows when a wild moose attacked them.

Algeria Under Emergency Decree

Paris — (U.P.) — France declared a state of emergency today in Algeria to give Premier Edgard Faure a free hand in wiping out the rebellious "Army of Allah" and end its campaign of Nationalistic terror.

The National Assembly passed the law a week ago. A decree published today in the official journal put the emergency measures in operation in Algeria, legally a part of metropolitan France.

It gives Faure full authority to ban public gatherings and close down public places such as cafes and movie houses. It gives him wide powers to censor press and radio.

The measures coincided with reports of new violence in Algeria. Police said ten rebels were slain in the mountains in a clash with Foreign Legion elements the night of April 5-6, bringing to 15 the number of rebels killed in the past two days. Another 48 have been arrested.

Recluse Found To Have Hoard

Saginaw, Mich. — (U.P.) — Police today searched the hovel of a recluse who wore no shoes but had at least \$12,000 in cash, stocks and bank deposits hidden among the debris in his shack.

Officers stumbled on the hoard when they were called to help a "sick man."

They found that Frank Trarup, 72-year-old hermit, had suffered a stroke and lifted him from his battered bed to take him to a hospital.

In the process, an officer kicked over a beer can standing near the bed. Silver dollars spilled from the beer can among the rubbish strewn on the floor.

After taking Trarup to the hospital, police returned to search the shack. They found \$1,310 in cash, \$10,646 in bank accounts and numerous other stocks of undetermined value.

"We turned over a dilapidated overstuffed chair and it sounded like hitting the jackpot of a slot machine," one policeman said. "Coins fell everywhere."

Yakima Indians Receive Settlement

Washington — (U.P.) — Secretary of Interior Douglas McKay yesterday signed an agreement to pay Yakima Indians \$15,019,640 for loss of their fishing grounds due to construction of The Dalles dam on the Columbia river.

The tribe will get an additional payment of \$600,000 within 30 days and the balance when The Dalles project is completed. The tribe retains the fishing rights until the dam is completed. The Yakimas previously sold their salmon catch from the Celilo Falls fishing area for about \$700,000 a year.

Washington Attorney Paul M. Niebell, representing the Yakimas, said the agreement amounts to \$3,754.91 for each of the tribe's 4,000 members. He said it is the same per capita settlement made with the Warm Springs and Umatilla tribes of Oregon.

Unfinished Hotel Damaged by Flames

Las Vegas, Nev. — (U.P.) — A fire believed started by a workman's blowtorch yesterday damaged more than 40 rooms of the \$2,500,000 unfinished Hotel Moulin Rouge.

The first estimate of damage from unofficial observers was around \$100,000.

The blaze broke out on the second floor and was contained to one wing. The hotel management said the fire would not affect the scheduled opening in May or June.

At the beginning of 1950 there was one automobile for every three persons 14 years of age or over; by 1975, it is estimated, there will be one car for every two to two and a half persons in that age group.
