Dog Control Law At EP in Effect

Eagle Point—The Eagle Point city council has served notice on local residents that the city's dog control ordinance is now in effect.

Dogs without identification will be impounded, according to city officials. They stated that all dogs should be kept tied during the next three months, as gardening season has started.

The Eagle Point city recorder has been authorized to notify log truckers that the city is requesting that they use the county road instead of Main st. The council declared that no funds are available for repair and maintenance of Main st.

City water now is available to subdivisions, city officials said. They noted that they will meet with any property owners interested in obtaining use of city water for a subdivision.

On The Side

By E. V. DURLING
(Distributed by King Features Syndicate, Inc.)

My love has placed her little hand
With noble faith in mine.
And vowed that wedlock's sacred band
Our natures shall entwine.

My love has sworn, with sealing kiss,
With me to live or die;
I have at last my nameless bliss,
As I love—loved am I.
—Bronte.

To what age can a woman retain her beauty and still be possessed of that attribute called "sex appeal"? There is no reason why an intelligent woman with strength of character cannot still be beautiful and "sexy" when 60. One of the most beautiful women on the stage today is well over 60. And here is what Arnold Bennett once said of Mme. Jean de Reszke, "She was aged 60, slim as a girl, beautifully dressed in black, very beautiful even now."

Asking

Queries from clients. Q. Which are the best jumpers, Florida frogs or California frogs? A. Florida frogs. In fact, the world frog jumping record of 19 feet is held by a Florida frog. Best any California frog has been able to jump so far is 15 feet 10 inches. Q. Who introduced the song titled "Something to Remember You By," and when? A. It was introduced by Libby Holman in 1930 in the musical show "Three's a Crowd." In the same show the sultry Miss Holman introduced her best song—namely, "Body and Soul." Incidentally, included in the cast of "Three's a Crowd," in addition to Libby were Fred Allen, Portland Hoffa, Clifton Webb and Allan Jones.

Passing By

Hazel Longden. Extremely charming wife of John Longden, the truly great jockey. Mrs. Longden could be a candidate for president of the people born in unusual places club. She was born of British parents on a Chinese gunboat crossing the Indian ocean!

Asides

The best place to introduce a brand of cigars is in restaurants. A cigar smoked after dinner seems to be from two to three times better than it really is. . . How do you rate as a pronunciation expert? What do you say is the correct pronunciation of the name of the city of Bucyrus, O.? . . . Those who can get the best idea of what their future children will be like are tall couples and red haired couples. Tall parents almost always have tall children. Offspring of redheads are usually redheads.

Sidelights

Is your wife familiar with the career of Mary Bush? She should be. Mary was the inventor of the modern corset. She called her invention: "The Female Compressor and Form Support." . . . Some very helpful hints on the subject of song writing can be found in Nick Kenny's book titled "How To Write, Sing and Sell Popular Songs." . . . One of the rules of Scotland Yard for the interrogation of suspects by detectives is, "Don't ask a man where he was last night until you have already found out where he was."

Please Note

The birth by artificial insemination or the so-called "test tube baby" is frequently referred to as a "modern idea." It isn't. The first test tube baby was born in England about 165 years ago. First test tube baby in the United States was born in 1886. Do you by any chance know an adult who was a "test tube baby"? How is his or her health? How about the appearance or intelligence of this person? Is it below or above the average?

Proposals

One out of every 10 proposals of marriage is made while the couple is dancing. So says an expert on the subject of marriage. The tune currently inspiring the most proposals is "All I Want From You." It used to be "Why Do I Love You?" Before that it was "My Blue Heaven." Anyway, if your daughter is having difficulty in inspiring the man in her life to propose matrimony tell her that the next time he takes her dancing she should arrange to have the band play "All I Want From You."
