

FREEDOM HOPES—Austrian Chancellor Julius Raab (above) left by plane from Vienna for Moscow talks he hopes will win freedom for Austria. He said, "If our talks lead to a new four-power discussions on Austria then the goal will have been accomplished."

Bills in Legislature

Salem—(UP)—The House has passed an appropriation of \$9600 for the Klamath River Basin Commission to complete its work of surveying water resources in the region.

The commission was created by the 1953 Legislature and given a \$25,000 appropriation. It turned back to the general fund some \$5000 in unused money and asked for the reduced appropriation this year to wind up its work. Rep. V. T. Jackson (D-Roseburg) said the commission expected to go out of existence when its work was finished.

A bill providing for state assistance to local school districts who have provided junior college facilities was to be discussed today.

Members also agreed to vote again today on a resolution that would create an interim committee to study electric utility taxation before the next legislative convenes. The measure was defeated in the House last week but Rep. Loran Stewart (R-Cottage Grove) successfully moved for reconsideration.

Salem—(UP)—The Senate has passed several appropriation measures, including those for the state hospitals and schools for the blind and the deaf.

Appropriations for the next biennium already approved by the House were unanimously approved by the Senate. They include:

Oregon State Tuberculosis Hospital, \$1,922,478. Eastern Oregon Tuberculosis Hospital \$1,085,560.

Oregon State Hospital \$8,036,222. Eastern Oregon State Hospital, \$3,719,469.

State School for the Blind, \$399,018. State School for the Deaf, \$880,496.

Salem—(UP)—A bill to limit the amount of damages collectable in the case of inadvertent libel to actual instead of general damages has been given a final hearing in the Senate State and Federal Affairs Committee.

Committee members indicated a vote on whether to move the bill out to the Senate floor with a favorable recommendation might be made later.

Lamar Tooze, Portland attorney, speaking in favor of the measure, House Bill 434, said that question of equity is of such importance he believes the act would be held constitutional if it should be challenged in the courts.

Installing Television Antenna Proves Fatal

Tillamook, Ore.—(UP)—A 19-year-old apprentice seaman was electrocuted in a freak accident here yesterday when he accidentally touched a power line while putting up a television antenna, the Coast Guard said.

The young coast guardsman, Richard S. Bateman of San Francisco, was stationed at the Tillamook Bay Coast Guard lifeboat station.

The boy's parents, Mr. and Mrs. Charles Bateman, had just left here last Saturday for California after spending a week's vacation with their son.

Bateman had been serving here four months. The accident occurred about 8:20 a.m.

Democrat Tips Hand On Coming Election

Tallahassee, Fla.—(UP)—Democrat Tom Johnson may have tipped his hand on any aspirations he might have for a seat in Congress.

Rep. William C. Cramer (R-Fla.) failed to appear with visiting members of a Florida delegation to the Florida House of Representatives Monday.

Democrat Johnson, mentioned as a possible candidate to oppose Cramer in 1956, jumped up to ask if he could "pinch hit" for the missing congressman.

Dead line for Sunday Classified is at noon Saturday.
