Greenspun Faces Court on Charge Of Inciting Murder

Las Vegas — (U.P.) — Publisher H. M. (Hank) Greenspun of the Las Vegas Sun goes to trial tomorrow in federal court on charges he sought in his newspaper to "incite the murder or assassination" of Sen. Joseph R. McCarthy.

Greenspun, 45, is accused of violating federal postal regulations by sending through the mails copies of the newspaper containing a column written by him predicting the Wisconsin Republican would come to a violent end.

The publisher was indicted by a federal Grand Jury a little more than a year ago. The government also seeks to revoke Greenspun's second class mailing permit.

The indictment charged that on Jan. 8, 1954 Greenspun "caused to be deposited 874 copies of the Morning Sun which contained non-mailable matter of an indecent character tending to incite murder or assassination."

In his daily column "Where I Stand," Greenspun had written, "Sen. Joe McCarthy has to come to a violent end. Huey Long's death will be serene and peaceful compared to the demise of the sadistic bum from Wisconsin."

They Destroy You
"Live by the sword and you die by the sword. Destroy people and they in turn destroy you," he column read.

He also said "Chances are that McCarthy will eventually be laid to rest at the hands of some poor innocent slob whose reputation and life he had destroyed through his well established smear technique."

With Federal Judge John R. Ross of Carson City presiding, selection of a jury will begin Wednesday.

Ultimatum Urged In Red Blockade

Berlin — (U.P.) — Mayor Otto Suhr of West Berlin flew to Bonn today to urge the West German government to lay down an "or else" ultimatum to the Communists to break the Red "pocket blockade" of the former capital of Germany.

Suhr said he had no concrete proposals to make to Chancellor Konrad Adenauer but that he intended to press for a time limit on negotiations with the East Germans to prevent talks from dragging on indefinitely.

Twelve days have passed since the Communists slapped exorbitant new tolls on West German trucks bringing in supplies along the 110 mile highway from Western Germany to West Berlin. Western officials say they see no indication that the Communists are ready to lower the tariffs.

The Communists are scheduled to meet with a West German delegation Thursday in West Berlin. There has been an increasing demand that the West German delegation threaten to cut off trade with the Communist zone unless taxes are lowered.

The new tolls jumped the tax on western vehicles as much as 1000 per cent. The West Berlin city government is subsidizing the truckers to keep the vital supply line open.

Auto Recovered From Coquille River

Myrtle Point, Ore. — (U.P.) — A car belonging to 64-year-old Leon Christian Axelson of Myrtle Point was recovered from the middle fork of the Coquille river yesterday.

Axelsson was presumed to have drowned Sunday night when the car plunged down a 45-foot embankment from state highway 45 into the river.

A log truck driver from Bridge told police he had seen Axelsson alive Sunday night with a woman companion in Remote. Police were investigating to determine whether she was with him at the time of the accident.

Coroner Brewer Mills said it was quite possible someone was with Axelsson and that the body could have floated downstream. Identification of Axelsson was made from a billfold found on a rock jutting out into the water.
