

NO, MAM -- THIS ISN'T A SALE... IT'S BETTER!

The truth of the matter is that these are our regular new low prices on our 1955 Automatic Washers and Dryers. We are not overstocked — GE is not overstocked — There is no emergency — We do not have to raise money to pay our bills — Business is fine — We are not moving — Going out of business or anything else — It is our job to bring you the best possible merchandise at the lowest possible prices and at the same time include the maximum number of extra services.

General Electric LOWERS Washer and Dryer Prices!

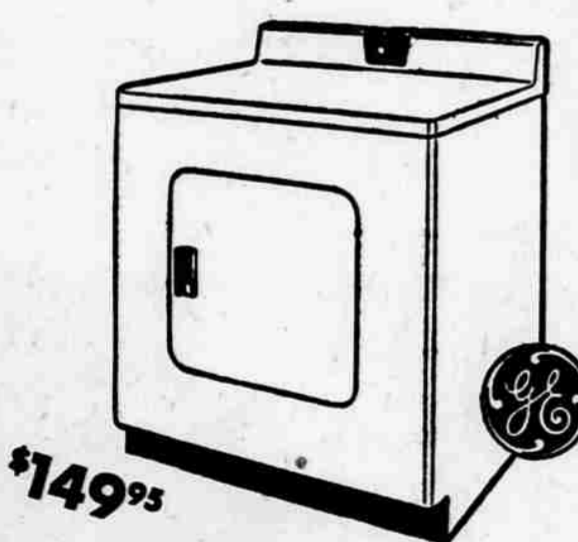

This is a brand new fully automatic 1955 model General Electric washer.

It fills with water and goes through all of the washing and spinning cycles automatically.

It is a full sized model that will do a large family wash.

Of course General Electric has eliminated most of the chrome trim and some of the extra features that make our other washers worth more money — But this is a mechanically good machine at a very low price.

These are new models and they are still hard to get. We have only 20 of the washers for sale right now!

This new 1955 model General Electric Dryer matches the above washer.

These two appliances make a matching pair that will do a good job of clothes washing and drying for any family.

Of course this dryer is not as attractive in appearance as our more deluxe models — But

it will dry just as many clothes just as dry as our other clothes dryers.

New model WH-450 General Electric Automatic washer	\$199.95
Down	\$ 19.95
Balance	\$180.00
24 monthly payments of ..	\$ 8.89
