

# Sen. George Declares UN Charter Revision Unwise at This Time

Washington — (U.P.) — Chairman Walter F. George of the Senate Foreign Relations committee said Saturday it would be "unwise" for the U. S. to press for an immediate United Nations charter review conference.

The Georgia Democrat said he thought it would be "very difficult" to get a charter review conference under present conditions that would be productive.

George told newsmen that perhaps "by next year" conditions will have stabilized enough for a conference "with some hope of strengthening the charter."

**Hearings On Proposal**

A foreign relations subcommittee also headed by George has been holding hearings on proposals for revising the charter.

Mrs. Eleanor Roosevelt Friday agreed generally with testimony earlier in the week by former President Harry S. Truman and Herbert Hoover that a helpful charter revision would be difficult under present conditions.

Mrs. Roosevelt and Mr. Truman both warned that a full dress charter review conference now might do more harm than good.

Under the U. N. charter, the question of calling a charter revision conference is automatically on the agenda of the U. N. General Assembly for this fall because 10 years have elapsed since the charter was approved. Member states will decide whether they want such a meeting.

**No Prediction Made**

George would not predict what the subcommittee will recommend when it winds up hearings and prepares a report later this year. But he said he sees little chance of a charter revision.

# Gambling Raids in San Francisco Net 161; Inquiry Set

San Francisco — (U.P.) — Three special squads of police and Dist. Atty. Thomas C. Lynch staged a series of synchronized raids late Friday night and early Saturday to clamp down on gambling in San Francisco.

When the final raid was concluded at 5:15 a.m., the special police had arrested 161 persons, confiscated \$14,000 in cash and checks, and seized 35 knives and six guns.

The raids took place in the northern, southern and central police districts, but none of the police in these stations were informed of the raids until they were underway. The special squads were composed entirely of members of the homicide squad, plus Captain of Inspectors James English.

Police Chief Michael Gaffey said he would order an investigation as to why the gambling joints were operating. He said he would demand written reports from personnel at the three stations.

# Eisenhowers Relax At New Farm Home

Gettysburg, Pa. — (U.P.) — President and Mrs. Eisenhower relaxed at their farm home Saturday their first day together in two weeks.

The President arrived from Washington Friday night and was to remain until today. His departure from the capital was delayed by a last-minute meeting with Adm. Robert B. Carney, chief of naval operations, and Undersecretary of State Herbert Hoover. Hoover is acting secretary of state while John Foster Dulles is vacationing briefly in Canada.

# Texan Charged With Raiding Liquor Truck

Dallas, Tex. — (U.P.) — Mark Barnes, 38, of Dallas, was held in county jail Saturday on charges of helping hijack a \$21,000 load of liquor in Louisiana and selling it in dry Oklahoma.

Barnes denied the charge and refused to waive extradition. A hearing on the extradition was scheduled.

Barnes' bond was set at \$85,000.

Maj. Louis Heard of the Louisiana State Police said none of the liquor had been recovered, but that some of the loot had been traced into Oklahoma.

The load of 530 cases of liquor was en route from Baton Rouge, La., to Vicksburg, Miss., when three men stopped the driver April 5, they put the driver out of the truck and drove away with it.

The truck was later recovered near the Texas-Louisiana line, north of Shreveport, La., some 90 miles from the hijacking scene.

# Actress Gail Russell Fined for Hit-Run

Hollywood — (U.P.) — Actress Gail Russell was fined \$50 Friday following her conviction of misdemeanor hit-run driving in a traffic accident Feb. 11.

The dark-haired actress, ex-wife of actor Guy Madison, was reported suffering from hepatitis and did not appear in court. Her attorney, David Hyeler Jr., submitted her case to Municipal Judge Parks Stilwell, who found her guilty.

Miss Russell, 30, was charged with ramming the rear of a car driven by Leonard Deutsch, 29, of North Hollywood, and then leaving the scene of the accident.

Here's something to try on your friends as a before-supper treat. Take six thin slices of salami and roll each with a cheese spread. Cover in jelly-roll fashion, and wrap each roll in waxed paper. Chill in your refrigerator. Then cut into 3-8 inch slices and serve on a pick. They're tasty and so easy to make.

# U.S. Must Stand Ground, Deputy Secretary Says

Boca Raton, Fla. — (U.P.) — Deputy Secretary of Defense Robert B. Anderson said Saturday that the United States must do more than stand its ground in the arms race in order to defeat Communism.

The most that can be done in the arms race, Anderson said, is to neutralize Russia's use of military force as an instrument of its "aggressive policy."

But beyond that, he said, other factors in the power balance — "economic, diplomatic, psychological and moral" — become even more important.

Anderson spoke before a meeting of the Americans Association of Advertising Agencies.

A female house fly can lay from 600 to 1,000 eggs during her lifetime.

# Foreign Nations to Get Salk Vaccine Formula

Washington — (U.P.) — The State department expects in the next few days to begin sending to about 75 nations the formula of the Salk polio vaccine and the University of Michigan evaluation report.

Russia and other Communist nations will be among those receiving the information.

The move is being taken on instructions from President Eisenhower as a gesture of good will. Officials said transmission of the polio vaccine information is primarily "symbolic" because the Salk formula has been known to medical authorities abroad for some months.

# Grange Sells Valley Grange

Master Ralph James presided at the last meeting of Sams Valley Grange. Elwood Abbott reported on the annual meeting of the Sams Valley-Beagle Soil Conservation District held at the Eagle Point Grange hall.

Emmett Nealon reported a sellers market in hay at this time.

Mr. and Mrs. Walter Miller and Mr. and Mrs. Robert Galoway served refreshments.

Next meeting will be held Tuesday, April 26. Lecturer's hour will start at 8 p.m. The Thomas Ambrases and Gilbert Macks are in charge of refreshments.

# Defense Testimony In Hank Case Ends As Trial Recessed

Portland — (U.P.) — Wey Him Fong, who with his wife, Sherry, is accused of murdering 16-year-old Diane Hank, ended his defense testimony here Friday afternoon.

"Did you kill Diane Hank?" was the final question asked by defense attorney Irvin Goodman. "No sir," Fong answered.

Fong also denied that he had asked Pio Reigo, a prosecution witness earlier in the week, to help move a body from Fong's basement, and that he threatened to kill Reigo if he told anybody of the disclosure.

Prosecutor Howard Lonergan cross-examined the defendant questioning Fong about his background and the details of his arrest on the first degree murder charge.

Trial was recessed for the weekend following testimony from two additional defense witnesses.

Diane's body was found wrapped in blankets beside the Evergreen highway near Washougal, Wash., in February of last year.

# No Reply From Chou On U.S. Prisoners, Rep. Powell States

Bandung, Indonesia — (U.P.) — Rep. Adam Clayton Powell (D-NY) said Saturday Chinese Communist Premier Chou En-lai had not replied to two requests for a meeting to discuss the return of American airmen imprisoned by Peiping on spy charges.

He defended his action at a press conference Saturday and said he did not believe his efforts would "wreck" United Nations negotiations to release the fliers.

**Faces Questions**

Powell faced a critical barrage of questions from American reporters who asked him if he was "falsely" raising the hopes of the airmen's families and if he was familiar with the Logan Act which forbids such approaches to a foreign government outside State Department and presidential channels.

He said he did not know whether the families' hopes would be unduly raised but asserted he did not know his letter was to be publicized.

Powell said he was not familiar with the Logan Act.

He said the U. S. State Department did not know he was going to try to see Chou.

# Eisenhowers Relax At New Farm Home

Gettysburg, Pa. — (U.P.) — President and Mrs. Eisenhower relaxed at their farm home Saturday their first day together in two weeks.

The President arrived from Washington Friday night and was to remain until today. His departure from the capital was delayed by a last-minute meeting with Adm. Robert B. Next meeting will be held Tuesday, April 26. Lecturer's hour will start at 8 p.m. The Thomas Ambrases and Gilbert Macks are in charge of refreshments.

# Russian Vets Invite Ex-GIs to Celebration

London — (U.P.) — A group of Russian veterans has invited American ex-GIs to visit Moscow to celebrate the link-up of Soviet and American armies on the Elbe in World War II, Moscow Radio said Saturday.

The Communist broadcast, monitored here, said an organization of World War II veterans who made the historic meeting on April 25, 1945 had sent a cable to the American ex-soldiers who greeted them.

The Russian vets have called the "Organization of American Veterans of the Meeting on the Elbe" asking them to come to Moscow "as soon as possible" for 10th anniversary celebrations, the broadcast said.

# Overage Chinese Troops Scheduled for Discharge

Taipei, Formosa — (U.P.) — Sixty thousand overage and physically unfit soldiers will be discharged from the Chinese Nationalist Army this year and replaced by younger and healthier volunteers and draftees, it was announced Saturday.

The program is designed to "transfuse new blood" into the Chiang Kai-shek defense forces, estimated unofficially to total between 300,000 and 400,000 men.

# Eisenhowers Relax At New Farm Home

Gettysburg, Pa. — (U.P.) — President and Mrs. Eisenhower relaxed at their farm home Saturday their first day together in two weeks.
