

For a grand buy this week-end--try Safeway's "Choice" STANDING RIB ROAST Lb. 69^c

Safeway's unique beef aging program brings you rib roast at its best! Safeway holds beef from 15 to 21 days, at its central meat plant, under constant controlled temperature to bring out peak flavor and tenderness. But, not all grades of beef can be aged. So Safeway buys nothing less than "USDA CHOICE," the grade that offers greatest value. Good reason why Safeway unconditionally guarantees every cut and every kind of meat it sells.

At the store, your Safeway meat man removes all excess fat, bone and waste . . . does this before your roast is weighed to save you money. When he removes the heavy chine and feather bone, he replaces them with a light layer of fat to seal in the juices. And there! You have a heavenly roast, easy to carve, guaranteed to please.
