

**Mother's Day
May 8th**

**MOM'S
THE WORD!**

What are you and the kids going to do for Mother on her day? What are you going to do to make life more pleasant for the gal who does so much every day for you, and the rest of the family?

Mother isn't the type to complain but we know that she hates that hour or so a day when she puts aside her dignity as a wife and mother—to become a scullery maid. There is no other household task that is so dreary as hand dishwashing. Dishwashing is the last job a man will take to keep from starving, and the first job that he will quit. Yet Mother is expected to spend approximately 9½ years of her life washing dishes by hand. Men, would you take a job washing a families dirty dishes for 34c a day? This is all it costs per day to buy a MOBILE MAID DISHWASHER on a two year contract.
