

# GENERAL ELECTRIC

# WAS OUR FACE RED

When we offered these sets to you two weeks ago, and then sold them all out ... and no more available from our usual sources. Well, we have canvassed the entire West Coast and found twenty more . . . and just in time for Mother's Day, too! But, get yours quick . . . they won't last long at this price (as we found out before!).

## PAY NOTHING DOWN!

HERE ON APPROVED CREDIT

We have been advising people to buy 21 inch TV sets for so long that we all but forgot that in many instances a 17 inch set is the only logical set for the customer to buy. This 17 inch GENERAL ELECTRIC TV has the good features such as, aluminized tube, and dark safety glass — as you find on the best 21-inch sets. So if you want a smaller, more compact, high quality TV set . . . we have them this week. If you would like us to hold one of these sets for you, until you can get in, call us at 2-4585.
